B. Morris,1969-09 This critical study of the group of remarkably talented poets who flourished in Spain between the First World War and the Spanish Civil War includes copious quotations accompanied by English prose translations Mr Morris treats his poets as a group showing how they shared certain themes and attitudes He begins with a general study of the generation as a whole and then examines the use of tradition the zest and levity of the Jazz Age the exaltation of life as a shared attitude then its converse the escape from

life and finally the expression in complex imagery of personal tensions and disturbances These are often difficult poets but become less so when they are sympathetically examined in this way and in relation to earlier literary traditions Mr Morris enables the reader to take bearings and establish relationships which are enhanced by reproductions of photographs of the poets

BOOK JACKET The Pirandellian Mode in Spanish Literature from Cervantes to Sastre Wilma Newberry, 1973-06-30 This volume is a vision of Spanish literature seen through Pirandellian eyes Those themes and techniques which Pirandello stamped with his name have actually characterized a segment of Spanish writing from the time of Cervantes Professor Newberry first examines those writers who preceded Pirandello or could not have felt his influence and then those who acknowledged the Italian's mastery or who wrote in the ambience he created She emphasizes how old are the Spanish themes that illusion and reality intermingle that life is fiction and fiction life that madness is often saner or preferable to sanity Meticulously she chronicles the Spaniards use of techniques associated with these themes the play within a play the theater that mingles fiction and life the breakdown of barriers between audience and stage the autonomous character Beginning with Cervantes's Don Quijote where madness and sanity change the very nature of reality and illusion she moves forward to Calderon's El gran teatro del mundo and other relevant works between Lope de Vega and Gald's The author devotes a special chapter to the género chico and particularly the sainetes of Ramón de la Cruz

for these works kept Pirandellian concepts alive during the somewhat infertile eighteenth century After examining Echegaray whose romantic works she shows to be only part of his contribution Professor Newberry turns to Ramón whom she skillfully links to the cubist school of painting There follows an extended discussion of Unamuno particularly his novel *Niebla* with its famous autonomous character Augusto Pérez The second part of this book deals with those authors aware of Pirandello and his work Professor Newberry begins with Azorín whose enthusiasm for and understanding of Pirandello and the tendencies associated with him are greater than those of any other Spanish writer Her brief examination of the Machado brothers shows how they have taken Pirandello's investigation into being and seeming and translated it into their own terms Because his most popular work is not Pirandellian few people have ever observed Pirandellian aspects in García Lorca's writing but *El Público* and other works certainly contribute to this book Casona on the other hand is enveloped by what Azorín described as the Pirandellian mist although Casona's treatment of how reality and illusion intermingle is uniquely his own Not limiting herself to discussing Grau's *El se or de Pigmalion* a play often considered in relation to Pirandello Professor Newberry brings up three other works that clearly indicate Grau's involvement in these themes and techniques Indeed one of his plays even incorporates a character Pirandello rejected and rarely have Spanish playwrights broken down the barriers between stage and audience so completely as Grau does in *Tabarín* Luca de Tena is shown to raise most Pirandellian problems in his plays but unlike the Italian he systemically rules in favor of life his conflicts are lighter and their resolution is happier Pedro Salinas the last author Professor Newberry considers at length is rarely studied as a playwright but his plays show the characteristic imprint of Pirandello fiction and reality are confused there are problems of identity he uses the autonomous character Nonetheless Salinas's basic view of life is diametrically opposed to Pirandello's for he is filled with love joy optimism and faith in the possibility of clarifying reality Finally the author looks at the Arte Nuevo group particularly Sastre and Palacio and she also considers Sotelo who like the other two was influenced not only by Pirandello but also by Thornton Wilder Professor Newberry provides a consistently interesting picture of how Spanish literature has always shown great interest in those themes and techniques we have come to call Pirandellian and how it has given them a stamp uniquely its own In an appendix the author includes a brief discussion of the Spanish works found in Pirandello's study

From Romanticism to Surrealism Robert Havard, 1988-01-01 The book offers an in depth critical appreciation of seven major Spanish poets Emphasis is on the modern period with five of the poets being twentieth century poets It is argued that the roots of modern poetry are to be found in Romanticism's anguished search for meaning The seven Spanish poets include Becquer Rosalía de Castro Antonio Machado Jorge Guillén Pedro Salinas García Lorca and Rafael Alberti

The Politics and New Humanism of André Brink Isidore Diala, 2018-11-08 This book appraises André Brink's reputation as an internationally acclaimed commentator on the enormities of the apartheid state and one of South Africa's foremost novelists. Highlighting Brink's enduring meditation on the writer's responsibility to a society in a state of moral and political siege and his exemplary position in the interrogation of the subtle discursive strategies of the apartheid establishment it refers extensively to Brink's oeuvre but focuses mainly on his first seven novels in English: *The Ambassadors*, *Looking on Darkness*, *An Instant in the Wind*, *Rumours of Rain*, *A Dry White Season*, *A Chain of Voices* and *The Wall of the Plague*. Aimed primarily at students of South Africa it draws on postcolonial theory to examine the ideological implications of the Western aesthetic and intellectual background that nurtured Brink's imagination, his fixation with the tragic vision, Christian theology and existentialism in the context of his professed political affiliations.
