Making Evangelical History Andrew Atherstone, David Ceri Jones, 2019-04-08 This volume makes a significant contribution to the history of ecclesiastical histories with a fresh analysis of historians of evangelicalism from the eighteenth century to the present It explores the ways in which their scholarly methods and theological agendas shaped their writings Each chapter presents a case study in evangelical historiography Some of the historians and biographers examined here were ministers and missionaries while others were university scholars They are drawn from Anglican Baptist Congregationalist Methodist Presbyterian Fundamentalist and Pentecostal denominations Their histories cover not only transatlantic evangelicalism but also the spread of the movement across China Africa and indeed the whole globe Some wrote for a popular Christian readership emphasising edification and evangelical hagiography others have produced weighty monographs for the academy These case studies shed light on the way the discipline has developed and also the heated controversies over whether one approach to evangelical history is more legitimate than the rest As a result this book will be of considerable interest to historians of religion

The Shape of Faith to Come Brad J. Waggoner, 2008-10-15 Various studies suggest Christians in North America are not qualitatively different in their character and practices than non believers While some churches are growing numerically many wonder to what impact Can we determine if our churches are producing Christians who look think and act like true followers of Jesus Christ In *The Shape of Faith to Come* research expert Brad J Waggoner and his team measure the beliefs and actions of 2 500 active Protestant churchgoers from across the country against seven key standards of Biblical spiritual formation Learning the truth Obeying God and denying self Sharing faith Serving God and others Exercising Biblical faith Building solid relationships Seeking God The findings reveal the current state and forecast of spiritual formation in the U S A Adding encouragement to his insights Waggoner calls all Christians to spiritual maturity and challenges church leaders to intentionally take up the mantle of making true disciples Endorsements Descriptive and prescriptive this work will be seen as one of the best books ever written on what is really taking place in the discipleship process of Christians Thom S Rainer coauthor of the 1 best seller *Simple Church* The elephant in the room of evangelicalism is the surprising lack of disciplined believers in all different kinds of churches We have produced a cafeteria Christianity rather than a robust orthodoxy and Jesus shaped spirituality In this challenging and disturbing book Brad Waggoner draws on twenty years of research in discipleship and spiritual formation to not just show us who we are but to point us to what we must do *The Shape of Faith to Come* will become a milestone as

evangelicals begin to take discipleship seriously once again Ed Stetzer coauthor of *Lost and Found The Younger Unchurched and Churches that Reach Them* This book comes closer than any study with which I m familiar to providing an insightful and objective evaluation of the spiritual condition of the church in America Where is the church weak and where is she strong Some of the answers indicated by *The Shape of Faith to Come* may surprise you Donald S Whitney author of *Spiritual Disciplines for the Christian Life* *Fletcher's Appeal to Matter of Fact & Common Sense* John Kingston,1814 **Crumbs** Jr. Wallace,2008-10 *Work Ethics And The Generation Gap* Many employers are noticing a pessimistic difference in today s generation We are all asking what happened to responsibility motivation having positive values and integrity along with wanting and expecting more of today s youth and ourselves Of course there are many who have that excellent work ethic already There are those who are workaholics and may need more balance in their lives and maybe manage their time more wisely which is also covered in this book It sounds like there may be some questions The real question may be Do we have the answers and how do we meet this solution as a nation I believe those of us who are parents employers teachers and all positive active members of the community can motivate the necessary changes towards more agreeable and moral principals Dr Joanne Sujansky founder of KEY group author and certified professional speaker sheds some light on Generation X Y and the baby boomers in chapter ten Also find out what the community has to say in chapter seven Champion Craig Johnson,2018-04-03 *A Celebration of Everyone Who Fulfills Their Purpose Through Unexpected Challenges* Until two years of age Craig and Samantha s son Connor was just like other kids playful verbal and affectionate Then everything changed He stopped talking displayed behavioral problems and withdrew into his own world The official diagnosis autism Faced with seemingly insurmountable odds Craig and Samantha refused to believe a meaningful life for Connor was impossible God confirmed their faith by revealing to Craig that Connor would one day touch the lives of thousands of people around the world Craig and Samantha held that unlikely promise in their hearts during the agonizing years ahead *Champion* is a spellbinding chronicle of the twists and turns of Connor s journey guided by his parent s steadfast hope in God s promises Through the unexpected breaking of their spirits the Holy Spirit was poured out culminating in a miracle that has launched a global ministry to the disabled Wake Up Counselors! William L. Fibkins,2013-06-20 Providing individual and group counseling for secondary school students was once a major priority for secondary school counselors However many guidance programs have abandoned this role and counselors have become quasi administrators who spend most of their time scheduling students for classes managing mandated testing programs resolving discipline issues and advising students on college admissions Counseling students on personal and well being issues takes up a very small part of the time In many school districts social workers student assistance counselors and school psychologists have taken over the counseling duties Critical issues are now causing school leaders to consider reorganizing school guidance staff so there is a cadre of counselors trained and charged with the mission of providing individual and group counseling for troubled teens First the number of

troubled teens arriving at the schoolhouse door looking for help has exploded Second budget cuts have eliminated or drastically curtailed many of the services of social workers student assistance counselors and psychologists The result Many once open doors for help are now closed and schools counseling services are failing many students parents and educators in need of intervention This book provides a new model in which well trained counselors can once again regain their historic role in counseling troubled teens parents and training staff and students on the front lines to act not look the other way when they observe a student heading towards the margins of school life *The Church School Herald-journal* ,1996
