

Middle East Affairs

Hatem Shareef Abu-Lebdeh

Middle East Affairs:

Handbook of US-Middle East Relations Robert Looney, 2014-05-22 Divided into three sections the Handbook of US Middle East Relations provides a thorough and up to date overview of contemporary US Middle East relations in historical perspective With chapters contributed by leading experts in the field this Handbook will be of use to academics students and researchers in international relations policy analysts media professionals and government officials Part I Factors Affecting US Relations contains essays including Globalization Energy Security Wars and Revolution Peace Processes US Foreign Aid Policy to the Middle East and US Relations with Islamic Groups in the Middle East Part II Perceptions of US Relations contains essays on how US policies are viewed including The View from the Arab Street The View from Palestine The View from Pakistan and The View from Kurdistan Part III US Relations at the Country Level comprise essays detailing relations between the USA and countries and areas in the Middle East and North Africa including Saudi Arabia Egypt Israel Tunisia Lebanon Iran Iraq Libya Algeria and Bahrain A comprehensive index completes the volume

Conflict and Peace in the Middle East Hatem Shareef Abu-Lebdeh, 1997 The Middle East plays a significant role in world affairs as the region continues to experience political economic and military upheavals that have international implications The daily developments in Middle East issues influence both regional and international affairs In Conflict and Peace in the Middle East Dr Abu Lebdeh traces the origins of current conflict by analyzing historical events and formative issues in the Middle East He details from the turn of the 20th century the impact of the Ottoman Empire the Anglo French alliance the two World Wars and foreign intervention in the region as well as more recent events such as the fall of the Soviet Union and the Persian Gulf War relating these to the present situation and the Middle East peace process As a foundation for this analysis Dr Abu Lebdeh explains selected approaches to the study of bilateral relations system analysis influence national interest and national perceptions Using the perceptual approach the book examines the impact of national perceptions on the Arab Israeli conflict and inter Arab relations It highlights U S interaction with Middle Eastern countries particularly U S Jordan relations in demonstrating how perceptual changes affect national policies Dr Abu Lebdeh also examines relationships between perceptual changes and policy modifications The book analyzes the Arab Israeli conflict and the crucial role of the United States as mediator and facilitator in the Middle East peace process Within the perceptual framework the book discusses such developments as the Oslo agreement the Israeli Jordanian peace treaty and the incremental steps toward comprehensive peace accords With its thorough historical background and solid political scholarship and analysis this book helps illuminate the origins and complexity of and current responses to Middle East conflict and peace

Diplomacy in the Middle East L. Carl Brown, 2001-03-30 The Middle East has a distinctive diplomatic culture shaped by history geography and the social structures of Middle Eastern states This book seeks to survey the diplomatic relationships and the foundations of foreign policy making among the principle players in the region as well as exploring the Middle East policies of the four leading

outside powers who have played such a crucial role in the region the US Britain France and Russia Contributors to this volume who are some of the most eminent specialists in their field search for common themes and disparities in Middle East diplomacy Historical Dictionary of United States-Middle East Relations Peter L. Hahn, 2016-09-19 U S foreign relations in the Middle East has remained crucial through many decades and the complications facing the United States in the Middle East have become even more acute While the United States downgraded its military operations in Iraq that country failed to achieve a stable democratic footing and instead experienced schism and civil strife Israeli Palestinian disputes over land the status of refugees and control of Jerusalem intensified and international conflicts between Arab states and Israel escalated for the first time since the 1980s The Arab Spring protest movements of 2011 and after ignited political turmoil across the region leading to revolutionary change in several states and triggering persistent unrest and violence in Libya Egypt Tunisia Yemen Syria and Iraq During the recent decade in short the Middle East has become the most unstable dangerous and complicated region of the world and the United States remains near the center of the maelstrom This second edition of Historical Dictionary of United States Middle East Relations contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on national leaders non governmental organizations policy initiatives and armed conflicts as well as entries on such topics as intelligence immigration and weapons of mass destruction This book is an excellent access point for students researchers and anyone wanting to know more about the US and Middle East Relations Handbook of US-Middle East Relations Robert Looney, 2014-05-22 Divided into three sections the Handbook of US Middle East Relations provides a thorough and up to date overview of contemporary US Middle East relations in historical perspective With chapters contributed by leading experts in the field this Handbook will be of use to academics students and researchers in international relations policy analysts media professionals and government officials Part I Factors Affecting US Relations contains essays including Globalization Energy Security Wars and Revolution Peace Processes US Foreign Aid Policy to the Middle East and US Relations with Islamic Groups in the Middle East Part II Perceptions of US Relations contains essays on how US policies are viewed including The View from the Arab Street The View from Palestine The View from Pakistan and The View from Kurdistan Part III US Relations at the Country Level comprise essays detailing relations between the USA and countries and areas in the Middle East and North Africa including Saudi Arabia Egypt Israel Tunisia Lebanon Iran Iraq Libya Algeria and Bahrain A comprehensive index completes the volume

Developments in the Middle East, September 1983 United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1984 **The International Relations of the Contemporary Middle East** Tareq Y. Ismael, Glenn E. Perry, 2013-10-01 The Middle East a few decades ago was seen to be an autonomous subsystem of the global international political system More recently the region has been subordinated to the hegemony of a singular superpower the US bolstered by an alliance with Israel and a network of Arab client states The subordination of the

contemporary Middle East has resulted in large part from the disappearance of countervailing forces for example global bipolarity that for a while allowed the Arab world in particular to exercise a modicum of flexibility in shaping its international relations The aspirations of the indigenous population of the Middle East have been stifled by the dynamics of the unequal global power relationships and domestic politics of the countries of the region are regularly subordinated to the prerogatives of international markets and the strategic competition of the great powers Employing the concept of imperialism defined as a pattern of alliances between a center rulers in the Center developed country and a center client regime in the Periphery underdeveloped country as an overall framework to analyse the subordination of the region this book is essential reading for students and scholars of the Middle East International Relations and Politics in general *U.S. Foreign Relations with the Middle East and North Africa* Sanford R. Silverburg, Bernard Reich, 1994-05 An extensive collection of published material in different print formats microform essays monographs and articles as well as graduate school efforts in western languages up through the end of 1992 and into 1993 Extensive coverage is provided for the Persian Gulf War Citations are organized by selected index terms with an accompanying author index will no doubt earn its keep in research libraries dealing with World and Middle Eastern affairs REFERENCE REVIEWS **Routledge Handbook on China-Middle East Relations** Jonathan Fulton, 2021-12-27 This handbook brings together a mix of established and emerging international scholars to provide valuable analytical insights into how China's growing Middle East presence affects intra regional development trade security and diplomacy As the largest extra regional economic actor in the Middle East China is the biggest source of foreign direct investment into the region and the largest trading partner for most Middle Eastern states This portends a larger role in political and security affairs as the value of Chinese assets combined with a growing expatriate population in the region demands a more proactive role in contributing to regional order Exploring the effect of these developments the expert contributors also consider the reverberations in great power politics as the United States Russia India Japan and the European Union also have considerable interests in the region The book is divided into four sections Historical and policy context State and regional case studies Trade and development International relations security and diplomacy This volume is an essential reference for scholars and policy makers in the fields of international relations political sociology international political economy and foreign policy analysis Area studies specialists in Middle Eastern Studies China Studies and East Asian Studies will also find it an invaluable resource **Historical Dictionary of United States-Middle East Relations** Peter L. Hahn, 2007-02-06 The current state of affairs between the United States and the Middle East is probably the most volatile and absorbing relationship the U S is involved in today Prior to 1941 however the U S preferred to limit its involvement with the Middle East to launching ministries of evangelism and social welfare across the region and investing in the pumping refining and transportation of oil to Western markets It was not until World War II and the Cold War when the threat of losing control of the region and therefore losing its natural resources military bases and lines of communication arose that U

S officials were motivated to take a greater interest Since then the increasing level of violence in the area has led to an increase in U S involvement which in most cases has been far from positive the Iran hostage crisis of 1979 1981 the Persian Gulf War of 1990 1991 and the U S invasion and occupation of Iraq in 2003 The Historical Dictionary of United States Middle East Relations is an essential tool to understanding how diplomatic relations deteriorated to this point This volume concentrates on the history of diplomatic relations between the U S and the Middle East from the onset of the Cold War up to the present This is accomplished through a chronology an introduction a bibliography an appendix and hundreds of cross referenced dictionary entries on the countries involved significant events major crises important figures controversial issues and doctrines and policies For scholars historians and students interested in the diplomacy of these two regions this is an essential reference

The Societies of the Middle East and North Africa Sean Yom, 2021-07-21 The second edition of this well regarded volume explores the societies of the Middle East and North Africa Presenting original studies written by the world s leading MENA scholars it sheds light upon the organizing structures human vulnerabilities and dynamic forces that propel social change among the peoples of the Arab world as well as Israel Turkey and Iran The volume can be used in conjunction with The Government and Politics of the Middle East and North Africa textbook for a comprehensive overview of the region Carrying over from the previous edition among the rich topics covered are agriculture urbanization development identity citizenship gender religion civil society the environment and youths This second edition adds two new chapters on refugees and public opinion as each constitutes a crucial part of the region s social and cultural context This edition also updates existing chapters to account for the latest events and trends including the COVID 19 pandemic popular protests and demographic growth Written in an accessible way the chapters are clearly structured and contain insightful analysis memorable case studies illustrative photographs and visualized data that illuminate the contours of social life across this diverse region Each chapter also ends with curated questions for discussion followed by annotated bibliographies to help spark further research to encourage seamless adoption into classrooms

An Atlas of Middle Eastern Affairs Ewan W. Anderson, Liam D. Anderson, 2013-12-04 This revised and updated atlas provides accessible concisely written entries on the most important current issues in the Middle East combining original maps with their geopolitical background Providing a clear context for analysis of key concerns it includes background topics the position of the Middle East in the world and profiles of the constituent countries

Shifting Sands United States. Congress. House. Committee on Foreign Affairs. Subcommittee on the Middle East and South Asia, 2011 [The Middle East's Relations with Asia and Russia](#) Hannah Carter, Anoushiravan Ehteshami, 2013-01-11 Carter and Ehteshami consider the significant geopolitical economic and security links between the Middle East and the wider Asian world links which are often overlooked when the Middle East is considered in isolation or in terms of its relations with the West but which are of growing importance Topics covered include Asia s overall geostrategic realities and the Middle East s place within them relations between the Middle East and China

Russia central Asia southeast Asia and south Asia Islam in central Asia and southeast Asia and the connections with the Middle East and the important links between the Middle East and India and Pakistan s military and security establishments

Routledge Handbook of EU-Middle East Relations Dimitris Bouris,Daniela Huber,Michelle Pace,2021-12-30 EU Middle East relations are multifaceted varied and complex shaped by historical political economic migratory social and cultural dynamics Covering these relations from a broad perspective that captures continuities ruptures and entanglements this handbook provides a clearer understanding of trends thus contributing to a range of different turns in international relations The interdisciplinary and diverse assessments through which readers may grasp a more nuanced comprehension of the intricate entanglements in EU Middle East relations are carefully provided in these pages by leading experts in the various sub fields including academics think tankers as well as policymakers The volume offers original reflections on historical constructions theoretical approaches multilateralism and geopolitical perspectives contemporary issues peace security and conflict and development economics trade and society This handbook provides an entry point for an informed exploration of the multiple themes actors structures policies and processes that mould EU Middle East relations It is designed for policymakers academics and students of all levels interested in politics international and global studies contemporary history regionalism and area studies *Cultural Sociology of the Middle East, Asia, and Africa* Andrea L. Stanton,2012 In our age of globalization and multiculturalism it has never been more important to understand and appreciate all cultures across the world The four volumes take a step forward in this endeavour by presenting concise information on those regions least well known to students across Europe the Middle East Asia and Africa The volumes convey what daily life is like for people in these selected regions Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions Key Features Topics are explored within historical context in three broad historical periods prehistory to 1250 1250 to 1920 and 1920 to the present One volume each is devoted to the regions of the Middle East and Africa and then one volume to East and Southeast Asia and a final volume to West Central and South Asia The volumes include extensive use of photographs and maps to explain cultural and geographic content Each volume has its own volume editor with expertise in that particular region Key Themes Arts Culture and Science People Society and Dynasties Religion and Law Family and Daily Life Conflicts and Wars Politics and Government Health and Education Economy Trade and Industry National Geography and History Foreign Relations of the United States United States. Department of State,1950 **US Assistance, Development, and Hierarchy in the Middle East** Anne Mariel Zimmermann,2016-12-21 What does US aid buy in the Middle East Drawing on extensive primary source research this book examines the role and consequences of US aid to three countries in the Middle East The author argues that the political survival strategies of incumbent leaders in Egypt Israel and Jordan shaped not only the type of aid that these countries received from the US but also its developmental and geopolitical

impact Leaders who relied heavily on distributing selective benefits to their ruling coalitions were more likely to receive forms of US aid that complemented their distributive political economies and undermined the state's developmental capacity which simultaneously rendered them more dependent on US resources and more likely to cede fragments of their sovereignty to their major donor Non distributive leaders however could reap the full benefits of highly discretionary and technologically sophisticated aid incorporating it into developmental policies that rendered them progressively less dependent on Washington and better able to say no when it was in their best interest

The Arms Race in the Middle East Mohammad Eslami, Alena Vysotskaya Guedes Vieira, 2023-07-28 This edited volume discusses security policy and strategic policymaking in the Middle East region Due to its unique geopolitical geoeconomic and geostrategic features the Middle East region has been confronted with challenging security issues Combined with a lack of an efficient regional security regime this has led to the formation of a full fledged arms race This book draws together contributions from international experts to address the factors that have been contributing to the ongoing formation of an arms race in the Middle East as well as the impact of this phenomenon on the regional and global security environment The book is organized in three sections The first section outlines the contemporary dynamics of the arms race in the Middle East by focusing on its most recent dynamics and their implications for regional and international security The second section conducts systematic analysis of case studies of country specific drivers of the arms race The third and final section examines the role of external actors in the arms race evaluating both the responses of regional actors to external interventions as well as the implications of the arms race for extra regional countries

Chinese Foreign Policy Toward the Middle East Kadir Temiz, 2021-09-30 This book examines how the rise of China has influenced its cross regional foreign policy toward non Arab countries in the Middle East between 2001 and 2011 Analyzing contemporary international crises in the Middle East such as the Iran nuclear crisis the Palestinian Israeli conflict and the Cyprus question the volume draws on daily newspapers published in Chinese Turkish and English and official documents as primary sources The examined period is critical to understand China's aggressive and more attractive foreign policy dynamism in the following years All the bilateral relations China has developed in the Middle East during these years was a preparation for the next big step toward China's rising influence in the region and the world Utilizing the framework of debates on the rise of China in international relations literature the volume focuses on political economic and military aspects of the power transition Claiming that China's foreign policy toward the Middle East can be defined as active pragmatism the non Arab conceptualization provides a new understanding of China's traditional Middle Eastern foreign policies The study assesses fieldwork carried out in Beijing and Shanghai and Chinese sources that are critical in understanding both official and academic perspectives The book is a key resource for students academics and analysts interested in China and the Middle East relations foreign policy and politics as well as for contemporary political historians
