Seeking The Absolute Love The Founders Of Christian Monasticism:

Seeking the Absolute Love Mayeul de Dreuille,1999 *Demythologizing Celibacy* William Skudlarek,2017-06-15

When St Benedict compiled his Rule for Monasteries in the early decades of the sixth century the Buddhist monastic code had already been in existence for about nine hundred years Since monastic life is shaped by spiritual practices that are very similar across different religious traditions it should not be too much of a stretch to suggest that Christians can learn from the accumulated wisdom of Buddhist monasticism For Buddhists celibacy accompanied by skillful reflection on their personal reactions to it is a means of letting go of attachment to sensory pleasure Buddhist monks do not marry they strive to relinquish the desire for sexual pleasure because this form of gratification obstructs the one pointed stillness that leads to insight For Christians celibacy like marriage is ultimately about love responding to God s love for us and expressing selfless love for others In light of the Christian understanding of marriage as an authentic indeed the ordinary path to holiness Skudlarek proposes a demythologized view of celibacy presenting it as an alternate and equally valid spiritual practice for those who choose not to accept the demands of a committed sexual relationship Drawing on the monastic interreligious dialogue Skudlarek considers the Buddhist view of celibacy which is not mythologized as a response to a divine call or as a superhuman way of life He examines their regard for it as simply and profoundly a path to freedom peace and happiness As Christians become aware of the benefits of celibacy for monks who observe it without reference to the Gospel they may be able to appreciate all the more its importance and value for those who wish to follow Christ as celibates and in this way come to share in the freedom of the children of God [The Cappadocian Mothers](#) Carla D. Sunberg,2018-01-01 The Cappadocian Fathers had great influence on the church of the fourth century having brought their passion for Christ and theological expertise to life in their ministry Their work was not devoid of influence including that of their immediate family members Within their writings we uncover the lives of seven women the Cappadocian Mothers who may have had more influence on the theology of the church than previously believed As the Cappadocians wrestle with the Christianization of the concept of deification we find the women in their lives becoming models for their theological understanding The lives of the women become points of intersection in the kenosis theosis parabola Not only are the Cappadocian Mothers uncovered in the texts but they become models of an optimistic theology of restoration for all of humanity without constraint of gender **Seeking in Solitude** Bernadette McNary-Zak,2014-06-02 *Seeking in Solitude* examines select forms of contemporary Roman Catholic eremitic life and practice in the United States Given the sustained presence of and increased interest in the eremitic life and practice this book responds to the question of the place of the hermit in American Catholicism in a way that neither mystifies nor mythologizes it but rather attempts to understand it **Our Deepest Desire: Prayer, Fasting & Almsgiving in the Writings of Augustine of Hippo** Sister Susan SLG,2022-03-07 Fairacres Publication 193 This is a book about the practices of prayer fasting and almsgiving as we meet them in the teaching of St Augustine of Hippo He is generally acclaimed as

someone who has had enormous influence on Christian theology and much has been written about him by scholars. However, apart from a number of translations of the Confessions, few of his writings are accessible to the ordinary reader, even though as Bishop of Hippo he constantly wrote and preached for his people. The first part of this book presents Augustine's teaching on three central practices of Christian living: prayer, fasting, and almsgiving, with reference to his sermons and his commentaries on the Psalms. The second part places it alongside some recent authors who demonstrate how this triad continues to be of value to Christians today. Although it has been conceived as a Lent book, this text provides a reflective introduction to these ways of Christian living in whatever season of the Church's year a reader picks it up.

The Monastic Footprint in Post-Reformation Movements Kenneth C. Carveley, 2022-04-19 This book examines the influence of the monastic tradition beyond the Reformation. Where the built monastic environment had been dissolved, desire for the spiritual benefits of monastic living still echoed within theological and spiritual writing of the seventeenth and eighteenth centuries as a virtual exegetical template. The volume considers how the writings of monastic authors were appropriated in post-Reformation movements by those seeking a more fervent spiritual life and how the concept of an internal cloister of monastic ascetic spirituality influenced several Anglican writers during the Restoration. There is a careful examination of the monastic influence upon the Wesleys and the foundation and rise of Methodism. Drawing on a range of primary sources, the book will be of particular interest to scholars of monastic and Methodist history and to those engaged in researching ecclesiology and in ecumenical dialogues.

Water from a Deep Well Sittser, Gerald L., 2013-04-23 Gerald L. Sittser carves out a new discipline that blends spirituality and Christian history. He overviews Christian history through the lens of spirituality, looking at what we can learn about the spiritual life from various figures and eras.

New Dictionary of Theology Martin Davie, Tim Grass, Stephen R. Holmes, John McDowell, Thomas A. Noble, 2016-04-27 This classic one-volume reference work is now substantially expanded and revised to focus on a variety of theological themes, thinkers, and movements. From African Christian Theology to Zionism, this volume of historical and systematic theology offers a wealth of information and insight for students, pastors, and all thoughtful Christians.

The Rule of Saint Benedict and the Ascetic Traditions from Asia to the West Mayeul de Dreuille, 2000 The Rule of St. Benedict, illuminated by the texts and traditions of Hindu and Buddhist monasticism as well as by the Desert Fathers and the spiritual giants of the Western and Oriental Christian traditions.

The Rule of St. Benedict, 2008-03-25 The single most important document on monastic life that helped to shape Western society. Composed in Italy around 530 AD but based on earlier compilations, the Rule of St. Benedict has been the defining guide to daily prayer and work for Benedictine communities for fifteen centuries. The Rule also embodies the idea of a written constitution, authority limited by law and under the law, and the right of the ruled to review the legality of their superiors' actions, ideas at the heart of the West's most treasured civic institutions. This is a fundamental contribution to the tradition of simple living that continues to

Noble, 2013-02-19 Teaching on the sanctification of Christians using the difficult word perfection has been part of Christian spirituality through the centuries The Fathers spoke of it and Augustine particularly contributed his penetrating analysis of human motivation in terms of love Medieval theologians such as Bernard and Thomas Aquinas developed the tradition and wrote of levels or degrees of perfection in love However the doctrine has not fared so well among Protestants John Wesley was the one major Protestant leader who tried to blend this ancient tradition of Christian perfection with the Reformation proclamation of justification by grace through faith This book seeks to develop Wesley's synthesis of patristic and Reformation theology in order to consider how Christian perfection can be expressed in a more nuanced way in today's culture Noble examines what basis may be found for Wesley's understanding of sanctification in the central doctrines of the church particularly the atonement the doctrine of Christ and the most comprehensive of all Christian doctrines the doctrine of the Holy Trinity What he sets out is a fully trinitarian theology of holiness **Routledge Revivals: Women and Gender in Medieval Europe (2006)** Margaret Schaus, 2017-07-12 First published in 2006 *Women and Gender in Medieval Europe* examines the daily reality of medieval women from all walks of life in Europe between 450 CE and 1500 CE This reference work provides a comprehensive understanding of many aspects of medieval women and gender such as art economics law literature sexuality politics philosophy and religion as well as the daily lives of ordinary women Masculinity in the middle ages is also addressed to provide important context for understanding women's roles Additional up to date bibliographies have been included for the 2016 reprint Written by renowned international scholars and easily accessible in an A to Z format students researchers and scholars will find this outstanding reference work to be a valuable resource on women in Medieval Europe **Disability in Antiquity** Christian Laes, 2016-10-04 This volume is a major contribution to the field of disability history in the ancient world Contributions from leading international scholars examine deformity and disability from a variety of historical sociological and theoretical perspectives as represented in various media The volume is not confined to a narrow view of antiquity but includes a large number of pieces on ancient western Asia that provide a broad and comparative view of the topic and enable scholars to see this important topic in the round Disability in Antiquity is the first multidisciplinary volume to truly map out and explore the topic of disability in the ancient world and create new avenues of thought and research **The Catholic Periodical and Literature Index**, 2000 [By Faith and Hospitality](#) Pierre-Francois De Bethune, 2002 Today more than ever it is important that our faith be linked to hospitality to welcome the stranger in our midst This book testifies to the fruitfulness of the process when applied to
