INTRODUCTION From 1892 to 1924 Ellis Island was America s largest and most active immigration station where over 12 million immigrants were processed On average the inspection process took approximately 3 7 hours For the vast majority of immigrants Ellis Island truly was an Island of Hope the first stop on their way to new opportunities and experiences in

America For the rest it became the Island of Tears a place where families were separated and individuals were denied entry into this country Famous Ellis Island Immigrants Among the 12 million immigrants who passed through Ellis Island a handful achieved lasting fame and sometimes infamy after their arrival in America You may be surprised who you meet here On a typical day at the Ellis Island Immigration Station immigrants came face to face with inspectors interpreters nurses doctors social workers and many others As a large federal facility employing approximately five hundred employees at a time Ellis Island was a well organized workforce The complex work of processing thousands of immigrants a year required a full complement of staff Some names are known others remain anonymous but all of them contributed to the primary function of the Immigration Station on Ellis Island to make sure that newcomers to the United States were legally and medically fit to enter the country
