Boxing, Volume I Matthew Bell,Gary Armstrong,2021-02-20 A Social History of Sheffield Boxing combines urban ethnography and anthropology sociological theory and place and life histories to explore the global phenomenon of boxing Raising many issues pertinent to the social sciences such as contestations around state regulation of violence commerce and broadcasting pedagogy and elite sport and how sport is delivered and narrated to the masses the book studies the history of boxing in Sheffield and the sport s impact on the cultural political and economic development of the city since the 18th century Interweaving urban anthropology with sports studies and historical research the text expertly examines a variety of published sources ranging from academic papers to biographies and from newspaper reports to case studies and contemporary interviews In Volume I Bell and Armstrong construct a vivid history of boxing and probe its cultural acceptance in the late 1800s examining how its rise was inextricably intertwined with the industrial and social development of Sheffield

Although Sheffield was not a national player in prize fighting s early days throughout the mid 1800s many parochial scores and wagers were settled by the use of fists By the end of the century boxing with gloves had become the norm and Sheffield had a valid claim to be the chief provincial focus of this new passion largely due to the exploits of George Corfield Sheffield s first boxer of national repute Corfield s deeds were later surpassed by three British champions Gus Platts Johnny Cuthbert and Henry Hall Concluding with the dual themes of the decline of boxing in Sheffield and the city s changing social profile from the 1950s onwards the volume ends with a meditation on the arrival of new migrants to the city and the processes that aided or frustrated their integration into UK life and sport

Vampiro Don W. Hill M.D.,2018-10-29 When the most recent outbreak of human vampirism occurred in the narrow oasis of New Mexico s lower Rio Grande Valley the terrifying oral tradition that had been passed on for more than four centuries had yet again been sadly reconfirmed Every two decades or so one or more bloodthirsty ghouls would appear that would prey upon the unsuspecting and completely vulnerable members of New Mexico s small but harmonious and tightly knit community that had long been an admixture of First American Hispanic and Anglo residents As a young curandera Lorena Pastore was only

twenty five years old when the last outbreak occurred and she remembered the devastation and shocking horror that had rapidly spread throughout her beloved community at that time She had erroneously predicted that she would be well into her middle years of life when the next outbreak would be anticipated to once again rear its ugly head Sadly that was not to be the case For some inexplicable reason after only a brief remission of a little more than a seven year hiatus the malignant disease of human vampirism had been reincarnated This time the vampiro outbreak was destined to appear on Lorena Pastore s very own doorstep
