Peculiar Passages Carol Allen, 2005 This book features African American women playwrights from 1875 to 2000 with an emphasis on the late nineteenth century a period rarely treated in regard to women's drama Highlighting the lesser known Pauline Hopkins Angelina Weld Grimké Georgia Douglas Johnson Eulalie Spence and May Miller and the well known Zora Neale Hurston Alice Childress Adrienne Kennedy and Ntozake Shange Peculiar Passages argues that these playwrights' efforts define a tradition characterized by quick change mobility sensitivity to vernacular forms and dedication to intertextual dialogue Situating the plays within a broader context the book also connects them to minstrelsy the Passion Play and the Black Arts Movement *Contemporary African American Female Playwrights* Dana A. Williams, 1998-06-30 Lorraine Hansberry's *A Raisin in the Sun* 1959 was a major dramatic success and brought to the world's attention the potential talent of African American women playwrights But in spite of Hansberry's landmark contribution both the theater and the literary world have often failed to include contemporary African American female playwrights within the circle of production publication and criticism In African American drama anthologies female playwrights are seldom given the degree of attention that is accorded their male counterparts And because of space constraints anthologies of works by women playwrights are forced to exclude numerous female dramatists including African Americans Meanwhile some scholars have argued that the works of African American female playwrights are seldom produced in the mainstream theater because these plays frequently challenge the views of white America But as *A Raisin in the Sun* demonstrates plays by African American women dramatists can have a powerful message and are worthy of attention A comprehensive research tool this annotated bibliography sheds light on the often neglected works of contemporary African American female playwrights Included within its scope are those dramatists who have had at least one work published since 1959 the year of Hansberry's monumental achievement The first section provides a listing of anthologies that include one or more plays written by an African American

female dramatist The second gives entries for reference works and for scholarly and critical studies of the dramatists and their plays The third presents a listing of published plays by individual dramatists along with a summary of each drama the works of each playwright that are related to drama and secondary sources that treat the dramatists and their plays Entries are accompanied by concise but informative annotations and the volume closes with a list of periodicals that frequently publish criticism of African American female playwrights a section of brief biographical sketches of the dramatists and extensive indexes

The Music in African American Fiction Robert H. Cataliotti, 2019-09-16 This is the first comprehensive historical analysis of how black music and musicians have been represented in the fiction of African American writers. It also examines how music and musicians in fiction have exemplified the sensibilities of African Americans and provided paradigms for an African American literary tradition. The fictional representation of African American music by black authors is traced from the nineteenth century (William Wells Brown, Martin Delany, Pauline E. Hopkins, Paul Laurence Dunbar) through the early twentieth century and the Harlem Renaissance (James Weldon Johnson, Langston Hughes, Claude McKay, Zora Neale Hurston) to the 1940s and 50s (Richard Wright, Ann Petry, James Baldwin, Ralph Ellison) and the 1960s and the Black Arts Movement (Margaret Walker, William Melvin Kelley, Leroi Jones, Amiri Baraka, Henry Dumas). In the century between Brown and Baraka, the representation of music in black fiction went through a dramatic metamorphosis. Music occupied a representative role in African American culture from which writers drew ideas and inspiration. The music provided a way out of a limited situation by offering a viable option to the strictures of racism. Individuals who overcome these limitations then become role models in the struggle toward equality. African American musical forms for both artist and audience also offered a way of looking at the world, survival and resistance. The black musician became a ritual leader. This study delineates how black writers have captured the spirit of the music that played such a pivotal role in African American culture. Ph.D. dissertation, State University of New York at Stony Brook, 1993, revised with new preface and index.

The Black Theatre Movement in the United States and in South Africa Olga Barrios, 2008 El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sudàfrica va establir els fermes fonaments sobre els quals amb una força i ímpetu sense precedents es va forjar el teatre negre d'aquests anys. Forma i contingut van sorgir a l'una del compromís polític i artístic adoptat per aquests artistes contra l'imperialisme, el colonialisme i el racisme occidentals. Per primera vegada en la història el teatre negre dels Estats Units i de Sudàfrica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat. No obstant això, el context sociopolític i les circumstàncies específiques de cada país han generat igualment els trets distintius del teatre afro nord-americà i negre sud-africà inclosos les diferències de gènere, manifestos en ramificacions artístiques totalment heterogènies i niques.
