Covering Congress Everette Dennis, 2018-05-04 Observers of media government relations most often think first of conflicts with the executive branch yet interactions between Congress and the media have been extensive and varied since the first Washington correspondents began sending dispatches from the sessions of Congress In recent years the relationship between Congress and the news media has grown more complex Coverage of Congress by the print and electronic media is extensive At the same tune Congress has increasing power to make communications policy that will have an important impact on the ability of the media to conduct their affairs both economically and politically Covering Congress explores those aspects of the relationship between the media and Congress that shape the news that reaches an information seeking public The contributors consider Congress as the source of much news as well as a great deal of self promotion They note there is neither a broad nor deep understanding of our national legislature in the United States Contributors try to remedy this shortcoming by looking at the overall picture the media scene on Capitol Hill the messages that reach beyond Washington and the history of relations between the Congress and the press They discuss such issues as the relationship Newt Gingrich has forged between his office and the media perhaps at his own peril the importance of speed over substance when reporting from Capitol Hill the unflattering image of Congress as depicted in political cartoons and the unparalleled power wielded by Speaker of the House Sam Rayburn when he dealt with the national media Congress depends on the media to reach the

public but also has considerable muscle to shape its media relations when it has strong leadership and a coherent plan It usually lacks these but Congress does much to try to project a friendly face to the public through the media facilitating interviews hi Capitol Hill radio and television studios Regardless of what happens in any particular election it is clear that Congress is fully alert to the modern communications age and that the consequences of this encounter are likely to be accentuated in the years ahead Covering Congress is a necessary addition to the libraries of communications scholars media specialists political scientists historians and sociologists Hollywood Goes to Washington Michael Coyne, 2008-09-30 Fantasy and politics are familiar dancing partners that rarely separate even in the face of post Election Day realities But Hollywood has a tradition of punching holes in the fairy tales of electoral promises with films that meditate on what could have been and should have been With Hollywood Goes to Washington Michael Coyne investigates how the American political film unravels the labyrinthine entanglements of politics and the psyche of the American electorate in order to reveal brutal truths about the state of our democracy From conspiracy dramas such as The Manchurian Candidate to satires like Wag the Dog Hollywood Goes to Washington argues that political films in American cinema have long reflected the issues and tensions roiling within American society Coyne elucidates the mythology iconography and ideology embedded in both classic and lesser known films including Gabriel Over the White House Silver City Advise and Consent and The Siege and examines the cinematic portrayals of presidents in the White House the everyman American citizen and the nebulous enemies who threaten American democracy The author provocatively contends that whether addressing the threat of domestic fascism in Citizen Kane or the disillusionment of Vietnam and paranoia of the post Watergate era in Executive Action the American political film stands as an important cultural bellwether and democratic force one that is more vital than ever in the face of decreasing civil liberties in the present day United States Compelling and wholly original Hollywood Goes to Washington exposes the political power of the silver screen and its ramifications for contemporary American culture Magazine, 1979-09-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea New York Magazine ,1979-10-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Leonard Maltin's Movie and Video Guide Leonard Maltin, 1994 The 25th anniversary edition Going strong after 25 years this movie and video guide by the film correspondent for top rated Entertainment Tonight offers more
