Security At Sea Naval Forces And Arms Control:

Security at Sea Stockholm International Peace Research Institute, 1990 Since the Second World War five navies are known to have acquired nuclear weapons and naval forces and activities around the world have become increasingly important and dangerous However there has been no serious consideration of naval arms control for more than forty years SIPRI gathered together a group of experts from eight nations to consider the problems of naval forces and the possibilities for arms control This book is a product of that conference and it presents for the first time a broad and detailed assessment of the dangers of the naval arms race problems with arms control possible approaches confidence building measures and verification technologies

Europe and Naval Arms Control in the Gorbachev Era Andreas Fürst, Volker Heise, Steven E. Miller, 1992 For most of the Cold War naval arms control was the forgotten dimension of arms control Beginning in the late 1980s however it has become increasingly prominent in the East West dialogue But it is usually studied from the perspective of Soviet American relations This book examines the subject from a European perspective What role might naval arms control play in the European context What impact might naval arms control have on the interests and perceptions of European states What opportunities for and obstacles to naval arms control exist in Europe The authors address these questions describing the naval interests and attitudes towards naval arms control of European coastal states as well as the Soviet Union and the United States in the Norwegian Baltic and Mediterranean seas

Superpowers at Sea Richard W. Fieldhouse, Shunji Taoka, 1989 The arms race at sea is a dangerous nuclear race which is causing growing international concern and must be brought under control What are the hard facts about the situation This book documents the realities of the competition especially the nuclearization of naval forces and dispels some of the myths surrounding the naval arms race This incisive analysis of naval forces of the East and West concludes that contrary to common perceptions the US and its allies have a considerable military advantage over the Soviet Navy a trend which is expected to continue for the foreseeable future The authors describe in detail the widespread nuclearization of naval forces of all five nuclear navies analyse the implications for security and arms control and conclude with suggestions for possible arms control measures

The Security Watershed Alexei G. Arbatov, 2021-01-26 This book first published in 1993 is an analytical review that discusses the changes in the international security policies of the USA and USSR at the end of the Cold War as well as the main events that occurred in the area of arms control A distinctive feature of this work is the detailed analysis of competing Russian views concerning arms control agreements and Russian military reforms

Maritime Security and Peacekeeping Michael Charles Pugh, 1994 Maritime security and peacekeeping will be invaluable to all students of international relations and anyone with an interest in the development of UN peacekeeping naval power and maritime security

Taiwan's Maritime Security Martin Edmonds, Michael M. Tsai, 2005-06-27 The relationship between Taiwan and the People's Republic of China is regarded as a very serious potential source of conflict in East Asia especially now that the questions of Hong Kong and

Macau have been settled and increased democratisation in Taiwan is seen as a threat by mainland China This book which brings together leading international scholars of maritime security and also strategic thinkers from within Taiwan itself examines a wide range of questions concerning Taiwan's perception of the naval threat from mainland China and how Taiwan's navy and naval strategic thinking is responding including discussions of the strength of Taiwan's naval forces mainland China's claims and ambitions in the South China Sea and the controversial question of Theatre Missile Defence **From Environmental to Comprehensive Security** Arthur H. Westing, 2013-07-01 This work presents the evolution of the traditional concept of national security as military security to additionally embrace environmental security and then necessarily also social societal security thence to be termed comprehensive human security It accomplishes this primarily by presenting 11 of the author's own benchmark papers published between 1983 and 2010 additionally providing bibliographic citations to a further 36 of the author's related publications during that period The work stresses the importance of transfrontier regional cooperation and also recognizes global overpopulation as a key impediment to achieving comprehensive human security *Security & Arms Control in the North Pacific* A. Mack, P. Keal, 2023-05-26 First published in 1988 Security others focus on particular issues the nuclear infrastructure controlling the arms trade confidence building and naval arms control A unifying theme of this collection is the tension between military and non military approaches to security between threat and reassurance and between deterrence and confidence building This comprehensive book is a must read for scholars and researchers of security studies defence studies international politics and diplomacy **Security with Nuclear Weapons?** Regina Cowen Karp, 1991 SIPRI Stockholm International Peace Research Institute is an independent institute for scientific research which aims to further an understanding of the conditions for peaceful solutions to international conflicts and for a stable peace Over the past twenty years SIPRI has concentrated on problems of armaments disarmament and arms regulation SIPRI is financed mainly by the Swedish Parliament Its staff the Governing Board and the Scientific Council are international The prospect of large reductions of nuclear weapons poses fundamental questions about the purpose of nuclear weapons Why have some states chosen to acquire nuclear weapons How and why have these decisions been maintained over time Why have some states elected to approach but not cross the nuclear threshold This book examines the commonalities and differences in political approaches to nuclear weapons both within and among three groups of states nuclear non nuclear and threshold The chapters explore the evolution of thinking about nuclear weapons and the role these weapons play in national security planning The book transcends traditional East West approaches to analysis of nuclear issues by giving equal prominence to the issues of nuclear proliferation and non nuclearism The book also provides a comprehensive analysis of how current approaches to nuclear weapons have evolved both within and among the countries under study **Security Without Nuclear Weapons?** Stockholm International Peace Research Institute, 1992 This book examines the question Is the elimination of nuclear weapons feasible Individual chapters address

the major conceptual technical and economic issues in the design of a non nuclear security regime Other chapters explore more specialized issues as they relate to the feasibility of the elimination of nuclear weapons elite perceptions and the decision making process verification nuclear proliferation fissile materials and warheads alliance and regional hegemonies and deterrence

Security and Cross-Border Cooperation in the EU, the Black Sea Region and Southern Caucasus

A. Ergun,H. Isaxanli,2013-02-28 Cross border cooperation is vital to overcoming obstacles to security building and the consolidation of stability particularly in regions prone to political upheaval and conflict This book presents papers from the NATO Advanced Research Workshop entitled Security and Cross Border Cooperation in the EU Black Sea Region and Southern Caucasus This workshop was part of the NATO Science for Peace and Security Programme and was held in Ankara Turkey in September 2011 It focused on developing a future research agenda strengthening regional studies and increasing interdisciplinarity and the means to improve cross border cooperation and was aimed at providing a comprehensive interactive and interdisciplinary account of security building and cross border cooperation in which domestic regional and international dimensions were discussed The book is divided into three sections The first provides an analysis of the role of international and domestic actors in contributing to security building in the Euro Atlantic the Black Sea and the Southern Caucasus regions The second section discusses the patterns of cross border cooperation in Eastern and Central Europe and the wider Black Sea region concentrating on Romania Moldova Ukraine Georgia and the Russian Federation With references to the nature of international involvement in conflict resolution the last section focuses on cross border cooperation in the Southern Caucasus where conflicts have an enormous impact on nation building state building and democratization and where prospects for stability and a viable peace remain in serious question This book is a valuable contribution to the literature on area studies cross border cooperation security and peace studies

The Limited Partnership James E.

Goodby,Benoit Morel,1993 This book presents a detailed assessment of the conditions for security relations between Washington and Moscow in the post cold war era focusing on the scope for future co operative management of common security Three main areas provide the context for a thematically and theoretically varied discussion the security and foreign policy implications of the transition from the Soviet to a Russian Commonwealth regime military power and international stability after the cold war and the political military and technological requirements for a new security relationship

Naval Strategy and National Security Steven E. Miller,Stephen Van Evera,2014-07-14 These essays from the journal International Security cover aspects of past and present naval technologies and explore current disputes over American naval doctrine Four of the contributions those by Linton Brooks John Mearsheimer Barry Posen and Joshua Epstein describe the case for and against the Reagan administration s controversial Maritime Strategy which has formed the basis for the administration s buildup to a six hundred ship navy Other articles describe Soviet naval doctrine assess the risk of nuclear war at sea and outline the evolution of major naval technologies and doctrines Part I Naval Strategy Planning a Navy The Risks of
