Security In The Gulf

Geoffrey F. Gresh

Security In The Gulf:

The Dilemma of Security and Defense in the Gulf Region Khalid Al-Jaber, Dania Thafer, 2019-11-30 For a variety of contributing factors the defense and security status of the Gulf region is facing a dilemma between the maintenance of regional security and the preservation of domestic security interests This dilemma stems from the perceived decline of U S influence and lingering consequences of the Arab Spring movements Divisions and armed conflicts both within the Gulf itself and the surrounding region are a result of this changing political order and the ascension of many of the Gulf states on the international scene These evolving dynamics will set in motion various defense and security consequences for the Gulf and the greater Middle East which are addressed in this edited volume With contributions from practitioners as well as academics this book will be a vital resource for both researchers and policymakers **Gulf Security in the Twenty-First**

Century David E. Long, Christian Koch, 1998-08-27 The connection between regional instability and the preservation of global security is nowhere more sensitive than in the Gulf Events since the 1990 1991 Gulf War continue to confirm the fragile interaction among states in the region and their susceptibility to external forces Gulf Security in the Twenty First Century brings together some of the foremost area experts to explore the most pressing issues including military threats to the region obstacles to economic development and socioeconomic harmonization and challenges to political stability In particular the work examines Iran s often enigmatic foreign policy vis vis its Gulf neighbors Iraq s resurgent military threat choices and constraints confronting US Middle East policy and Europe s inability to identify and pursue a united policy to safeguard its economic interests in the area These topics are further illuminated with an analysis of Russia s historical attempt at balancing foreign policy objectives in the Gulf with its enduring interests in Central Asia The potentially explosive issues of religious radicalism and the challenges of democratic pluralism are discussed in an effort to ascertain the potential of political Islam to disturb or enhance regional security Similarly the problems inhibiting the settlement of territorial disputes in and around the Gulf are brought into focus to illustrate lingering historical tensions among neighboring states To round out the book s topical coverage several contributors shed light on the region s unfettered dependence on foreign labor growing demographic pressures associated social and economic transformations and challenges to responsive public policy

Arabian Gulf Security The Emirates Center for Strategic Studies and Research, 2008-09-09 In recent years the Gulf region has witnessed a number of major regional international developments the most prominent of which being the war in Iraq and the crisis surrounding the Iranian nuclear program These developments have contributed to regional instability and have undermined efforts to achieve a balance of power in the Gulf region Furthermore during this period local apprehensions pertaining to the national security of the Gulf Arab countries have emerged These comprise the demographic imbalance stemming from the vast migrant labor force in the GCC states and concerns regarding the inherent threats of the rapid development being witnessed by the region owing to its increased openness to the global economy Internal and external

threats necessitate concerted efforts to reinforce regional Gulf security via the establishment of a regional security system involving all the countries of the region as well as the cooperation and contribution of other states and international organizations In formulating their new approach to security the GCC states must reinforce their ability to deter intervention in their affairs by large regional neighbors and extra regional actors The common crises and challenges threatening the security of the Gulf countries should be a catalyst for the formulation of a unified Gulf strategy which necessitates a greater role for the GCC in achieving regional stability and fortifying the national security of its states This book which consists of papers presented at the ECSSR s 12th Annual Conference of 5 7 March 2007 discusses both security threats and opportunities concerning the Gulf countries with special reference to the foreign military presence in the region and the instability stemming from Iraq and Iran It also investigates the need to establish a coherent and permanent defense system in the region Moreover it addresses internal security challenges facing the Gulf countries which have cross border repercussions such as organized crime and the demographic imbalance resulting from the flow of migrant labor to the region The book also discusses the challenges inherent to the processes of development international integration and increased openness to the global economy *Security in the Gulf: Historical Legacies and Future Prospects* Matteo

Legrenzi,2013-09-13 This book examines Gulf Security in a holistic way seeing past the narrow military aspect and also trying to debunk the conventional narratives propagated by regional and external actors In particular the emphasis is be on the historical legacy of Gulf security and the fundamental domestic and international vulnerabilities of the various states in the region This approach proves important in light of the recent efforts by Gulf states to recast their position in the international arena trying to peddle an image of self assertiveness and autonomy in the security sphere These new diplomatic stances do not seem to be borne out by their current security policies that are marked by apparent continuity with past practices In particular the new Gulf Asia nexus and the claims by Gulf monarchies that regional confidence building measures are appearing on the horizon are placed under critical scrutiny This is done by a sobering examination of the balance of threat in the region the historical amity enmity patterns and the evolving American stance A shorter modified version of this book was previously published as a special issue of the British Journal of Middle Eastern Studies The Gulf

Sreedhar,1983 **Saudi Arabia, the West and the Security of the Gulf** Mazher A. Hameed,2025-04-01 Saudi Arabia the West and the Security of the Gulf 1986 considers the geopolitical environment of the Arab Gulf and the nature and threats to Western interests in the region It also examines the political economic and other Gulf resources that can be marshalled to protect those interests The Gulf The Emirates Center for Strategic Studies and Research,2000-06-22 The Arabian Gulf region has increasingly become the focus of international concern since the Gulf War of 1991 which clearly demonstrated the link between regional stability and global security An effective Gulf security framework hinges to a great extent on the integration of national and regional policies with the defense policies of allied countries The end of the Cold War has afforded

the opportunity for the Gulf region to develop a more stable security paradigm that is not constrained by the imperatives of a bipolar system Against this backdrop this book examines the foundation and the scope for closer security ties between the United Kingdom and the Gulf Cooperation Council countries This volume includes a number of specialized papers presented by prominent military officials and experts from the GCC countries and Britain in a conference held jointly by ECSSR and the Royal United Services Institute for Defense Studies RUSI in London April 29 30 1998 The book thus offers a unique opportunity to access professional experience in the field of security and stresses the need to develop a greater range of consultative mechanisms In highlighting both immediate and potential threats to Gulf security and effective national and regional measures to counter them the book aspires to provide a deeper understanding of the security issues that will define the shape of the GCC UK relationship in the twenty first century

Contemporary Security Issues in Africa William A. Taylor, 2018-12-07 As a comprehensive resource for readers interested in contemporary security issues in Africa this compelling book details the impact of complex challenges in Africa and explains why addressing them grows increasingly important Presenting both general overviews and specific case studies this book introduces contemporary security issues in Africa home to more than thirty of the fifty most fragile nations in the world It covers the past three decades of conflict on the continent focusing on such topics as weak and failing states ethnic conflict and civil wars natural resources and environmental security political violence and terrorism piracy and maritime security food security and poverty international responses and future prospects The core of the book comprises detailed analysis of the nexus between culture politics and security in Africa while the volume as a whole examines key regional and transnational security issues affecting Africa and their implications at the state regional and international levels The book explores the dynamic role that African nations play in influencing international security and investigates and articulates factors heightening the importance of Africa's role in international affairs

Security and Territoriality in the Persian Gulf Dr Pirouz Mojtahed-Zadeh, Pirouz Mojtahed-Zadeh, 2013-11-05 This study presents the story of successes and failures of the treatment of security matters pertaining to territorial and boundary affairs in the maritime areas of the Persian Gulf and at the same time provides an example of the impact of territoriality on world wide maritime security

Regional Security in the Middle East Pinar Bilgin, 2004-09-09 This is an accessible yet critical analysis of regional security in the Middle East Using a non realist approach Bilgin provides a comprehensive study of the past present and future of security in the region She also considers the question of identity formation explaining how and why various regional representations came into being and explor

Oil and Security in the Arabian Gulf Abdel Majid Farid, 2020-09-21 The issue of security in the Gulf has an importance which goes far beyond the regional location of the area It is enough to note that instability in the area may result in the interruption of oil supplies to the rest of the world This book first published in 1981 considers some of the challenges facing the region following recent developments such as the fall of the Shah and the proclamation of the Islamic Republic in Iran the

Soviet presence in Afghanistan the formation of an American task force to intervene in the area the failure of the Camp David agreement and the Iran Iraq war

Regional Security in the Middle East, The Small Gulf States Khalid Almezaini, Jean-Marc Rickli, 2016-12-08 Small states are often believed to have been resigned to the margins of international politics However the recent increase in the number of small states has increased their influence and forced the international community to incorporate some of them into the global governance system This is particularly evident in the Middle East where small Gulf states have played an important role in the changing dynamics of the region in the last decade The Small Gulf States analyses the evolution of these states foreign and security policies since the Arab Spring With particular focus on Oman Qatar and the United Arab Emirates it explores how these states have been successful in not only guaranteeing their survival but also in increasing their influence in the region It then discusses the security dilemmas small states face and suggests a multitude of foreign and security policy options ranging from autonomy to influence in order to deal with this The book also looks at the influence of regional and international actors on the policies of these countries It concludes with a discussion of the peculiarities and contributions of the Gulf states for the study of small states foreign and security policies in general Providing a comprehensive and up to date analysis of the unique foreign and security policies of the states of the Gulf Cooperation Council GCC before and after the Arab Spring this book will be a valuable resource for students and scholars of Middle East studies foreign policy and international relations

The Clouded Lens: Persian Gulf Security and U.S. Policy James H. Noyes, 1979 Noyes var Deputy Assistant Secretary of Defense for Near Eastern African and South Asian Affairs fra 1970 til 1976 Forord af William J Porter tidligere Undersecretary of State for Political Affairs og tidligere ambassadør i Saudi Arabien og Algeriet

The Politics and Security of the Gulf Jeffrey R. Macris, 2010-01-21 Since the 19th century the Gulf region has been an area of intense interest having been influenced first by the British and more recently by the Americans This book charts the changing security and political priorities of these two powers and how they have shaped the region Adopting a narrative approach the author provides background history on British involvement from the 19th century and a detailed analysis of the years after the Second World War when oil supply became more critical He covers the growth of US influence and the British withdrawal and follows more recent changes as the US built up its military presence following Desert Storm and the invasion of Iraq Looking at the three enduring missions fulfilled by the British maintaining interstate order protecting the free flow of commerce which later included petroleum and keeping out other Great Powers the book demonstrates how these had by 1991 been assumed almost entirely by the American leaders A comprehensive and thorough look at the history of the Gulf and the contemporary issues affecting the region this will be essential reading for students of Middle East history military history and diplomatic history Visit the author's website at www.thepoliticsandsecurityofthegulf.com

Gulf Security in the Twenty-first Century The Emirates Center for Strategic Studies and Research, 2002-04-26 Concentrating on the security of the Gulf in the 21st century this work focuses on Iran's foreign policy towards its Gulf

neighbours Iraq's military threat US Middle East policy and Europe's inability to pursue a united policy to safeguard its economic interests in the area The topical issues of religious radicalism and the challenges of democratic pluralism are explored with a view to assessing the impact of political Islam on regional security **Gulf Security and the U.S. Military** Geoffrey F. Gresh, 2015-06-10 The U S military maintains a significant presence across the Arabian Peninsula but it must now confront a new and emerging dynamic as most Gulf Cooperation Council countries have begun to diversify their political economic and security partnerships with countries other than the United States with many turning to ascending powers such as China Russia and India For Gulf Arab monarchies the choice of security partner is made more complicated by increased domestic and regional instability stemming in part from Iraq Syria and a menacing Iran factors that threaten to alter totally the Middle East security dynamic Understanding the dynamics of base politicization in a Gulf host nation or any other is therefore vitally important for the U S today Gulf National Security and the U S Military examines both Gulf Arab national security and U S military basing relations with Gulf Arab monarchy hosts from the Second World War to the present day Three in depth country cases Saudi Arabia Bahrain and Oman help explain the important questions posed by the author regarding when and why a host nation either terminated a U S military basing presence or granted U S military basing access The analysis of the cases offers a fresh perspective on how the United States has adapted to sometimes rapidly shifting Middle East security dynamics and factors that influence a host nation's preference for eviction or renegotiation based on its perception of internal versus external threats **Security in the Persian Gulf** G. Sick, L. Potter, 2002-01-11 This book is a follow up volume to the acclaimed *The Persian Gulf at the Millennium* Essays in Politics Economy Security and Religion published by St Martin's Press in 1997 The same editors who direct the Gulf 2000 Project at Columbia University have assembled a number of leading experts on the Persian Gulf to reflect on factors affecting security there in the twenty first century Most contributors are from the region itself and for the first time share the results of ongoing research with an outside audience The chapters profile the diverse society in the Gulf and the historical pattern of Gulf security before focusing on current security concerns between Iran and the Arab states They explore the mutual perceptions of the peoples of the Gulf today and the role of the new generation in shaping its future *The Security of the Persian Gulf* Hossein Amirsadeghi, 2011-02-25 The Persian Gulf important because of its vast energy resources emerged into the limelight of geopolitics at the time of the British Labour government's policy of withdrawal from East of Suez in 1968 Before 1968 it had been recognised that the Gulf lay in the legitimate sphere of influence of Britain while the United States exerted its influence in the two pivotal littoral states of Iran and Saudi Arabia The Soviets had been gaining influence in Iraq ever since the overthrow of the monarchy in 1958 and the Chinese were also fishing for influence by their support of the Popular Front for the Liberation of the Arabian Gulf This book examines the political axes of the various super powers with Iran and the Persian Gulf and discusses the implications of these problems for the issue of security in the region *Arabian Gulf Security*

Emirates Center for Strategic Studies and Research, 2009-01-15 Recent developments in the Gulf including the war in Iraq and the crisis surrounding the Iranian nuclear program are presenting new challenges to security and stability in the region. Such international developments are exacerbated by regional factors such as increasing openness to the global economy and demographic stresses stemming from vast immigration into the GCC states. In this volume experts discuss the security threats and the opportunities Gulf countries face today with special reference to the foreign military presence in the region, the instability stemming from Iraq, Iran, and the impact of the US war on terror as well as terrorism. They investigate the need to establish a coherent and permanent defense system in the region and address internal security challenges facing the Gulf countries which have cross border repercussions such as organized crime, migrant labor, and terrorism.
