Receptacle of the Sacred Jinah Kim, 2013-04-12 In considering medieval illustrated Buddhist manuscripts as sacred objects of cultic innovation *Receptacle of the Sacred* explores how and why the South Asian Buddhist book cult has survived for almost two millennia to the present A book manuscript should be understood as a form of sacred space a temple in microcosm not only imbued with divine presence but also layered with the memories of many generations of users Jinah Kim argues that illustrating a manuscript with Buddhist imagery not only empowered it as a three dimensional sacred object but also made it a suitable tool for the spiritual transformation of medieval Indian practitioners Through a detailed historical analysis of Sanskrit colophons on patronage production and use of illustrated manuscripts she suggests that while Buddhism's disappearance in eastern India was a slow and gradual process the Buddhist book cult played an important role in sustaining its identity In addition by examining the physical traces left by later Nepalese users and the contemporary ritual use of the book in Nepal Kim shows how human agency was critical in perpetuating and intensifying the potency of a manuscript as a sacred object throughout time

A Monastery on the Move Uranchimeg Tsultemin, 2020-12-31 In 1639 while the Geluk School of the Fifth Dalai Lama and Qing emperors vied for supreme authority in Inner Asia Zanabazar 1635-1723 a young descendent of Chinggis Khaan was proclaimed the new Jebtsundampa ruler of the Khalkha Mongols Over the next three centuries the ger yurt erected to commemorate this event would become the mobile monastery Ikh Khuree the political seat of the Jebtsundampas and a major center of Mongolian Buddhism When the monastery and its surrounding structures were destroyed in the 1930s they were rebuilt and renamed Ulaanbaatar the modern day capital of Mongolia Based on little known works of Mongolian Buddhist art and architecture *A Monastery on the Move* presents the intricate and colorful history of Ikh Khuree and of Zanabazar himself an eminent artist Author Uranchimeg Tsultemin makes the case for a multifaceted understanding of Mongol agency during the Geluk's political ascendancy and the Qing appropriation of the Mongol concept of dual rulership shashin tr as the nominal Buddhist Government In rich conversation with heretofore unpublished textual archeological and archival sources including ritualized oral histories Uranchimeg argues that the Qing

emperors Buddhist Government was distinctly different from the Mongol vision of sovereignty which held Zanabazar and his succeeding Jebtsundampa reincarnates to be Mongolia's rightful rulers This vision culminated in their independence from the Qing and the establishment of the Jebtsundampa's theocratic government in 1911 A groundbreaking work *A Monastery on the Move* provides a fascinating in depth analysis and interpretation of Mongolian Buddhist art and its role in shaping borders and shifting powers in Inner Asia **Being Human in a Buddhist World** Janet Gyatso, 2015-01-20 Critically exploring medical thought in a cultural milieu with no discernible influence from the European Enlightenment *Being Human in a Buddhist World* reveals an otherwise unnoticed intersection of early modern sensibilities and religious values in traditional Tibetan medicine It further studies the adaptation of Buddhist concepts and values to medical concerns and suggests important dimensions of Buddhism's role in the development of Asian and global civilization Through its unique focus and sophisticated reading of source materials *Being Human* adds a crucial chapter in the larger historiography of science and religion The book opens with the bold achievements in Tibetan medical illustration commentary and institution building during the period of the Fifth Dalai Lama and his regent Desi Sangye Gyatso then looks back to the work of earlier thinkers tracing a strategically astute dialectic between scriptural and empirical authority on questions of history and the nature of human anatomy It follows key differences between medicine and Buddhism in attitudes toward gender and sex and the moral character of the physician who had to serve both the patient's and the practitioner's well being *Being Human in a Buddhist World* ultimately finds that Tibetan medical scholars absorbed ethical and epistemological categories from Buddhism yet shied away from ideal systems and absolutes instead embracing the imperfectability of the human condition

published in 2002 Since antiquity through to the present architecture and the pictorial arts paintings photography graphic arts have not been rigidly separated but interrelated the one informing the other and establishing patterns of creation and reception In the Classical tradition the education of the architect and artist has always stressed this relationship between the arts although modern scholarship has too often treated them as separate disciplines These volumes explore the history of this exchange between the arts as it emerged from classical theory into artistic and architectural practice Issues of visual representation perspective allegory site specificity ornamentation popular culture memorials urban and utopian planning and the role of treatises manifestos and other theoretical writings are addressed as well as the critical reaction to these products and practices This title represents a variety of methods approaches and dialectical interpretations cases where architecture informs the themes and physical space of pictures or pictorial concerns inform the design and construction of the built environment The exchanges between architecture and pictures explored by these authors are found to be in all cases ideologically potent and therefore significantly expressive of their respective social political and intellectual histories

and handheld objects lend deep insight into the symbolism and roles of each goddess In addition to being a comprehensive reference this book traces the fascinating history of these goddesses as they evolved through the early Mahayana and Tantric movements in India and found a place in the pantheons of Tibet and Nepal Publisher s website **The Tibet Journal (Vol. XLVIII, No. 1, Spring/Summer 2023) ,2023-01-01**
