Apologetics, Mission and New Religious Movements: A Holistic Approach Philip Johnson, 2010-07-11 It is this search for balance and his real desire to speak into living situations that sets Johnson's work apart from earlier studies of cults and new religions. At the same time his work is innovative in other ways. Hypnosis Healing and the Christian John Court, 2002-06-04 Hypnosis is a controversial practice with many myths about its power and dangers. Hypnosis Healing and the Christian cuts through the confusion to present a balanced defense of the use of hypnosis by Christians, arguing that it is a powerful tool in bringing about psychological change. John Court avoids minimizing the dangers of this powerful phenomenon as he discusses examples of clinical hypnosis by Christians who have found emotional and spiritual benefits from its use. Setting ethical concerns about the use of hypnosis firmly within a framework of the biblical material, he argues that hypnosis is a morally neutral technique which may be used for good or ill. Its use by pagan and other religions should not prevent its constructive and godly use by Christians. This stimulating book will be of interest not only to those involved in counseling and healing ministries but also to Christians interested in broader understanding of how our human minds work.

The Christian Countercult Movement Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga, salvation, religious pluralism, and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement. This Element explores the history of this movement from its origins in the anti-heresy writings of the early church to its modern development as a reaction to religious pluralism in North America. It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith-based opposition both to new religious movements and to non-Christian religions will only deepen as religious pluralism increases. It provides a concise understanding of the two principal goals of Christian countercult apologetics: support for the evangelization of non-Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview. *Communion with God* Mark Virkler, Patti Virkler, 1990-12 Bearing False Witness? Douglas E. Cowan, 2003-05-30 From Hare Krishna to the Latter Day Saints and from Jehovah's Witnesses to the New Age, religious pluralism in North America presents evangelical Protestantism with significant challenges. Declaring newer religious groups, cults, aberrant sects, and heretical religions the Christian countercult movement has warned that these groups represent a threat to society. In *Bearing False Witness*, R. Cowan considers the Christian countercult as a whole, locating it in sociological perspective as an entity distinct from the secular anti-cult. Through his analysis, the author argues that the primary purpose of the countercult movement is to reinforce and repair the Christian worldview when it appears threatened by the advent of alternative religious traditions. This unique analysis of the Christian countercult helps explain

why conservative Christian responses to competing religious movements have taken the form that they have in addition to how those responses are carried out Unlike the anti cult movement which is concerned with removing individuals from cults and returning them to their families the Christian countercult movement according to the author attempts not only to remove cultists from the negative influences of the cults to which they belong but also to insure that they will join the particular version of Christianity adhered to by the countercultists themselves Beginning with the countercult's early history the author provides an historical account of the movement and its present activities Since the rise of new religious movements the growing interest in religions imported from outside North America and the broadening of the religious marketplace continues to grow understanding the Christian countercult and its presence as a countervailing pressure to these increasingly socioreligious dynamics becomes ever more important

Cities of God Graham Ward,2002-01-04 *Cities of God* traces urban culture of north America and Western Europe during the 1970s to ask how theology can respond to the postmodern city Since Harvey Cox published his famous theological response to urban living during the mid 1960s very little has been written to address this fundamental subject Through analyses of contemporary film architecture literature and traditional theological resources in Augustine and Gregory of Nyssa Graham Ward lays out a systematic theology which has the preparation and building of cities as its focus This is vital reading for all those interested in theology and urban living

New Religions As Global Cultures Irving Hexham,2018-02-12 Although the Great Anti Cult Crusade links new religious movements to dangerous cults brainwashing and the need for deprogramming Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults

Martin J. Buss,2022-04-06 In The Dynamics of Human Life in the Bible Receptivity and Power Martin J Buss describes the dynamics of human life that are encouraged in the Bible and how biblical guidance compares with other religious traditions The dynamics include both receptivity from another and power for or over another often in combination with another For example love joins receptive cognition of worth with energetic support Receptivity the only way to deal with fundamental values seeks material and religious benefits and is the human side of revelation and salvation Public acknowledgement strengthens divine influence Furthermore receptivity accepts challenges These include individual and social growth and semi identification with others which has societal rather than concrete individual consequences Power is crucial in legal remedies and penalties Life with others is important in practical wisdom and in Christian mutual love Buss finds that biblical directives parallel those of non Christian religious traditions This situation is in line with biblical views of general revelation and developments in history *SCM Core Text Theology and Sexuality* Susannah Cornwall,2013-02-18 The SCM Core Text

Theology and Sexuality provides a clear overview of the theological debate surrounding sexuality as broadly understood It gives an outline of the major themes surrounding sexuality in theological perspective focusing on key thinkers concepts and areas of discussion This student friendly textbook is aimed at theology students and ordinands studying at undergraduate level 3 and MA level who are undertaking modules on theology and sexuality gender sex and the human body It is also accessible to Christian clergy and laypeople who wish to engage with issues of sexuality in congregations The use of extensive glossaries breakout definitions and examples makes the book accessible to those with little existing knowledge of contemporary debates on theology and sexuality The book includes chapters on definitions of sexuality sexuality in the Christian tradition Christian approaches to marriage celibacy and virginity and same sex relationships **Storylines**

Pilavachi, Andy Croft, 2013-06-18 Can you admit it? You haven't been reading your Bible. It's so long. Honestly, it's intimidating. What you need is an overview. Something that will pull it all together. Like Storylines. It's like having a chat with your best friend who also happens to be a Bible scholar. Or in this case, Mike and Andy. They'll tell you there are six overarching themes in the Bible: Jesus, Covenant, Presence, Kingdom, Salvation, Worship, each revealing a way of understanding Scripture that makes it live and breathe relevant to your life today. Grasp these Big Ideas and you'll see this amazing book in a new light. You'll see how each theme develops and how it relates to the whole. Mike and Andy also include a summary of the Bible and discuss how it came to be in its present form. So pour another cup of joe and get comfortable. Grab your Bible too. Once you understand the storylines, you won't be able to put it down. [Mark Twain: A Christian Response to His Battle With God](#) Ray Comfort, 2014-10-01 From the pages of a long hidden manuscript written by a man filled with disappointment and anger, you will discover the truth about Mark Twain's embittered battle with God. Evidence in his work that proves he wasn't an atheist. Selections from his letters and popular works that reveal his confused faith. Perspectives from Twain on God that echo modern criticism and doubts. Twain was a very popular and gifted speaker with a carefully cultivated image. Few knew he secretly wrote a manuscript complaining bitterly about the God of the Bible, citing hypocrisy and cruelties like there would be no sex in heaven. Twain decided to have his book published 100 years after his death in the hope that society would then be open-minded enough to listen. Ray Comfort searches through volumes of Twain's writings to develop a comprehensive answer to this profound writer of *The Adventures of Huckleberry Finn* and a man who suffered much. Discover Twain's arguments with God and a powerful response that helps strengthen your faith and understanding of our loving Creator. **Theology and Sexuality** Susannah Cornwall, 2013 The SCM Studyguide: Pastoral Theology, designed to support undergraduate courses for the training of clergy and lay pastoral workers at an accessible introductory level. The book aims to develop pastoral wisdom and integrity through a critical integration of theology and the human sciences. Introducing key themes in theological anthropology and pastoral practice, it shapes a creative pastoral vision which is deeply rooted in a Christian vision of what it means to be human and what it takes to care. Working with case studies, the book will introduce broad frameworks of understanding of issues such as growth, loss, and sexuality, together with critical perspectives on important aspects of practice such as language, power, and boundaries. The book provides an accessible overview of key concepts in pastoral theology, offering key entry points for further discussion and study. Each chapter includes discussion questions and/or reflective exercises at the end of each chapter, together with a short bibliography. Throughout the text, key summaries of learning will be indicated by boxed Practice Points. **Culture, Entertainment, and the Bible** George Aichele, 1997-01-01 This topical volume deals with the adoption of biblical language and narrative and the presentation of biblical images and themes in popular literature, art, and mass media. The chapters, all written by experts in cultural studies of the Bible, explore how ideologies are produced in various ways when biblical texts are brought into play with each other, with other texts, and with

the inevitable and continual demands for cultural and historical translation or recycling of the scriptures The volume contains some theoretical reflections but focuses on specific examples of cultural translation and is directed primarily at advanced graduate students and scholars in biblical studies popular studies media studies literature and the arts although some articles will also be of value and interest to introductory students and the general public The contributors to this volume are Fiona Black Susan Lochrie Graham Chris Heard Helen Leneman Phyllis Silverman Kramer Tina Pippin Caroline Vader Stichele Lori Rowlett Erin Runions Jan William Tarlin and Richard Walsh The Debate Over Christian Reconstruction Gary DeMar,1988
