Miller, Ryan West, 2020-03-04 We tend to admire people who stay true to their convictions in the face of opposition who are not tempted to twist or withhold the truth for selfish reasons and who seek the truth even when it means giving up their cherished views Indeed integrity honesty and truth seeking are crucial virtues on both intimate and global scales significant in everything from our relationships to our politicians accountability The past forty years have witnessed a dramatic resurgence of philosophical interest in the virtues And yet there has been surprisingly little work among philosophers aimed at helping us better understand these three truth related virtues Edited by philosophers Christian B Miller and Ryan West this interdisciplinary volume significantly advances the discussion of integrity honesty and truth seeking by incorporating the insights and perspectives of experts in philosophy law communication and rhetorical studies theology psychology history and education Each of the volume s three sections is devoted to one virtue and comprises a conceptual chapter about the nature of the virtue in question an application chapter that explores the virtue s central role in an area of human life and a developmental chapter covering some of the ways people can foster the virtue Additionally the volume addresses experimental work on honest and dishonest behavior one of the fastest growing and most important research areas in the field of moral psychology today Every reader will come away from this volume with a deepened knowledge of and appreciation for the essential roles of these three virtues in our world and rich resources for developing and sustaining them in life

The Faustian Motif in the Tragedies by Christopher Marlowe Milena Kaličanin,2014-07-18 The Faustian Motif in the Tragedies by Christopher Marlowe discusses the argument that the pact with demonic forces and or its consequences is a motif explored not only in Doctor Faustus but in Marlowe s other plays as well Tamburlaine the Great Dido Queen of Carthage The Jew of Malta The book sets out to explore the way Marlowe explained this process from play to play in psychological and cultural terms and to demonstrate its relevance for modern man and his culture The text is divided into the Introduction and four main parts each focusing on a particular aforementioned play by Marlowe The book does not follow the actual chronological order in which these plays are supposed to have been written not because it is uncertain but for the obvious reason suggested by the nature of the theme the text begins with Dr Faustus because it is the only way to introduce and discuss the possible symbolic meanings of the act of selling one s soul to the Devil It ends with The Jew of Malta because in the world of Marlowe s Malta

closest perhaps to our own in its mindless pursuit of profit the major protagonists no longer have any soul to lose or to renounce The method used in the book is wide ranging and eclectic besides relying on some permanently valid ideas of Humanist criticism the book also offers insights into the views of the New Critics particularly their requirement of the close reading of the literary works chosen for examination Their approach is combined here with that of the New Historicists who provided a corrective to the New Critic s formalism by insisting on the importance of taking into consideration the historical and cultural context the work belongs to The book will appeal to both scholars and students interested in the field of the English Renaissance literature and also to a wider reading audience keen on observing detecting and understanding the cultural processes equally relevant for the history of the English Renaissance period and present day Western society
