been ours on the other hand I who found it as hard to assimilate new as I found it easy to abandon old conditions I felt myself drawn towards our old servant when I saw that this installation of herself in a building where she had not received from the hall porter who did not yet know us the marks of respect necessary to her moral wellbeing had brought her positively to the verge of dissolution She alone could understand what I was feeling certainly her young footman was not the person to do so for him who was as unlike the Combray type as it was possible to conceive packing up moving living in another district were all like taking a holiday in which the novelty of one's surroundings gave one the same sense of refreshment as if one had actually travelled he thought he was in the country and a cold in the head afforded him as though he had been sitting in a draughty railway carriage the delicious sensation of having seen the world at each fresh sneeze he rejoiced that he had found so smart a place having always longed to be with people who travelled a lot And so without giving him a thought I went straight to Fran oise who in return for my having laughed at her tears over a removal which had left me cold now shewed an icy indifference to my sorrow but because she shared it The sensibility claimed by neurotic people is matched by their egotism they cannot abide the flaunting by others of the sufferings to which they pay an ever increasing attention in themselves Fran oise who would not allow the least of her own ailments to pass unnoticed if I were in pain would turn her head from me so that I should not have the satisfaction of seeing my sufferings pitied or so much as observed It was the same as soon as I tried to speak to her about our new house Moreover having been obliged a day or two later to return to the house we had just left to retrieve some clothes which had been overlooked in our removal while I as a result of it had still a temperature and like a boa constrictor that has just swallowed an ox felt myself painfully distended by the sight of a long trunk which my eyes had still to digest Fran oise with true feminine inconstancy came back saying that she had really thought she would stifle on our old boulevard it was so stuffy that she had found it quite a day's journey to get there that never had she seen such stairs that she would not go back to live there for a king's ransom not if you were to offer her millions a pure hypothesis and that everything everything that is to say to do with the kitchen and usual offices was much better fitted up in the new house Which it is high time now that the reader should be told and told also that we had moved into it because my grandmother not having been at all well though we took care to keep this reason from her was in need of better air was a flat forming part of the H tel de Guermantes
