Quarterly Bulletin Brockton Public Library (Brockton, Mass.),1909 Catalogue of Books in the Halliwell Branch Lending Library Bolton (England). Public Libraries,1910 The Methodist Quarterly Review ,1906 **A Cumulated Index to the Books** ,1900 Categories and Contexts Simon Szreter,Hania Sholkamy,A. Dharmalingam,2004-03-18 Throughout its history as a social science demography has been associated with an exclusively quantitative orientation for studying social problems As a result demographers tend to analyse population issues scientifically through sets of fixed social categories that are divorced from dynamic relationships and local contexts and processes This volume questions these fixed categories in two ways First it examines the historical and political circumstances in which suchcategories had their provenance and second it reassesses their uncritical applications over space and time in a diverse range of empirical case studies encouraging throughout a constructive interdisciplinary dialogue involving anthropologists demographers historians and sociologists This volume seeks to examine the political complexities that lie at the heart of population studies by focusing on category formation category use and category critique It shows that this takes the form of a dialectic between the needs for clarity of scientific and administrative analysis and the recalcitrant diversity of the social contexts and human processes that generate population change The critical reflections of each chapter are enriched by meticulous ethnographic fieldwork andhistorical research drawn from every continent This volume therefore exemplifies a new methodology for research in population studies one that does not simply accept and re use the established categories of population science but seeks critically and reflexively to explore test and re evaluate their meanings in diverse contexts It shows that for demography to realise its full potential it must urgently re examine and contextualize the social categories used today in population research

Leo Tolstoy, 185-09-26 *The Kreutzer Sonata* is the self-lacerating confession of a man consumed by sexual jealousy and eaten up by shame and eventually driven to murder his wife. The story caused a sensation when it first appeared and Tolstoy's wife was appalled that he had drawn on their own experiences together to create a scathing indictment of marriage. *The Devil* centring on a young man torn between his passion for a peasant girl and his respectable life with his loving wife also illustrates the impossibility of pure love. *The Forged Coupon* shows how an act of corruption can spiral out of control and *After the Ball* examines the abuse of power. Written during a time of spiritual crisis in Tolstoy's life, these late stories reflect a world of moral uncertainties. **Foreign Statistical Publications**, 1962 **Publications on Foreign Countries, an**

Leo Tolstoy Thomas Sharper Knowlson, 1904 *Ghostly Past, Capitalist Presence* Tithi Bhattacharya, 2024-07-19 In *Ghostly Past Capitalist Presence* Tithi Bhattacharya maps the role that Bengali ghosts and ghost stories played in constituting the modern Indian nation and the religious ideas seeded therein as it emerged in dialogue with European science. Bhattacharya introduces readers to the multifarious habits and personalities of Bengal's traditional ghosts and investigates and mourns their eventual extermination. For Bhattacharya, British colonization marked a transition from the older multifarious folk world of traditional ghosts to newer and more frightening specters. These modern Bengali ghosts, borne out of a new rationality, were homogeneous specters amenable to scientific speculation and invoked at séance sessions in elite drawing rooms. Reading literature alongside the colonial archive, Bhattacharya uncovers a new reordering of science and faith from the middle of the nineteenth century. She argues that these shifts cemented the authority of a rising upper-caste colonial elite who expelled the older ghosts in order to recast Hinduism as the conscience of the Indian nation. In so doing, Bhattacharya reveals how capitalism necessarily reshaped Bengal as part of the global colonial project.
