Abstract. "The Sadeian Woman: An Exercise in Cultural History" is Angela Carter's non-fictional work¹. It consists of a historical and cultural analysis of Le Marquis de Sade's *Justine or The Misfortunes of Virtue*, and *Juliette or The Prosperities of Vice*². The book exhibits the lives of two antithetical sisters: the virtuous Justine versus the vicious Juliette.

The ethical Justine strives to preserve her virtue, after the death of her parents. As a reward, she submits to violence, torture, rape, and accusations. Even though the law has been unjust to Justine, she refuses to commit a transgression. With regards to Juliette, she inflicts suffering and commits violence against humanity in order to make her own fortune. She is a libertine who follows her sexual and material gain at the expense of ethics.

Contrary to Justine, who is a martyred female, Juliette is the source of all criminal acts. She does not submit to the law. She is in dishonest complicity with the lawmakers, who provide her with unjustified lawful protection. Justine's attachment to her moral virtue ends with her death, while Juliette's corrupt mind provides her with a successful career within a discriminatory world in which violence supersedes ethics.

Keywords: ethics, violence, new woman, libertine, Justine, Juliette, heart, rationality

Picaresque Fiction Today Luigi Gussago examines the development of the picaresque in contemporary Anglophone and Italian fiction Far from being an extinct narrative form confined to the pages of its original Spanish sources or their later British imitators the tale of roguery has been revisited through the centuries from a host of disparate angles Throughout their wanderings picaresque antiheroes are dragged into debates on the credibility of historical facts gender mystifications rational thinking or any simplistic definition of the outcast Referring to a corpus of eight contemporary novels the author retraces a textual legacy linking the traditional picaresque to its recent descendants with the main purpose of identifying the way picaresque novels offer a privileged insight into our sceptical times Cover illustration by Eugene Ivanov *Night Airing* 2007

Naked Exhibitionism Claire Nally, Angela Smith, 2013-03-19 What does it mean to be naked in public Approaching this question from across the disciplines this book examines the evolution of female exhibitionism from criminal taboo to prime time entertainment Taking an interdisciplinary approach which brings together all fields of popular culture including literature media film and linguistics Claire Nally and Angela Smith offer an examination of gendered exhibitionism from the mid twentieth century to the present day They ask whether bodily exposure provides the liberation it professes to or restricts our most secret selves to the sanitised realm of socially sanctioned gender roles From the art of burlesque as a riotous kingdom of the imagination to reality TV which helps women to unearth their true and buried feminine selves Nally and Smith explore how the critical history and theory of exhibitionism intersects with the wider movement towards gender equality Examining effects of second wave feminism to problematise the naked female form female and gender transgressive performers from Bette Davis to Dita von Teese are placed in their cultural context In order to demonstrate that female exhibitionism remains at the heart of popular culture this book also examines the works of Peter Ackroyd and the

controversial playwright Sarah Kane uncovering the contradictions behind evolving representations of public exposure Within a post feminist framework the cultural constructions behind the repackaging of female exhibitionism are explored and the prominence of bodily exposure in popular culture examined along with the implications of those artists who perform gender as a public masquerade Finally hit TV shows *Ladette to Lady* and *How to Look Good Naked* are interrogated to expose the buried contradictions behind this public unveiling are women seizing control of their own identity or is this revelation an illusion Innovative unflinching and pertinent *Naked Exhibitionism* explores naked bodies in the public gaze and critically reformulates the feminist and cultural debate around the performance of gender **The Reign of Anti-logos**

David Hawkes, 2020-11-24 The concept of performativity has risen to prominence throughout the humanities The rise of financial derivatives reflects the power of the performative sign in the economic sphere As recent debates about gender identity show the concept of performativity is also profoundly influential on people's personal lives Although the autonomous power of representation has been studied in disciplines ranging from economics to poetics however it has not yet been evaluated in ethical terms This book supplies that deficiency providing an ethical critique of performative representation as it is manifested in semiotics linguistics philosophy poetics theology and economics It constructs a moral criticism of the performative sign in two ways first by identifying its rise to power as a single phenomenon manifested in various different areas and second by locating efficacious representation in its historical context thus connecting it to idolatry magic usury and similar performative signs The book concludes by suggesting that earlier ethical critiques of efficacious representation might be revived in our own postmodern era **The World Of Hannah More**

Patricia Demers, 2021-11-21 History has not been kind to Hannah More This once lionized writer and activist the most influential female philanthropist of her day is now considered by many to be the embodiment of pious morality and reactionary anti feminism Largely because of her belief in separate spheres for men and women More has been vilified by modern day feminists The first biography to examine the complete range of her life and work *The World of Hannah More* depicts the author as a forceful voice in her own day and one who from the point of view of plain justice today deserves a more nuanced treatment Without denying the problems More presents for modern readers Patricia Demers has produced a balanced revisionist study of a woman enormously influential in late eighteenth and early nineteenth century England By examining the career of this cultural warrior situating her major texts in relation to contemporaries and addressing her published writing philanthropic activities and voluminous correspondence Demers anchors *The World of Hannah More* in the work itself an appropriate and just response to a woman who took pride in living to some purpose Trying to deal justly with More and her female moral imperialism requires admitting both the expansiveness and the limitations of her charity methodology and vision Without venerating or trivializing Demers pursues the doubleness and contradictions of More's largely neglected or superficially mined works from the determined experiments of the earliest plays to the poignantly revealing essays on practical piety Christian morals and Saint Paul

Which Way is Up? R. W. Connell, 2023-07-21 First published in 1983 *Which Way is Up* presents a selection of Bob Connell's writings on three key issues of modern social analysis sex and gender class and power and culture The essays range from psychoanalysis and contemporary feminism to the role theory from the analysis of class and culture to the debate about intellectuals and the new class In critically reviewing contemporary thought on these issues the author has developed a perspective centred on the analysis of social practice Easy to read often witty the essays represent an attempt to shift social theory into the real world of the late twentieth century to go beyond the limits of orthodox sociology and radical dogmas to think through theoretical questions without losing touch with practical politics This is a must read for students and scholars of sociology

Rewriting/Reprising Georges Letissier, 2009-10-02 This volume comprises sixteen essays preceded by an introductory chapter focusing on the diverse modalities of textual and more widely artistic transfer Whereas the first *Rewriting/Reprising* volume coord by C Maisonnat J Paccaud Huguet its subversive potential is perceptible notably through its many attempts at emancipating the genre from the ideological fetters of gender Over the past two decades Victorian literature and culture has become an inescapable field of investigations to any study on intertextuality in the English speaking world In a second part diversity has been preferred to any single specific angle to approach the Victorian neo Victorian tropism The purpose is to provide as complete a spectrum as is reasonably possible in such a volume The practice of rewriting in the Victorian age is thus studied alongside contemporary appropriations of the Victorian canon The question is raised of whether literary fetishism may not result in a form of counterfeit classicism while the more challenging neo Victorian rewritings would make a claim for the need to choose one's literary heritage and ancestors This is where the post colonial agenda comes in Precisely the third part investigates the question of rewriting reprising as a way of writing back The myth of Frankenstein's creature bent on wreaking vengeance on his creator is of course seminal as it offers a myth of transgression which in its turn becomes a foundation myth Not only are post colonial responses to their disclaimed parent texts highly theory informed but they also evince an awareness of such contemporary issues which are direct consequences of the colonial past In the last section of this volume the scope of what comes within the range of intertextuality per se is widened to cover artistic dialogism In the exchanges between theatrical texts reprise may be construed as a metaphor standing for the pleasure inherent in the process of recreation The interaction between embedded paintings and the embedding canvas offers yet another variation on the reprise motif as does the meta aesthetic

discourse of the critic on the work of art What begins as mere repetition is soon colored by the personal inflections of the interpreter In operatic performances updating a classical text to make it suitable to contemporary audiences and in close harmony with the role assigned to music is liable to spur on the creativity of recreation

Angela Carter: Surrealist, Psychologist, Moral Pornographer Scott Dimovitz, 2016-03-02

Contributing to the conversation regarding Angela Carter's problematic relationship with what she viewed as the interrelated traditions of surrealism and psychoanalysis Scott Dimovitz explores the intricate connections between Carter's private life and her public writing He begins with Carter's assertion that it was through her sexual and emotional life that she was radicalized drawing extensively on the British Library's recently archived collection of Carter's private papers journals and letters to show how that radicalization happened and what it meant both for her worldview and for her writings Through close textual analysis and a detailed study of her papers Dimovitz analyzes the ways in which this second wave feminist's explorations of sexuality merged with her investigations into surrealism and psychoanalysis an engagement that ultimately led to the explosively surreal allegories of Carter's later more complex and more accomplished work His study not only offers

a new way to view Carter's oeuvre but also makes the case for the importance of Angela Carter's vision in understanding the transformations in feminist thinking from the postwar to the postfeminist generation
