Seeing Through Paradise:

Seeing Through Ricky Ian Gordon, 2024-07-23 The true confessions of a working opera composer an exhilarating story of a life that comes out of chaos At eight years old Ricky Ian Gordon pulled The Victor Book of Opera off his piano teacher s bookshelf and his world shifted on its axis Though scandal sadness and confusion would shake that world over the next few decades its polestar remained constant Music has been the guiding force of Gordon's life through it he has been able not only to survive great sorrow but also to capture the depths of his emotion in song It is this strength this technical and visceral genius that has made him one of our generation's greatest composers In Seeing Through Gordon writes with humor insight and incredible candor about his life and work a tumultuous youth on Long Island his artistic collaborations and obsessions the creation of his compositions including The Grapes of Wrath 27 Orpheus and Euridice Intimate Apparel Ellen West and more his addictions and the abuses he endured and the loss of his partner to AIDS and the devastation of the HIV AIDS epidemic As Gordon writes of that period We were thousands of us Lazarus We had to rise from the ashes We didn t have to rebuild our lives we had to build new ones Gordon has succeeded in building a remarkable life as well as a body of work that bears witness to all he survived in the process one that will endure as a pivotal chapter in America's songbook Through the Veil Suzanne Conklin Akbari, 2004-01-01 During the later Middle Ages new optical theories were introduced that located the power of sight not in the seeing subject but in the passive object of vision This shift had a powerful impact not only on medieval science but also on theories of knowledge and this changing relationship of vision and knowledge was a crucial element in late medieval religious devotion In Seeing through the Veil Suzanne Conklin Akbari examines several late medieval allegories in the context of contemporary paradigm shifts in scientific and philosophical theories of vision After a survey on the genre of allegory and an overview of medieval optical theories Akbari delves into more detailed studies of several medieval literary works including the Roman de la Rose Dante s Vita Nuova Convivio and Commedia and Chaucer s dream visions and Canterbury Tales The final chapter Division and Darkness centres on the legacy of allegory in the fifteenth century Offering a new interdisciplinary synthetic approach to late medieval intellectual history and to major works within the medieval literary canon Seeing through the Veil will be an essential resource to the study of medieval literature and culture as well as philosophy history of art and history of science Seeing through Christianity Bill Zuersher, 2014-06-20 The only book you ll ever need to read about Christianity This remarkable book provides a critical overview of Christian beliefs and the evidence for them Where did these beliefs come from Are there good reasons to believe Christianity is true Bill Zuersher clearly explains each of Christianity's major beliefs He then proceeds to demonstrate significant difficulties with each of them The book tackles these beliefs in a logical order beginning with the problems at the root of virtually all religions suffering and death and culminating in their supposed resolution through Jesus Mr Zuersher also examines the evidence for Christianity namely religious writings and the historical fact of the early Jesus movement He makes the case

that this evidence does not support the religion s claims and he provides naturalistic alternative explanations for how its core beliefs arose In these pages we see the coalescence of Jewish and Zoroastrian religious ideas with those of Greek philosophy and mystery cults to form the belief system we recognize as Christianity today The result Mr Zuersher argues is not revealed truth but rather a human patchwork which contains unwarranted assumptions and logical flaws all founded upon questionable evidence Entertaining throughout it is must reading for skeptics apologists and anyone interested the world s largest religion or the culture wars behind today s politics an invaluable resource for students and teachers writers and Worth the Seeing Through Lisa M. denounced Stalin's Soviet Union By then McKay's pristing violent sonnets were giving way to confessional lyrics informed by his newfound Catholicism McKay s verse eludes easy definition yet this complete anthology vividly introduced and carefully annotated by William I Maxwell acquaints readers with the full transnational evolution of a major voice in twentieth century Edgar Allan Poe Arthur Hobson Quinn, 1997-12-26 Now in paperback the classic monumental biography of Poe by Arthur Hobson Quinn Renowned as the creator of the detective story and a master of horror the author of The Red Mask of Death The Black Cat and The Murders of the Rue Morgue Edgar Allan Poe seems to have derived his success from suffering and to have suffered from his success The Raven and The Tell Tale Heart have been read as signs of his personal obsessions and The Fall of the House of Usher and The Descent into the Maelstrom as symptoms of his own mental collapse Biographers have seldom resisted the opportunities to confuse the pathologies in the stories with the events in Poe's life Against this tide of fancy guesses and amateur psychologizing Arthur Hobson Quinn s biography devotes itself meticulously to facts Based on exhaustive research in the Poe family archive Quinn extracts the life from the legend and describes how they both were distorted by prior biographies Muslims on the Volga in the Viking Age Jonathan Shepard, Luke Treadwell, 2023-09-21 The year 922 saw a series of remarkable face to face encounters in the steppes between Bukhara and the Middle Volga Ibn Fadlan was an intrepid member of a diplomatic and religious mission from the distant caliphate in Baghdad to the ruler of the Volga Bulgars His account gives a vivid eyewitness description of the peoples he came upon whose appearance rituals and filthy habits both fascinate and appal and a famous depiction of a Viking Rus ship burial It is unique testimony to burgeoning exchanges between several different cultures and to the emergence of new political structures on the steppes Yet the account survives only as part of a later composite work raising questions of meaning and historical interpretation This pioneering interdisciplinary study of Ibn Fadlan s text and the world he surveyed draws on a variety of specialists to give readers both the bigger picture of cultural and economic change in Eurasia Byzantium and the Muslim world and hard facts in the form of archaeological and numismatic data Meditating Death in Medieval and Early Modern Devotional Writing Mark Chinca, 2020-06-11 The monograph series Oxford Studies in Medieval Literature and Culture showcases the plurilingual and multicultural quality of medieval literature and actively seeks to promote research that not only focuses on the array of subjects medievalists now pursue in literature theology and philosophy in social political jurisprudential and intellectual history the history of art and the history of science but also that combines these subjects productively It offers innovative studies on topics that may include but are not limited to manuscript and book history languages and literatures of the global Middle Ages race and the post colonial the digital humanities media and performance music medicine the history of affect and the emotions the literature and practices of devotion the theory and history of gender and sexuality ecocriticism and the environment theories of aesthetics medievalism Meditating about death and the afterlife was one of the most important techniques that Christian societies in medieval and early modern Europe had at their disposal for developing a

sense of individual selfhood Believers who regularly and systematically reflected on the inevitability of death and the certainty of eternal punishment in hell or reward in heaven would acquire an understanding of themselves as a unique persons defined by their moral actions they would also learn to discipline themselves by feeling remorse for their sins doing penance and cultivating a permanent vigilance over their future thoughts and deeds This book covers a crucial period in the formation and transformation of the technique of meditating on death from the thirteenth century when a practice that had mainly been the preserve of a monastic elite began to be more widely disseminated among all segments of Christian society to the sixteenth when the Protestant Reformation transformed the technique of spiritual exercise into a bible based mindfulness that avoided the stigma of works piety It discusses the textual instructions for meditation as well as the theories and beliefs and doctrines that lay behind them the sources are Latin and vernacular and enjoyed widespread circulation in Roman Christian and Protestant Europe during the period under consideration The Augustinian Epic, Petrarch to Milton J. Christopher Warner, 2010-06-10 The Augustinian Epic Petrarch to Milton rewrites the history of the Renaissance Vergilian epic by incorporating the neo Latin side of the story alongside the vernacular one revealing how epics spoke to each other across the language gap and together comprised a single Augustinian tradition of epic poetry Beginning with Petrarch s Africa Warner offers major new interpretations of Renaissance epics both famous and forgotten from Milton s Paradise Lost to a Latin Christiad by his near contemporary Alexander Ross thereby shedding new light on the development of the epic genre For advanced undergraduate students graduate students and scholars in the fields of Italian English and Comparative literatures as well as the Classics and the history of religion and literature The Complete Poems of Edgar Allan Poe Edgar Allan Poe,1911 The Ocean of the Soul Hellmut Ritter, 2003 The Ocean of the Soul is one of the great works of the German Orientalist Hellmut Ritter 1892 1971 It presents a comprehensive analysis of the writings of the mystical Persian poet Far d al D n At t r who is thought to have died at an advanced age in April 1221 when the Mongols destroyed his home city of N sh p r in the north east of Iran The book which resulted from decades of investigation of literary and historical sources was first published in 1955 and has since remained unsurpassed not only as the definitive study of At t r s world of ideas but as an indispensable guide to understanding pre modern Islamic literature in general Quoting at length from At t r and other Islamic sources Ritter sketches an extraordinarily vivid portrait of the Islamic attitude toward life characteristic developments in pious and ascetic circles and in conclusion various dominant mystical currents of thought and feeling Special attention is given to a wide range of views on love love in all its manifestations including homosexuality and the commonplace s f adoration of good looking youths Ritter s approach is throughout based on precise philological interpretation of primary sources several of which he has himself made available in critical editions The Birth of China Seen Through Poetry Hong-Mo Chan, 2011 The book introduces Chinese culture to readers of English using poetry from the various periods rendered into English verse to bring back to life past Chinese society as it developed from about 1000 B C to

the form we see today With China's increasing importance on the world stage today many readers no doubt would want to learn more about its ancient culture However to learn about a culture from its history alone especially one as long as that of China is time consuming and requires a historian s expert skill This book offers the general reader a direct glimpse into the human core of it via the universally accessible channel of poetry It provides an outline of Chinese history from prehistoric times to the present printed mostly on left hand pages accompanied on the right by a selection of Chinese poems of the corresponding periods translated into English verse by the author The poems total about eighty in number and come mostly from the classical phase dating from around 1000 B C to 1200 A D Contents Poems of the Spring and Autumn Period 7 Of the Warring States 3 Of the Qin Dynasty 1 Of the Han Dynasty 10 Of Wei Jin and the Northern and Southern Dynasties 9 Of the Tang Dynasty 30 Of Song and the Preceeding Five Dynasties 18 Of Modern Times 4 Time Line and Maps Original Poems in Emergent Genders Michelle H.
