John Elford, 2003-01-01 The Foundation of Hope is both a celebration and an analysis of the creation of Liverpool Hope University College in 1996 and of some of its achievements to date during an exciting period in British higher education The central focus is the student experience at Hope University College Contributors also examine the way that teaching and research in theology have developed over the years and the important community regeneration work Hope University College carries out in various areas of Liverpool The Spiritual Legacy of Henri Nouwen Deirdre LaNoue, 2000-10-01 In 1969 the year following the death of Thomas Merton Henri Nouwen published his first book Who reading Intimacy Essays in Pastoral Psychology at the time could have guessed that its 37 year old Dutch priest author would become one of the most popular spiritual writers of the 20th century Unlike Merton whose strictly spiritual writings appealed almost exclusively to Roman Catholics Nouwen had an enormous following among Protestants as well as Catholics What was it about this man and his work that so resonated with the American psyche over the past thirty years In The Spiritual Legacy of Henri Nouwen Deidre LaNoue analyzes Nouwen's voluminous writings in the context of his life and times providing a key to his more than forty individual books as well as a cogent summary of his contribution to the spiritual lives of millions of people The book includes a complete bibliography of Nouwen's writings as well as a Scripture index of his books The Serendipity of Hope Simon Lee, Ian S. Markham, 2023-07-07 Institutions are very precious If any idea is going to persist into the future then it needs an institution to keep it going Each of us comes to understand often only gradually over the decades how some influences from our earlier life have affected us Some will have been inspiring Some will have given us direct models of how to behave or how not to behave Indeed it is often the case that the deeper an influence turns out to have been in the long run the less likely it is that we noticed it at the time it was happening For this reason it has become necessary to find the time to reflect on and express gratitude for the institutions that helped form who we are and the work that we do This collection of essays explores the impact of one institution on twenty five participants twenty five years after we worked together The Institution was Liverpool Hope University College and is now Liverpool Hope University By telling and reflecting on our stories we aim to encourage others to think about their own experiences and ultimately our earnest hope is that a greater awareness of this aspect of university life will help to transform our collective understanding of the nature of universities in particular and of
