Looking For Orlando:

Sally Potter Catherine Fowler, 2010-10-01 This survey of Sally Potter's work explores her cinematic development from the feminist reworking of *La Bohème* in *Thriller* to the provocative contemplation of romantic relationships after 9/11 in *Yes*. Catherine Fowler traces a clear trajectory of developing themes and preoccupations and shows how Potter uses song, dance, performance and poetry to expand our experience of cinema beyond the audiovisual. Potter has relentlessly struggled against predictability and safe options. Again and again her works grapple with the complexities of being a woman in charge. Instead of the quest to find a romantic partner that drives mainstream cinema, Potter's films feature characters seeking answers to questions about their sexual, gendered, social, cultural and ethnic identities. They find answers by retelling stories, investigating mysteries and traveling and interacting with people. At the heart of Potter's work is a concern with the ways narrative circumscribes women's ability to act, speak, look, desire and think for themselves. Her first two films, *Thriller* and *The Gold Diggers*, largely deconstruct found stories, clichés and images. By contrast, later films like *Orlando* and *The Tango Lesson* create new and original narratives that place female acts, voices, looks, desires and thoughts at their center. Fowler's analysis is supplemented by a detailed filmography, bibliography and an extensive interview with the director. **Study Guide to As You Like It by William Shakespeare** Intelligent Education, 2020-03-27 A comprehensive study guide offering in-depth explanation, essay and test prep for William Shakespeare's *As You Like It*, one of Shakespeare's great or middle comedies. As a satirical tale of pastoral romance, *As You Like It* examines the cruelties and corruption of court life and love. Moreover, Shakespeare amusingly weaves a tale of love manifested in varied forms but targets the main theme of love at first sight through his playful imagery and characters. This Bright Notes Study Guide explores the context and history of Shakespeare's classic work, helping students to thoroughly explore the reasons it has stood the literary test of time. Each Bright Notes Study Guide contains Introductions to the Author and the Work, Character Summaries, Plot Guides, Section and Chapter Overviews, Test Essay and Study Q. As the Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research. *The Body and the Screen* Kate Ince, 2017-01-12 Winner of the British Association of Film, Television and Screen Studies Best Book Prize 2018. Since the 1980s, the number of women regularly directing films has increased significantly in most Western countries. In France, Claire Denis and Catherine Breillat have joined Agnès Varda in gaining international renown, while British directors Lynne Ramsay and Andrea Arnold have forged award-winning careers in feature film. This new volume in the *Thinking Cinema* series draws on feminist philosophers and theorists from Simone de Beauvoir on to offer readings of a range of the most important and memorable of these films from the 1990s and 2000s, focusing as it does so on how the films convey women's lives and identities. Mainstream entertainment cinema traditionally distorts the

representation of women objectifying their bodies minimizing their agency and avoiding the most important questions about how cinema can do justice to female subjectivity Kate Ince suggests that the films of independent women directors are progressively redressing the balance reinvigorating both the narratives and the formal ambitions of European cinema Ince uses feminist philosophers to interpret such films as *Sex Is Comedy* Morvern Callar *White Material* and *Fish Tank* anew suggesting that a philosophical understanding of female subjectivity as embodied and ethical should underpin future feminist film study
