## Saddlers Wells:

**Sadler's Wells - Dance House** Sarah Crompton, 2013-05-08 Sadler's Wells is the world's leading Dance House. Sadler's Wells has developed new audiences for dance, this powerful and emotive art for performances shown within its theatre spaces and outside in fact around the world. What makes Sadler's Wells different is its determination to nurture world class artists like Akram Khan, Sylvie Guillem, Wayne McGregor, Matthew Bourne, Jasmin Vardimon, the Ballet Boyz and Hofesh Shechter using its unique vision, style and creativity to put together choreographers, dancers, lighting and stage designers, composers and other artists to make dance that is wildly exciting, new and different. Sadler's Wells Dance House looks at the making of some of the most iconic dance works of this century and into the mix of dancers, choreographers and creators. Sadler's Wells has helped inspire. Including insightful analysis of this phenomenon by Sarah Crompton, arts editor in chief and dance critic for the Sunday Telegraph and colour photographs of many of those works. Sadler's Wells Dance House gives a clear view both of the creative process of the Sadler's Wells artists and of the role this legendary theatre has played in remaking and reshaping dance for the 21st century. Selected as a Illustrated Book of the Week by the Daily Mail, May 2013. **A Biographical Dictionary of Actors, Actresses, Musicians, Dancers, Managers & Other Stage Personnel in London, 1660-1800** Philip H. Highfill, Kalman A. Burnim, Edward A. Langhans, 1973. Like the works already published, these latest volumes of the Biographical Dictionary deal with theatre people of every ilk ranging from dressers and one performance actors to trumpeter John Shore, inventor of the tuning fork and the incomparable Sarah Siddons. Also prominent is Susanna Rowson, a novelist, actress and early female playwright. Although born into a British military family, Rowson often wrote plays that dealt with patriotic American themes and spent much of her career on the American stage. The theatrical jewel of these volumes is the divine Sarah Siddons. She raised the tragedy to the skies, wrote William Hazlitt and embodied to our imagination the fables of mythology of the heroic and dignified mortals of elder time. She endured much tragedy herself, including a crippling debilitating illness and the deaths of five of her seven children. Siddons played major roles in both comedy and tragedy, not the least of which was a performance as Hamlet. **"Theatre World" Guide to the Sadler's Wells Ballet** Audrey Williamson, 1945. *Sadler's Wells Theatre from Its Beginnings to the End of Samuel Phelps's Shakespearean Productions in 1862* Joan Sandra Fleckenstein, 1968. *The Sadler's Wells Theatre Ballet* Hugh Fisher, 1956. *The Story of Sadler's Wells, 1683-1964* Dennis Arundell, 1965. *Old "Sadler's Wells"* Edwin Fagg, 1935. *Sadler's Wells Theatre ... P. Wearing,2014-05-15 Theatre in London has celebrated a rich and influential history and in 1976 the

first volume of J P Wearing's reference series provided researchers with an indispensable resource of these productions. In the decades since the original calendars were produced, several research aids have become available, notably various reference works and the digitization of important newspapers and relevant periodicals. The second edition of *The London Stage 1930-1939: A Calendar of Productions, Performers, and Personnel* provides a chronological calendar of London shows from January 1930 through December 1939. The volume chronicles more than 4,250 productions at 61 major central London theatres during this period. For each production, the following information is provided: Title, Author, Theatre, Performers, Personnel, Opening and Closing Dates, Number of Performances. Other details include genre of the production, number of acts, and a list of reviews. A comment section includes other interesting information such as plot description, first night reception by the audience, noteworthy performances, staging elements, and details of performances in New York, either prior to or after the London production. Among the plays staged in London during this decade were *The Barretts of Wimpole Street*, *French without Tears*, *George and Margaret*, *The Greeks Had a Word for It*, *Laburnum Grove*, *Lady Precious Stream*, *The Late Christopher Bean*, *Love on the Dole*, *Me and My Girl*, *Private Lives*, and *1066 and All That*, as well as numerous musical comedies, British and American foreign works, operas, ballets, and revivals of English classics. A definitive resource, this edition revises, corrects, and expands the original calendar. In addition, approximately 20 percent of the material in particular information of adaptations and translations, plot sources, and comment information is new. Arranged chronologically, the shows are fully indexed by title, genre, and theatre. A general index includes numerous subject entries on such topics as acting, audiences, censorship, costumes, managers, performers, prompters, staging, and ticket prices. *The London Stage 1930-1939* will be of value to scholars, theatrical personnel, librarians, writers, journalists, and historians.

**British Music and the French Revolution** Paul F. Rice, 2010-04-16. *British Music and the French Revolution* investigates the nature of British musical responses to the cataclysmic political events unfolding in France during the period of 1789-1795, a time when republican and royalist agendas were in conflict in both nations. While the parallel demands for social and political change resulted from different stimuli and were resolved very differently, the 1790s proved to be a defining period for each country. In Britain, the combination of a protracted period of Tory conservatism and the strong spirit of patriotism, which swept the nation, had a profound influence on the arts. There was an outpouring of concert and theatrical music dealing with the French Revolution and the subsequent war with France. While patriotic songs might be expected when a country is at war, the number of recreations on the London stages of events taking place on the Continent may surprise. Initially, such topical subjects were restricted to the summer or minor theatres; however, government restrictions were relaxed after 1793, giving Londoners the opportunity to see topical theatre in the royal or patent theatres as well. The resulting repertoire of plays and recreations, often propagandist in nature, made considerable use of music, and those performed in the minor theatres were all sung. Consequently, there exists a large repertoire of music which has been little studied.

Revolution investigates this repertoire within a social and political context Initial chapters examine the historical relationship between France and Britain from a musical perspective the powerful symbols of national identity in both countries and the complex laws that governed commercial theatres in London Thereafter the materials are presented in a chronological fashion starting with the fall of the Bastille in 1789 and the F te de la F d ration in 1790 The period of the Captivity was one of growing tension and fear in both France and Britain as war became an ever increasing threat between the two nations Two subsequent chapters examine the war years of 1793 until first half of 1795 The choice of a five year period allows the reader to follow British musical reactions to the fall of the Bastille and subsequent events up to the rise of Napol on

**Opera for Everybody** Susie Gilbert, 2011-03-03 Susie Gilbert traces the development of ENO from its earliest origins in the darkest Victorian slums of the Cut where it was conceived as a vehicle of social reform through two world wars and via Sadler s Wells to its great glory days at the Coliseum and beyond Setting the company s artistic achievements within the wider context of social and political attitudes to the arts and the ever changing theatrical style Gilbert provides a vivid cultural history of this unique institution s 150 years Inspired by the idealism of Lilian Baylis the company has been based on the belief that opera in the vernacular can not only reach out to even the least privileged members of society but also create a potent and immediate communication with its audience With full access to ENO s archive Gilbert has unearthed a rich range of material and held numerous interviews with a fascinating array of personalities to weave an absorbing tale of life both in front and behind the scenes of ENO as it developed over the years
