Hall, 2010-01-01 Acclaimed by Publishers Weekly as a classic reference dizzying in its breadth this volume explores the themes underlying ancient mythology philosophy and religion Hundreds of entries range from esoteric elements of Islamic and Christian history to

arcane rituals practiced by Druids Freemasons alchemists and other secret societies 16 pages of color plates 100 black and white illustrations      **Gypsy Identities 1500-2000** David Mayall,2004-03-01 Gypsies have lived in England since the early sixteenth century yet considerable confusion and disagreement remain over the precise identity of the group The question Who are the Gypsies is still asked and the debates about the positioning and permanence of the boundary between Gypsy and non Gypsy are contested as fiercely today as at any time before This study locates these debates in their historical perspective tracing the origins and reproduction of the various ways of defining and representing the Gypsy from the early sixteenth century to the present day Starting with a consideration of the early modern description of Gypsies as Egyptians land pirates and vagabonds the volume goes on to examine the racial classification of the nineteenth century and the emergence of the ethnic Gypsy in the twentieth century The book closes with an exploration of the long lasting image of the group as vagrant and parasitic nuisances which spans the whole period from 1500 to 2000      Revolution in Paradise Yehuda Moraly,2019-11-01 The era of the German Occupation of France constituted surprisingly a golden age for the arts literature theater popular music and cinema These works of art seem to be devoid of political impact The widespread trend of unrealistic and fantastic art during this period is explained by some scholars as the artists escape from the omnipotent eye of German censorship The purpose of the book is to show that contrary to the accepted view some of these films were intimately linked to the political situation They convey the demonization of characters that while not specifically presented as Jews nevertheless manifested anti Semitic stereotypes of the Jew as ugly rootless low hypocritical immoral cruel and power hungry All five movies analysed Les Inconnus dans la maison dir Henri Decoin 1942 Les Visiteurs du Soir dir Marcel Carne 1942 L Eternel retour dir Jean Delannoy 1943 Les Enfants du Paradis dir Marcel Carne 1943 present characters not identified as Jews but who exhibit negative Jewish traits in contrast to the aristocratic characters whom they aspire to emulate They demonstrate implicitly central themes of explicit anti Semitic propaganda Yehuda Moraly addresses two current major misconceptions regarding the Cinema of Occupied France 1 that the accepted view that there were almost no explicitly Jewish characters in the cinema of that time and place is patently incorrect and 2 that the feature films of Occupied France were not as it is commonly thought free of the propaganda messages that permeated the press the radio and documentary films Analysis of these films brings out the contradictory nature of European anti Semitism On one hand the Jew is the anti Christ throttling the world with disgusting materialism while on the other hand he is representative of an ancestral stifling morality which it is time to abolish      *Temple Secrets Series* Susan Gabriel,2019 A Southern estate A family divided And a book of secrets that could topple them all In the sultry streets of Savannah the Temple women have guarded their family legacy for generations But when eccentric matriarch Iris Temple must choose an heir for her sprawling estate and the century old book of secrets that keeps their grip on high society the cracks in the family begin to show Between her scheming son estranged daughter and illegitimate half sister Iris s options are slim Add in the voodoo magic of her father s

**The Secret Teachings of All Ages** Manly Palmer Hall, 2020-09-28 NUMEROUS volumes have been written as commentaries upon the secret systems of philosophy existing in the ancient world but the ageless truths of life like many of the earth's greatest thinkers have usually been clothed in shabby garments The present work is an attempt to supply a tome worthy of those seers and sages whose thoughts are the substance of its pages To bring about this coalescence of Beauty and Truth has proved most costly but I believe that the result will produce an effect upon the mind of the reader which will more than justify the expenditure Work upon the text of this volume was begun the first day of January 1926 and has continued almost uninterruptedly for over two years The greater part of the research work however was carried on prior to the writing of the manuscript The collection of reference material was begun in 1921 and three years later the plans for the book took definite form For the sake of clarity all footnotes were eliminated the various quotations and references to other authors being embodied in the text in their logical order The bibliography is appended primarily to assist those interested in selecting for future study the most authoritative and important items dealing with philosophy and symbolism To make readily accessible the abstruse information contained in the book an elaborate topical cross index is included I make no claim for either the infallibility or the originality of any statement herein contained I have studied the fragmentary writings of the ancients sufficiently to realize that dogmatic utterances concerning their tenets are worse than foolhardy Traditionalism is the curse of modern philosophy particularly that of the European schools While many of the statements contained in this treatise may appear at first wildly fantastic I have sincerely endeavored to refrain from haphazard metaphysical speculation presenting the material as far as possible in the spirit rather than the letter of the original authors By assuming responsibility only for the mistakes which may appear herein I hope to escape the accusation of plagiarism which has been directed against nearly every writer on the subject of mystical philosophy Having no particularism of my own to promulgate I have not attempted to

twist the original writings to substantiate preconceived notions nor have I distorted doctrines in any effort to reconcile the irreconcilable differences present in the various systems of religio philosophic thought The entire theory of the book is diametrically opposed to the modern method of thinking for it is concerned with subjects openly ridiculed by the sophists of the twentieth century Its true purpose is to introduce the mind of the reader to a hypothesis of living wholly beyond the pale of materialistic theology philosophy or science The mass of abstruse material between its covers is not susceptible to perfect organization but so far as possible related topics have been grouped together     **The Committee** Raymond Buckland,1994-02 In The Committee world famous author Raymond Buckland brings his writing talents to the world of fiction for a rip roaring tale of espionage parapsychology and an attempt to conquer the U S The Cold War may be over for most of us but what if there were some die hard believers in their cause who won t let the Cold War end What if their weapons range from the leading edge of high tech destruction to the ancient powers of the mind That is exactly what takes place in this exciting novel In the world of The Committee the Cold War is in full swing and the weapons of power include astral projection and psychokinesis The battleground is on the earth in space and on the astral plane The prize for this war is the very future of the United States It begins with just a slight irregularity Stopping a satellite launch is not unusual but when two routine communications satellite launches are aborted for no reason the government does something very secretive it forms the Committee a team of psychic experts to find out what caused the missions to be halted As this group of talented people from around the nation begins what would become the supernatural adventure of a lifetime they discover a plan by incredibly powerful psychics under the control of an evil dictator to control the U S Unfortunately they have only days to stop the coup Can this group of strangers drawn together for a common cause defeat the most powerful enemy ever There is but one chance and that is to defeat them at their own game but is there enough time Surprise follows surprise in this incredible modern day thriller Get The Committee and read it soon
