The Nurture Method Lindsay Ambrose, Arden Joy, 2025-08-07 Embrace the messy beautiful journey of parenthood with mindfulness sincerity and humor Today's parents want to raise mindful self-aware wholehearted kids But parents of infants quickly find that most resources only address mindfulness for those with older children Enter *The Nurture Method Mindful Parenting with Babies* which gives parents the tools skills and practical strategies to be more mindful connected and positive with their little ones *The Nurture Method* is a practical evidence-based guide that helps tired parents learn to cultivate mindfulness connection and presence with their baby Written by two moms and well-being experts this book takes the perfectionism out of parenting providing a relatable and accessible approach to enjoying more and stressing less Backed by science and grounded in research it offers a framework for understanding how to be more present in the parenting journey and create a nurturing atmosphere at home Real-life examples step-by-step techniques and beautiful illustrations make it easy to implement these methods even on the most chaotic of days Acknowledging that early childhood can be one of the most difficult times for new parents *The Nurture Method* shows readers how to distill the concepts of mindfulness into activities that can be sprinkled into everyday life By starting small parents can cultivate a more nurturing and present focused home atmosphere that will set the foundation for their baby to thrive Changing Heaven Jane

Urquhart, 2011-05-03 Two worlds are intertwined in this hauntingly beautiful story as it moves from Toronto to the English moors and to Venice Italy The time frame shifts between present and past linking the lives of a young Brontë scholar a woman in the throes of a troubled love affair a turn-of-the-century female balloonist and an elusive explorer with the ghost or the memory of Emily Brontë Urquhart reveals something about the act of artistic creation the ways in which stories enter our lives and about the cyclical nature of love throughout time This is a novel of darkness and light of intense weather and inner calm
