O'Leary, 2009-06-26 Some might think that the 27 thousand tons of material launched by earthlings into outer space is nothing more than floating piles of debris However when looking at these artifacts through the eyes of historians and anthropologists instead of celestial pollution they are seen as links to human history and heritage Space The New Frontier for Ar **How Antigravity Built the Pyramids** Nick Redfern, 2022 Throughout history folklore and mystery tales have circulated of massive stones being moved through the air effortlessly by sound Bizarre Well yes it is That doesn't take away the fact that sound was and still remains the key to the construction of the pyramids of Egypt Stonehenge the stone figures of Easter Island and the massive stones at Baalbek Lebanon Were they the work of ancient humans or of equally ancient extraterrestrials back cover **Skywatchers, Shamans & Kings** E.C. Krupp, 1999-02-26 Discover the celestial myths and cosmic rituals of ancient priests and kings Drawing on intimate knowledge of the more than 1 300 ancient sites he has visited E C Krupp acclaimed writer and preeminent researcher takes you to the world's essential sacred places and celestial shrines Join him on a rich narrative journey to see where the rulers of old communed with the gods of the sky Highly recommended to everyone interested in the culture of astronomy and those peoples who practiced it in their own ways Sky Telescope A lively account of the ways in which our ancestors conceived of and used the heavens New Scientist There can be no doubt that this imaginative and readable work by a widely read and widely traveled author will strike a chord in the minds of a great many modern readers Isis The fact that the book is written by an expert in his field comes through on every page as does his enthusiasm for the subject Astronomy Now Krupp's indispensable volume is fascinating well illustrated and covers much territory Parabola *The Occult in National Socialism* Stephen E. Carlson, 1977 *Lucifer Ascending* Bill Ellis, 2021-05-11 Despite their centuries old history and traditions witchcraft and magic are still very much a part of modern Anglo American culture In *Lucifer Ascending* Bill Ellis looks at modern practices that are universally defined as occult from commonplace habits such as carrying a rabbit's foot for good luck or using a Ouija board to more esoteric traditions such as the use of spell books In particular Ellis shows how the occult has been a common element in youth culture for hundreds of years Using materials from little known publications and archives *Lucifer Ascending* details the true social function of individuals dabbling with the occult In his survey of what Ellis terms vernacular occultism the author is poised on a middle ground between a skeptical point of view that defines belief in witchcraft and Satan as irrational and an interpretation of witchcraft as an underground religion opposing Christianity *Lucifer Ascending* examines the occult not as an alternative to religion but rather as a means for ordinary people to participate directly in the mythic realm **Grid of the Gods** Joseph P. constructed with quartz and iron rich stones with electrical conduction properties minerals also found atop Aztec temple and inside crop circles These stones according to the author served as dry cell batteries when heated and stressed and supplied energy to the builders traveling vehicles Most interestingly the author has tested his theory on today s crop circles The Gods Machines is certain to stimulate debate among readers interested in alternative history ancient civilization and extraterrestrial intelligence *The Ohio Journal of Science* ,1978 Includes book reviews and abstracts
