Seeing the Elephant Joseph Allan Frank, George A. Reaves, 2003-02-25 One of the bloodiest battles in the Civil War the two day engagement near Shiloh Tennessee in April 1862 left more than 23 000 casualties Fighting alongside seasoned veterans were more than 160 newly recruited regiments and other soldiers who had yet to encounter serious action In the phrase of the time these men came to Shiloh to see the elephant Drawing on the letters diaries and other reminiscences of these raw recruits on both sides of the conflict Seeing the Elephant gives a vivid and valuable primary account of the terrible struggle From the wide range of voices included in this volume emerges a nuanced picture of the psychology and motivations of the novice soldiers and the ways in which their attitudes toward the war were affected by their experiences at Shiloh

The Badax Tigers Thomas P. Nanzig, 2007-11-09 When the Badax County Tigers left the small town of Viroqua Wisconsin in the autumn of 1861 they had little notion of what military service would demand of them The Badax Tigers were as common a company in as common a regiment as may be found in the annals of the Civil War They marched camped and fought their way through four years of service with their fair share of battle honors and few blemishes to mar their record They rallied at Shiloh stood firm at Corinth laid siege to Vicksburg rescued Chattanooga and saved Allatoona In short they represented the backbone of the Federal volunteer army from 1861 to 1865 When the original Tigers returned to Viroqua at the close of the war they numbered only fourteen men out of the more than 100 recruits who had been mustered into service This intimate unit history of the Badax Tigers chronicles the experiences of Company C of the 18th Wisconsin Volunteer Infantry during the entire Civil War as seen through the eyes of Private Thomas Jefferson Davis Davis s letters provide an extraordinarily complete picture of a typical Federal volunteer company in the Civil War Supplemented by newspaper articles and the letters of some soldiers that were written and intended for publication in local newspapers The Badax Tigers is a detailed and comprehensive portrait of the Civil War from the perspective of the average soldier On the Road to Freedom Charles E. Cobb Jr., 2008-01-15 This in depth look at the civil rights movement goes to the places where pioneers of the movement marched sat in at lunch counters gathered in churches where they spoke taught and organized where they were

arrested where they lost their lives and where they triumphed Award winning journalist Charles E Cobb Jr a former organizer and field secretary for SNCC Student Nonviolent Coordinating Committee knows the journey intimately He guides us through Washington D C Maryland Virginia North Carolina South Carolina Georgia Alabama Mississippi and Tennessee back to the real grassroots of the movement He pays tribute not only to the men and women etched into our national memory but to local people whose seemingly small contributions made an impact We go inside the organizations that framed the movement travel on the Freedom Rides of 1961 and hear first person accounts about the events that inspired Brown vs Board of Education An essential piece of American history this is also a useful travel guide with maps photographs and sidebars of background history newspaper coverage and firsthand interviews

Thomas Foster II,Lisa M. Paciulli,David J. Goldstein,2016-05-05 Viewing the Future in the Past is a collection of essays that represents a wide range of authors loci and subjects that together demonstrate the value and necessity of looking at environmental problems as a long term process that involves humans as a causal factor Editors H Thomas Foster II Lisa M Paciulli and David J Goldstein argue that it is increasingly apparent to environmental and earth sciences experts that humans have had a profound effect on the physical climatological and biological earth Consequently they suggest that understanding any aspect of the earth within the last ten thousand years means understanding the density and activities of Homo sapiens The essays reveal the ways in which archaeologists and anthropologists have devised methodological and theoretical tools and applied them to pre Columbian societies in the New World and ancient sites in the Middle East Some of the authors demonstrate how these tools can be useful in examining modern societies The contributors provide evidence that past and present ecosystems economies and landscapes must be understood through the study of human activity over millennia and across the globe **Subject Catalog** Library of Congress,1982
