Michel Weber

On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891:

On the Existence of God F.C. Brentano,2012-12-06 Of the works by Franz Brentano 1838 1917 which have appeared in thus far perhaps none is better suited to convey a clear idea of the English spirit of the man that this volume of his lectures on proving the existence of God In order to understand his metaphysics it would be better to read The Theory of Categories in order to master the finer points of his psychology it would be better to read Psychology From an Empirical Standpoint in order to appreciate his ethical theory it would be better to read The Origin of Our Knowledge of Right and Wrong or for a more thorough treatment The Foundation and Construction of Ethics But in order to see what it was that gave Brentano the enthusiasm and dedication to do all that work and much more besides it is necessary to find out what Brentano believed the philosophical enterprise itself to be and this comes forth most vividly when he bends his philosophical efforts to the subject he considered most important of all namely natural theology For like Socrates Brentano brought a kind of religious fervor to his philosophy precisely because he saw it as dealing much better than religion does with the matters that are closest to our hearts

The Cambridge Companion to Brentano Dale Jacquette,2004-01-22 Franz Brentano 1838 1917 led an intellectual revolution that sought to revitalize German language philosophy and to reverse its post Kantian direction His philosophy laid the groundwork for philosophy of science as it came to fruition in the Vienna Circle and for phenomenology in the work of such figures as his student Edmund Husserl This volume brings together newly commissioned chapters on his important work in theory of judgement the reform of syllogistic logic theory of intentionality empirical descriptive psychology and phenomenology theory of knowledge metaphysics and ontology value theory and natural theology It also offers a critical evaluation of Brentano s significance in his historical context and of his impact on contemporary philosophy in both the analytic and the continental traditions

Brentano and the Positive Philosophy of Comte and Mill Ion Tănăsescu,Alexandru Bejinariu,Susan Krantz Gabriel,Constantin Stoenescu,2022-09-20 Before now there has been no comprehensive analysis of the multiple relations between A Comte s and J S Mill s positive philosophy and Franz Brentano s work The present volume aims to fill this gap and to identify Brentano s position in the context of the positive philosophy of the 19th century by analyzing the following themes the concept of positive knowledge philosophy and empirical genetic and descriptive psychology as sciences in Brentano Comte and Mill the strategies for the rebirth of philosophy in these three authors the theory of the ascending stages of thought of their decline of the intentionality in Comte and Brentano the reception of Comte s positivism in Whewell and Mill induction and phenomenalism in Brentano Mill and Bain the problem of the I in Hume and Brentano mathematics as a foundational science in Brentano Kant and Mill Brentano s critique of Mach s positivism the concept of positive science in Brentano s metaphysics and in Husserl s early phenomenology the reception of Brentano s psychology in Twardowski The Brentano Institute at Oxford The volume also contains the translation of the most significant writings of Brentano regarding philosophy as science I T n sescu Romanian Academy A Bejinariu Romanian

Society of Phenomenology S Krantz Gabriel Saint Anselm College C Stoenescu University of Bucharest *Relating to God* , Dan Merkur,2013-11-21 In *Relating to God* Clinical Psychoanalysis Spirituality and Theism Dan Merkur conceptualizes religious discourse within psychoanalysis He proposes that God be treated as a transference figure whose analysis leads to a reduction of the parental content that is projected onto God Merkur notes that religious conversion experiences regularly involve theological intuitions that are either rational or owing to morbid complications have undergone displacement into irrational symbolism Analysis renders the religiosity more wholesome Traditionally psychoanalytic thought has been dismissive of religion Freud is on record however as having called psychoanalysis a neutral procedure He argued that religion with its dependency on a providential God who punishes disobedience imagines spirituality on the model of human parents and fails to approach spirituality in an appropriately scientific manner He wrote little of spiritual phenomena but mentioned both the rationality of the universe and the parapsychological occurrence of thought transference Occasionally later psychoanalysts used different language in order to contrast wholesome and morbid forms of religion Erich Fromm distinguished authoritarian and humanistic religions while D W Winnicott condemned fetishistic behavior while approving of playful illusions that require belief in These formulations constructed a middle position for clinicians neither categorically opposed to religion as classical psychoanalysis was nor do they embrace cultural relativity as spiritually oriented psychotherapists are currently advocating What sorts of spiritual practices does psychoanalysis find unobjectionable As examples of humanistic religion Fromm named Zen Buddhism Buddhist mindfulness meditation and the via negativa or way of negating that some Christian and Jewish mystics have followed Because the Bible based approaches are little known Merkur discusses their histories procedures and psychoanalytic understanding **Handbook of Whiteheadian Process**

Thought Michel Weber,2013-04-30 Gathering 115 entries written by 101 internationally renowned experts in their fields the *Handbook of Whiteheadian Process Thought* aims at canvassing the current state of knowledge in Whiteheadian scholarship and at identifying promising directions for future investigations through internal cross elucidation and external interdisciplinary development Two kinds of entries are weaved together in order to interpret Whitehead secundum Whitehead and to read him from the vantage point of interdisciplinary and crossdisciplinary research The thematic entries provide i a broad contextualisation of the issue at stake ii a focus on Whitehead's treatment if any or of a possible Whiteheadian treatment of the issue iii a history of relevant scholarship iv a personal assessment by the Author The biographical entries provide i a brief vita of the targeted thinker ii a sketch of his/her categories relevant to the Whiteheadian scholarship iii a personal assessment of the actual or possible Whiteheadian semantic transfer to or from the thinker

Ideography and Chinese Language Theory Timothy Michael O'Neill,2016-07-11 This book is a much needed scholarly intervention and postcolonial corrective that examines why and when and how misunderstandings of Chinese writing came about and showcases the long history of Chinese theories of language Ideography as such assumes extra linguistic trans

historical universal ideas which are an outgrowth of Platonism and thus unique to European history Classical Chinese discourse assumes that language and writing is an arbitrary artifact invented by sages for specific reasons at specific times in history Language by this definition is an ever changing technology amenable to historical manipulation language is not the House of Being but rather a historically embedded social construct that encodes quotidian human intentions and nothing more These are incommensurate epistemes each with its own cultural milieu and historical context By comparing these two traditions this study historicizes and decolonializes popular notions about Chinese characters exposing the Eurocentrism inherent in all theories of ideography Ideography and Chinese Language Theory will be of significant interest to historians sinologists theorists and scholars in other branches of the humanities

Kotarbiński: Logic, Semantics and Ontology Jan Wolenski, 2012-12-06 Tadeusz Kotarbinski is one of towering figures in contemporary Polish philosophy He was a great thinker a great teacher a great organizer of philosophical and scientific life he was among others the rector of the University of Łódź the president of the Polish Academy of Sciences and the president of the International Institute of Philosophy and last but not least a great moral authority He died at the age of 96 on October 3 1981 Kotarbinski was active in almost all branches of philosophy He made many significant contributions to logic semantics ontology epistemology history of philosophy and ethics He created a new field namely praxiology Thus using an ancient distinction he contributed to theoretical as well as practical philosophy Kotarbinski regarded praxiology as his major philosophical child Doubtless praxiology belongs to practical philosophy This collection however is mainly devoted to Kotarbinski's theoretical philosophy Reism Kotarbinski's fundamental idea of ontology and semantics is the central topic of most papers included here even Pszczolowski's essay on praxiology considers its ontological basis Only two papers namely that of Zarnecka Bialy and that of Wolenski are not linked with reism However both fall under the general label Kotarbinski logic semantics and ontology The collection partly consists of earlier published papers

Formal Ontology R. Poli, Peter M. Simons, 2013-11-27 Formal ontology combines two ideas one originating with Husserl the other with Frege that of ontology of the formal aspects of all objects irrespective of their particular nature and ontology pursued by employing the tools of modern formal disciplines notably logic and semantics These two traditions have converged in recent years and this is the first collection to encompass them as a whole in a single volume It assembles essays from authors around the world already widely known for their work in formal ontology and illustrates that through the application of formal methods the ancient discipline of ontology may be put on a firm methodological basis The essays not only illuminate the nature of ontology and its relation to other areas in language logic and everyday life but also demonstrate that common issues from the analytical and phenomenological traditions may be discussed without ideological barriers Audience advanced students of and specialists in philosophy linguistics cognitive science computer science database engineering

The School of Franz Brentano L. Albertazzi, M. Libardi, R. Poli, 2013-04-17 The central idea developed by the contributions to this book is that the split between analytic

philosophy and phenomenology perhaps the most important schism in twentieth century philosophy resulted from a radicalization of reciprocal partialities Both schools of thought share in fact the same cultural background and their same initial stimulus in the thought of Franz Brentano And one outcome of the subsequent rift between them was the oblivion into which the figure and thought of Brentano have fallen The first step to take in remedying this split is to return to Brentano and to reconstruct the map of Brentanianism The second task which has been addressed by this book is to revive interest in the theoretical complexity of Brentano's thought and of his pupils and to revitalize those aspects that have been neglected by subsequent debate within the various movements of Brentanian inspiration We have accordingly decided to organize the book into two introductory essays followed by two sections Parts 1 and 2 which systematically examine Brentano's thought and that of his followers The two introductory essays reconstruct the reasons for the invisibility so to speak of Brentano and set out of his philosophical doctrine Part 1 of the book then examines the essential features of six of Brentano's most outstanding pupils Marty Stumpf Meinong Ehrenfels Husserl and Twardowski Part 2 contains nine essays concentrating on the principal topics addressed by the Brentanians

Continuity and Change in the Development of Russell's

Philosophy P.J. Hager, 2012-12-06 The general view of Russell's work amongst philosophers has been that repeatedly during his long and distinguished career crucial changes of mind on fundamental points were significant enough to cause him to successively adopt a diversity of radically new philosophical positions Thus Russell is seen to have embraced and then abandoned amongst others neo Hegelianism Platonic realism phenomenism and logical atomism before settling finally on a form of neutral monism that philosophers have generally found to be incredible This view of Russell is captured in C.D. Broad's famous remark that Mr Russell produces a different system of philosophy every few years Muirhead 1924-79 Reflecting this picture of Russell continually changing his position books and papers on Russell's philosophy have typically belonged to one of two kinds Either they have concentrated on particular periods of his thought that are taken to be especially significant or accepting the view of his successive conversion to distinctly different philosophical positions they have provided some account of each of these supposedly disconnected periods of his thought While much good work has been done on Russell's philosophy this framework has had its limitations the main one being that it conceals the basic continuity behind his thought

Theory of Language Syntax U. Wybraniec-Skardowska, 2007-06-30 1 Main assumptions objectives and conditionings 1.1 The present book is concerned with certain problems in the logical philosophy of language It is written in the Polish logical philosophical and semiotic spirit of syntax of tradition and shows two conceptions of the categorial languages the theory of simple languages i.e. languages which do not include variables nor the operators that bind them for instance large fragments of natural languages calculi the language of languages of well known sentential Aristotle's traditional syllogistic languages of equationally definable algebras and the theory of w languages i.e. languages which include operators and variables bound by the latter

Logic and Ethics Peter Geach, Jacek Holówka, 2012-12-06

Time Zdzisław

Augustynek,2012-12-06 This book is dedicated to the memory of Professor Henryk Mehlberg primarily because I want to recall his name to readers in the West for although Professor Mehlberg was the foremost Polish philosopher in the field of philosophy of time in that version which is related to twentieth century physics his fundamental work concerning time was published in English 43 years after its original publication of Mehlberg 1980 I am deeply indebted to Henryk Mehlberg For two years after the Second World War I was his student at Wroclaw University where he lectured on philosophy and mathematical logic At that time I developed under his influence a long life fascination with the philosophy of time and was taught by him how to approach these problems effectively My research in this field has resulted in three books The first Properties of Time published in Polish in 1970 concerns the topological properties and properties of symmetry homogeneity and anisotropy of time The second The Nature of Time published in Polish in 1975 looks at possible definitions of time within both theories of relativity The present book is the third originally published in Polish in 1979 it concerns philosophical problems of past present and future and is here presented in English to reach a wider audience **Nonexistent Objects** K.J.

Perszyk,1993-09-30 Issues surrounding the status and nature of nonexistent objects constitute one of philosophy's oldest and densest thickets In this book Perszyk takes his readers surefootedly through this thicket informed both historically and at the level of contemporary discussion of relevant themes His main aim is to develop a bundle or set of properties interpretation of Meinong's theory of nonexistent objects as opposed to a set of properties neo Meinongian metaphysics and to defend this nonstandard interpretation against competing views in both the philosophical and scholarly literature on Meinong The Meinong who emerges is neither the hero nor the villain his friends and foes have commonly led us to believe This clearly written book is a valuable addition both to the literature on Meinong and to contemporary metaphysics of modality It is written for students and professionals interested in these and related areas **From Psychology to Phenomenology** B.

Tassone,2012-11-29 Although highly influential Brentano's doctrines from Psychology from an Empirical Standpoint were taken up and changed by his students and subsequent thinkers Tassone's study of this important text offers readers a better understanding of PES and outlines its ongoing relevance for contemporary philosophy of mind *The Philosophy of*

Brentano ,2021-04-12 This volume originating from the centennial Second International Conference Graz 1977 2017 on Franz Brentano's philosophy collects eighteen essays written by nineteen distinguished specialists covering the main areas of Brentano's philosophy his epistemology ontology ethics and logic and his contributions to psychology and philosophy of mind Its goal is to explore the significance and impact of Brentano's thought to promote a deepening of the ongoing renaissance of interest in Brentano and to advance the project of understanding Brentano's actual philosophical positions and correcting entrenched misunderstandings **Tone Psychology: Volume I** Carl Stumpf,2019-09-17 Carl Stumpf 1848 1936 was a

German philosopher and psychologist and a visionary and important academic During his lifetime he ranked among the most prominent scientists of his time Stumpf's intention as evident in his book Tone Psychology was to investigate the

phenomenon of tone sensation in order to understand the general psychic functions and processes underlying the perception of sound and music. It could be argued that modern music psychology has lost or perhaps ignored the epistemological basis that Carl Stumpf developed in his *Tone Psychology*. To gain a confident psychological basis, the relevance of Stumpf's deliberations on music psychology cannot be overestimated. Analyses of the essence of tones, complex tones, and sounds are fundamental topics for general psychology and epistemology. By the end of this two-volume work, Stumpf had established an epistemology of hearing. The subject of Volume I is the sensation of successive single tones. Stumpf demonstrates that analysis leads to the realisation of a plurality: is there only one tone or are there several tones, which is then followed by a comparison: an increase may be observed, one tone is higher than the other, or a similarity may be realised, both tones have the same pitch or the same loudness. With almost mathematical stringency, Stumpf developed a topology of tones. Volume II deals with the sensation of two simultaneous tones, musical intervals. The books are stimulating, rewarding, and provocative and will appeal to music psychologists, music theorists, general psychologists, philosophers, epistemologists, and neuroscientists.

Time's Visible Surface Mike Gubser, 2006. Expands our understanding of Alois Riegl beyond his role as an art historian to a pivotal figure in cultural theory at large while placing his interest in history and time within the intellectual world of fin de siècle Vienna. Alois Riegl's art history has influenced thinkers as diverse as Erwin Panofsky, Georg Lukacs, Walter Benjamin, Paul Feyerabend, Gilles Deleuze, and Félix Guattari. One of the founders of the modern discipline of art history, Riegl is best known for his theories of representation. Yet his inquiries into the role of temporality in artistic production, including his argument that art conveys a culture's consciousness of time, show him to be a more wide-ranging and influential commentator on historiographical issues than has been previously acknowledged. In *Time's Visible Surface*, Michael Gubser presents Riegl's work as a sustained examination of the categories of temporality and history in art. Supported by a rich exploration of Riegl's writings, Gubser argues that Riegl viewed artworks as registering historical time visibly in artistic forms. Gubser's discussion of Riegl's academic milieu also challenges the widespread belief that Austrian modernism adopted a self-consciously ahistorical worldview. By analyzing the works of Riegl's professors and colleagues at the University of Vienna, Gubser shows that Riegl's interest in temporality, from his early articles on calendar art through later volumes on the Roman art industry and Dutch portraiture, fit into a broad discourse on time, history, and empiricism that engaged Viennese thinkers such as the philosopher Franz Brentano, the historian Theodor von Sickel, and the art historian Franz Wickhoff. By expanding our understanding of Riegl and his intellectual context, *Time's Visible Surface* demonstrates that Riegl is a pivotal figure in cultural theory and that fin de siècle Vienna holds continued relevance for today's cultural and philosophical debates.

Immanent Realism Liliana Albertazzi, 2006-01-17. In many respects, Brentano conducted pioneering analyses of problems that are currently in the focus of cognitive science and artificial intelligence: from the problem of reference to that of representation, from the problem of categorial classification to ontology and the cognitive analysis of

natural language Brentano in fact dealt with and wrote on questions concerning the auditory stream temporal apprehension visual perception continua point of view three dimensional construction of phenomenal objects intentionality imagery and conceptual space considering these pertaining to a metaphysical enquiry Moreover Brentano displayed clear awareness of the complexity of problems and of the interrelations among different areas of inquiry From this point of view his theory however complex offers elements for the treatment of problems currently under investigation Brentano's work is an antidote against physicalism and logicism which dominated the 20th century epistemology and as such appears to be a good philosophy candidate for cognitive science A set of knotty questions are implied in the very title of Brentano's work Psychology from an empirical standpoint To solve them Albertazzi guides us systematically through Brentano's life and works investigating into the inherent complexity of both his view of mental life and the related methodology In so doing she discloses a number of threads into the open texture of modern philosophy of mind Lia Formigari Ordinary professor of Philosophy of Language La Sapienza Rome Italy

Themes from Brentano Denis Fisette, Guillaume Fréchette, 2013-10-10

Franz Brentano's impact on the philosophy of his time and on 20th century philosophy is considerable The sharp dialectician Freud and genial master Husserl influenced philosophers of various allegiances being acknowledged not only as the grandfather of phenomenology Ryle but also as an analytic philosopher in the best sense of this term Chisholm The fourteen new essays gathered together in this volume give an insight in three core issues of Brentano's philosophy consciousness sect 1 intentionality sect 2 and ontology and metaphysics sect 3 Two further sections of the volume deal with the posterity of his philosophy in section 4 the legacy of his account of sense perception and feeling is discussed while the history of Brentano's unpublished manuscripts is discussed in section 5 This section also presents an edition of a manuscript from 1899 on relations along with the letters from Brentano to Marty which discuss this manuscript The last part of section 5 contains the text of a public lecture given by Brentano on the laws of inference

This Engaging World of E-book Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A Realm of Convenience and Flexibility Kindle books, with their inherent mobility and ease of access, have freed readers from the constraints of hardcopy books. Gone are the days of carrying cumbersome novels or meticulously searching for specific titles in shops. E-book devices, stylish and lightweight, effortlessly store an extensive library of books, allowing readers to immerse in their preferred reads whenever, anywhere. Whether commuting on a busy train, lounging on a sunny beach, or just cozying up in bed, Kindle books provide an unparalleled level of convenience. A Literary Universe Unfolded: Discovering the Wide Array of Kindle On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 The Kindle Shop, a digital treasure trove of literary gems, boasts an extensive collection of books spanning diverse genres, catering to every reader's taste and preference. From captivating fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the E-book Shop offers an unparalleled variety of titles to discover. On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 Introduction

In the digital age, access to information has become easier than ever before. The ability to download On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 has opened up a world of possibilities. Downloading On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with

limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About On The Existence Of God Lectures Given At The Universities Of Wurzburg And Vienna 18681891 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
