Seeking The Woman In Late Medieval And Renaissance Writings Essays In Feminist Contextual Criticism:

Seeking the Woman in Late Medieval and Renaissance Writings Sheila Fisher, Janet E. Halley, 1989 **The Problem of Woman in Late-medieval Hispanic Literature** Robert Archer, 2005 This book argues that the problem of gender identity is vital to the large corpus of medieval Hispanic texts that discuss the nature of women What is a woman This book questions the persistent assumption that the large corpus of medieval Hispanic texts that discuss the nature of women can be defined in terms of the clichéd discourses of misogyny and defence of women arguing instead that the problem of gender identity is vital to them all The texts some well known others which have received scant critical attention are each discussed in their specific contexts and in relation to the ostensible reasons for their composition such as a political literary religious or didactic agenda They are also related to the literary traditions in which they are written misogynistic denunciation satire humour defence narrative debate among others and the particular theoretical problems arising from them are discussed But it is also argued that the full meaning of the texts lies at the less immediately accessible level at which they address this very problem of definition one which arises directly from the self-perpetuating contradictions of authoritative wisdom on the nature of women ROBERT ARCHER holds the Cervantes Chair of Spanish at King's College London

The Memoirs of Helene Kottanner (1439-1440) Maya Bijvoet Williamson, Helene Kottanner, 1998 Helene Kottanner's account one of the oldest known pieces of historical prose written by a woman transcends the loyal discretion of a royal servant and is unconsciously revealing about herself and her ambitions The Discourse of Enclosure Shari Horner, 2001-05-24 2001 CHOICE Outstanding Academic Title Exploring Old English texts ranging from Beowulf to the Lives of Saints this book examines ways that women's monastic material and devotional practices in Anglo-Saxon England shaped literary representations of women and femininity Horner argues that these representations derive from a discourse of female monastic enclosure based on the increasingly strict rules of cloistered confinement that regulated the female religious body in the early Middle Ages She shows that the female subjects of much Old English literature are enclosed by many layers literal and figurative textual material discursive spatial all of which image and reinforce the powerful institutions imposed by the Church on the female body Though it has long been recognized that medieval religious women were enclosed and that virginity was highly valued this book is the first to consider the interrelationships of these two positions that is how the material practices of female monasticism inform the textual operations of Old English literature *Maids and Mistresses, Cousins and Queens* Susan Frye, Karen Robertson, 1999-01-28 This new collection of sixteen essays considers evidence for the varied forms of women's alliances in early modern England It shows how women prohibited from direct participation in the institutional structures that shaped the lives of men constructed informal connections with other females for purposes of survival advancement and creativity The essays presented here consider a variety of communities formed among groups as diverse as serving women vagrants aristocrats and authors in order to study the historical traces of women's connections

Alliance as understood by the essayists in this volume does not preclude competition or antagonism since the bonds among women were frequently determined by an opposition to other women As shown here the theorizing of women s connections and the recovery of the historical evidence for these connections can only add to our understanding of women s activities in early modern English society Maids and Mistresses Cousins and Queens is divided into four sections The first two Alliances in the City and Alliances in the Household examine the circumstances of women s communities in two primary sites for women of this place and time The second two Materializing Communities and Emerging Alliances fully study the aspirations that guided and transformed the courses of women s lives All of these interdisciplinary essays deftly combining literary and historical methods and materials are informed by feminism queer theory and studies of class and race in the early modern period

The Complete Poems R. Rebholz, Thomas Wyatt, 2015-07-30 As a diplomat in Renaissance Europe and a luminary at the court of Henry VII Sir Thomas Wyatt wrote in an incestuous world where everyone was uneasily subject to the royal whims and rages Wyatt had himself survived two imprisonments in the Tower as well as a love affair with Anne Boleyn and his poetry that of an extraordinarily sophisticated passionate and vulnerable man reflects these experiences making disguised reference to current political events Above all though Wyatt is known for his love poetry which often dramatizes incidents and remembered conversations with his beloved with an ear acutely sensitive to patterns of rhythm and colloquial speech Conveying the actuality of betrayal or absence and the intense pressure of his longing for a love that could be trusted these are some of the most haunting poems in the English language

literature in early sixteenth century England and Scotland The author examines courtly poetry and drama in the context of a complex system of entertainment education self fashioning dissimulation propaganda and patronage He places selected works under close critical scrutiny to explore the symbiotic relationship that existed between court literature and important socio political economic and national contexts of the period 1500 to 1540 The first two chapters discuss the pervasive influence of patronage upon court literature through an analysis of the panegyric verse that surrounded the coronation of Henry VIII The rhetorical strategies adopted by courtiers within their literary works however differed depending on whether the writer was at the time of writing the verse or drama excluded or included from the environs of the court The different often elaborate rhetorical strategies are through close readings of selected verse delineated and discussed in chapter three on David Lyndsay and chapter four on Thomas Wyatt and Thomas Elyot

English Women's Spiritual Utopias,

1400-1700 Alexandra Verini, 2022-06-06 English Women's Spiritual Utopias 1400 1700 New Kingdoms of Womanhood uncovers a tradition of women's utopianism that extends back to medieval women's monasticism overturning accounts of utopia that trace its origins solely to Thomas More As enclosed spaces in which women wielded authority that was unavailable to them in the outside world medieval and early modern convents were self consciously engaged in reworking pre existing cultural heritage to project desired proto feminist futures The utopianism developed within the English convent percolated outwards to unenclosed women's spiritual communities such as Mary Ward's Institute of the Blessed Virgin and the Ferrar family at Little Gidding Convent based utopianism further acted as an unrecognized influence on the first English women's literary utopias by authors such as Margaret Cavendish and Mary Astell Collectively these female communities forged a mode of utopia that drew on the past to imagine new possibilities for themselves as well as for their larger religious and political communities Tracking utopianism from the convent to the literary page over a period of 300 years New Kingdoms writes a new history of medieval and early modern women's intellectual work and expands the concept of utopia itself

particular interest to scholars of mysticism and spirituality as well as practical pastoral and feminist theology **The Writings of Medieval Women** Marcelle Thiebaux, 2019-05-23 Published in 1994 The period surveyed in this anthology extends from the eve of Christianity's triumph in the third century to the new age of expansion in the fifteenth century an age marked by the advent of printing pressed the European discovery of the Caribbean islands which Columbus called the Indies the relentless stripping of medieval altars by Church reformists and perhaps a diminution of female autonomy *Male Authors, Female Readers* Anne Clark Bartlett, 2018-10-18 Holy men despise women and view them as foul and sticking dirt in the road asserts the male author of the fifteenth century Book to a Mother Middle English devotional writings reflect shades of misogyny ranging from the blatant to the subtle yet these texts were among the most popular literature known to the earliest generation of English women readers In the first book to examine this paradox Anne Clark Bartlett considers why medieval women enjoyed such male authored works as *Speculum Devotorum* *The Tree* *The Twelve Fruits of the Holy Ghost* and *Contemplations on the Dread and Love of God* Demonstrating that these texts actually provided alternative and more appealing notions of gender than those authorized by the Church Bartlett redefines women's participation in medieval culture in terms of far greater agency and empowerment than have generally been acknowledged Writings on Love in the English Middle Ages H. Cooney, 2006-09-02 This is a set of essays from many of the leading scholars in the world of medieval studies which addresses a wide diversity of texts and genres and their diverse perspectives on love Attention is given to interaction between English writings and putative continental and international influences with particular emphasis on the works of Chaucer Thinking Medieval Romance Katherine C. Little, Nicola McDonald, 2018-10-17 Medieval romances with their magic fountains brave knights and beautiful maidens have come to stand for the Middle Ages more generally This close connection between the medieval and the romance has had consequences for popular conceptions of the Middle Ages an idealized fantasy of chivalry and hierarchy and also for our understanding of romances as always already archaic part of a half forgotten past And yet romances were one of the most influential and long lasting innovations of the medieval period To emphasize their novelty is to see the resources medieval people had for thinking about their contemporary concern and controversies whether social order Jewish Christian relations the Crusades the connectivity of the Mediterranean women's roles as mothers and how to write a national past This volume takes up the challenge to think romance investigating the various ways that romances imagine reflect and describe the challenges of the medieval world **Of Giants** Jeffrey Jerome Cohen, 1999 *Early Modern Women's Writing and Sor Juana Inés de la Cruz* Stephanie Merrim, 1999 This book maps the field of seventeenth century women's writing in Spanish English and French and situates the work of Sor Juana more clearly within that field It holds up the multi layered proto feminist writings of Sor Juana as a meaningful lens through which to focus the literary production of her female contemporaries Merrim's book advances the integration of Hispanic women authors and women's issues into the panorama of early modern women's writing and opens up unexplored commonalities

between Sor Juana and her sister writers Early modern women writers whose works are explored include Marie de Gournay Margaret Fell Fox Catalina de Erauso Maria de Zayas Ana Caro Mme de Lafayette Anne Bradstreet St Teresa and Margaret Lucas Cavendish Merrim s study provides a full bodied picture of the resources that the cultural and historical climates of the seventeenth century placed at the disposal of women writers the manners in which women writers instrumentalized them the building blocks and concerns of early modern women s writing and the continuities between early modern and modern women s writing Written in an engaging clear manner this innovative study will be of interest not only to Hispanists but also to scholars in early modern studies women s studies history and comparative literature **Excessive Saints** Rachel J. D. Smith, 2018-12-18 For thirteenth century preacher exorcist and hagiographer Thomas of Cantimpr the Southern Low Countries were a harbinger of the New Jerusalem The Holy Spirit he believed was manifesting itself in the lives of lay and religious people alike Thomas avidly sought out these new kinds of saints writing accounts of their lives so that these models of sanctity might astound teach and trouble the convictions of his day In *Excessive Saints* Rachel J D Smith combines historical literary and theological approaches to offer a new interpretation of Thomas s hagiographies showing how they employ vivid narrative portrayals of typically female bodies to perform theological work in a rhetorically specific way Written in an era of great religious experimentation Thomas s texts think with and through the bodies of particular figures the narrative of the holy person s life becomes a site of theological invention in a variety of registers particularly the devotional the mystical and the dogmatic Smith examines how these texts represent the lives and bodies of holy women to render them desirable objects of devotion for readers and how Thomas passionately narrates these lives even as he works through his uncertainties about the opportunities and dangers that these emerging forms of holiness present *Excessive Saints* is the first book to consider Thomas s narrative craft in relation to his theological projects offering new visions for the study of theology medieval Christianity and medieval women s history *Ancrene Wisse* Robert Hasenfratz, 2001-03-01 *Ancrene Wisse* or the *Anchoresses Guide* Cambridge Corpus Christi College MS 402 written sometime roughly between 1225 and 1240 represents a revision of an earlier work usually called the *Ancrene Riwe* or *Anchorites Rule* a book of religious instruction for three lay women of noble birth
