Securities Regulation In Japan:

Securities regulation in Japan Misao Tatsuta, 1970 *Illusions of Liberalization* Benn Steil, 1995 Rapidly rising share prices in the 1980s served to hide significant inefficiencies in the Japanese securities markets many of which derive directly from the operation of the regulatory system While these inefficiencies are becoming increasingly costly and transparent in the more sober market environment of the 1990s the regulatory structure at the heart of the problem remains fundamentally untouched The European Community meanwhile is working to construct a Community wide regulatory umbrella for securities markets and is in danger of succumbing to the most damaging tendency of the Japanese authorities This is to view the markets not in terms of their ultimate services but rather in terms of the interests of incumbent service providers Directives which are supposed to facilitate free and open cross border competition are instead being used to protect Member State producer interests

Asia-Pacific Legal Development Gerry Ferguson, 2011-11-01 In this age of globalization many legal experts see evidence of swift global movement toward an eventual single world legal system Yet the trend to political and economic integration in some parts of the world is matched by the trend to disintegration in others where strong cultural and political resistance to external influences exists Asia Pacific Legal Development traces current and prospective developments in several legal systems of the Asia Pacific region to make sense of these trends and counter trends The contributing authors represent a wide variety of specialist expertise both public and private and together they encompass the three sectors that constitute a modern system of formal law the economic the behavioural and the civic Taking into account the opinions and perspectives of both indigenous and non indigenous experts on topics ranging from prostitution to constitutional law the book surveys how several ASEAN nations as well as Canada Australia and New Zealand are confronting social economic and legal change In the first three parts chapters are grouped along general sectoral lines to cover economic civic and behavioural themes while in the fourth cross sectoral contexts are addressed With the introduction and concluding chapter the editors provide an overall integrating framework as well as provocative insights into trends in legal development in the Asia Pacific region and on comparative legal research and writing in general Asia Pacific Legal Development is not only an exemplary model for cooperative and comparative legal research and scholarly pluralism but also a rich study of the increasingly relevant issue of convergence and divergence of legal systems with a unique Asian focus
