The Visionary Moment Paul Maltby,2012-02-01 In The Visionary Moment Paul Maltby draws on postmodern theory to examine the metaphysics and ideology of the visionary moment or epiphany in twentieth century American fiction Engaging critically with the works of Don DeLillo Jack Kerouac Saul Bellow Flannery O Connor Alice Walker and William Faulkner Maltby explains how the literary convention of the visionary moment promotes the myth that there is a superior level of knowledge that can redeem or regenerate the individual He contends that this common sense assumption is a paradigm that needs to be confronted and critiqued [Access](#) ,1975

Through the Eyes of a Child Diane Hicks White,2010-03 About the Book Through The Eyes of a Child is a fictional side to the true story of the Cherokee Indians plight being removed from their homeland in which they existed for centuries The Cherokee Nation was forced from their homelands and this story tells how a small loving family dealt with the tragedy they would succumb to on this perilous journey They travel through hazardous conditions Through all the hardships of family loss

a young child Little Bird grows from the wisdom taught from her grandmother and mother whose lives become joined with their Great Spirit Little Bird becomes an icon of strength for her people Filled with great wisdom and the knowledge of storytelling Little Bird gives the Cherokee Nation a perseverance of faith and the ideal to never to give up I have had many friends and family members who have constantly encouraged me to tell this story The plight of this brave Cherokee Nation will always be remembered In creating the character of Little Bird and her family I feel that I have given reality to this Trail of Tears that it deserves I viewed myself as a member of the Cherokee People and wondered what it must have been like traveling so far each day seeing hunger disease treacherous abuse rape of women and children these elements attacking this mighty people and watching so many people die before your eyes Childhood in the Contemporary English Novel Sandra Dinter,2019-10-10 Since the 1980s novels about childhood for adults have been a booming genre within the contemporary British literary market Childhood in the Contemporary English Novel offers the first comprehensive study of this literary trend Assembling analyses of key works by Ian McEwan Doris Lessing P D James Nick Hornby Sarah Moss and Stephen Kelman and situating them in their cultural and political contexts Sandra Dinter uncovers both the reasons for the current popularity of such fiction and the theoretical shift that distinguishes it from earlier literary epochs The book s central argument is that the contemporary English novel draws on the constructivist paradigm shift that revolutionised the academic study of childhood several decades ago Contemporary works of fiction Dinter argues depart from the notion of childhood as a naturally given phase of life and examine the agents interests and conflicts involved in its cultural production Dinter also considers the limits of this new theoretical impetus observing that authors and scholars alike even when they claim to conceive of childhood as a construct do not always give up on the idea of its natural core Accordingly this book reconstructs how the English novel between the 1980s and the 2010s oscillates between an acknowledgment of constructivism and an endorsement of childhood as the last irrevocable quintessence of humanity In doing so it successfully extends the literary and cultural history of childhood to the immediate present **The Standard of the Best Interests of the Child** Claire Breen,2021-10-18 This text examines the application of the standard of the best interests of the child in the context of international law The United Nations Convention on the Rights of the Child recognises the best interests standard as being one of its guiding principles The question of whether the best interests standard succeeds in reaching this goal is the central theme of this book The point of departure for this analysis is that of the best interest standard being a Western notion based on an idea of the child as an innocent in need of protection However difficulties arise when the best interests standard has to be applied to a child who does not fit these criteria Consideration is then given to the malleability of the standard which allows it to overcome such difficulties and to justify its position as one of the guiding principles underpinning children s rights at the domestic and international level **The Kindergarten Magazine** ,1904 **The Kindergarten-primary Magazine** Bertha Johnston,E. Lyell Earle,1914 **Celebrate Nature!** Angela Schmidt Fishbaugh,2011-04-19 Make nature
