On The Stroll:

Chicago on the Make Andrew J. Diamond, 2017-11-07 Effectively details the long history of racial conflict and abuse that has led to Chicago becoming one of America's most segregated cities A wealth of material New York Times Winner of the 2017 Jon Gjerde Prize Midwestern History Association Winner of the 2017 Award of Superior Achievement Illinois State Historical Society Heralded as America's quintessentially modern city Chicago has attracted the gaze of journalists novelists essayists and scholars as much as any city in the nation And yet few historians have attempted big picture narratives of the city's transformation over the twentieth century Chicago on the Make traces the evolution of the city's politics culture and economy as it grew from an unruly tangle of rail yards slaughterhouses factories tenement houses and fiercely defended ethnic neighborhoods into a truly global urban center Reinterpreting the familiar narrative that Chicago's autocratic machine politics shaped its institutions and public life Andrew J Diamond demonstrates how the grassroots politics of race crippled progressive forces and enabled an alliance of downtown business interests to promote a neoliberal agenda that created stark inequalities Chicago on the Make takes the story into the twenty first century chronicling Chicago's deeply entrenched social and urban problems as the city ascended to the national stage during the Obama years Ordinary Germans in

Extraordinary Times Andrew Stuart Bergerson, 2004-10-14 Hildesheim is a mid sized provincial town in northwest Germany Ordinary Germans in Extraordinary Times is a carefully drawn account of how townspeople went about their lives and reacted to events during the Nazi era Andrew Stuart Bergerson argues that ordinary Germans did in fact make Germany and Europe more fascist more racist and more modern during the 1930s but they disguised their involvement behind a pre existing veil of normalcy Bergerson details a way of being believing and behaving by which ordinary Germans imagined their powerlessness and absence of responsibility even as they collaborated in the Nazi revolution He builds his story on research that includes anecdotes of everyday life collected systematically from newspapers literature photography personal documents public records and especially extensive interviews with a representative sample of residents born between 1900 and 1930 The book considers the actual customs and experiences of friendship and neighborliness in a German town before during and after the Third Reich By analyzing the customs of conviviality in interwar Hildesheim and the culture of normalcy these customs invoked Bergerson aims to help us better understand how ordinary Germans transformed neighbors into Jews or Aryans

those topics Other chapters relate Hartshorne s work to other traditions and to trends in contemporary philosophy to postmodernism classical Western theism Indian philosophy analytical philosophy and American pragmatism

Invested Indifference Kara Granzow,2020-06-15 In 2004 Amnesty International characterized Canadian society as indifferent to high rates of violence against Indigenous women and girls When the Canadian government took another twelve years to launch a national inquiry that indictment seemed true Invested Indifference offers a divergent perspective by examining practices during three different periods in the place we now call Edmonton juxtaposing early settler texts documents concerning the former Charles Camsell Indian Hospital and contemporary online police materials Kara Granzow reaches a startling conclusion that what we see as societal indifference doesn t come from an absence of feeling but from a deep rooted and affective investment in framing specific lives as disposable Granzow demonstrates that through mechanisms such as the law medicine and control of land and space violence against Indigenous peoples has become symbolically and politically ensconced in the social construction of Canadian nationhood

Crooked Talk Jonathon Green,2011-06-02 The language of crime has a long and venerable history in fact the first collection of words specifically used by criminals Hye Way to the Spittel House dates from as early as 1531 Jonathon Green is our national expert on slang and in Crooked Talk he looks at five hundred years of crooks and conmen from the hedge creepers and counterfeit cranks of the sixteenth century to the blaggers and burners of the twenty first as well as the swag the hideouts the getaway vehicles and the tools of the trade Not to mention a substantial detour into the world of prisons that faced those unlucky enough to be caught by the boys in blue If you have ever wondered when the police were first referred to as pigs why prison guards became known as redraws or what precisely the subtle art of dipology involves then this book has all the answers

Record Cultures Kyle Barnett,2020-02-20 Record Cultures tells the story of how early U S commercial recording companies captured American musical culture in a key period in both music and media history Amid dramatic technological and cultural changes of the 1920s and 1930s small recording companies in the United States began to explore the genres that would later be known as jazz blues and country Smaller record labels many based in rural or out of the way Midwestern and Southern towns were willing to take risks on the country s regional vernacular music as a way to compete with more established recording labels Recording companies relationship with radio grew closer as both industries were on the rise propelled by new technologies Radio which had become immensely popular began broadcasting more recorded music in place of live performances and this created profitable symbiosis With the advent of the talkies the film industry completed the media trifecta The novelty of recorded sound was replacing film accompanists and the popularity of movie musicals solidified film s connections with the radio and recording industries By the early 1930s the recording industry had gone from being part of the largely autonomous phonograph industry to being major media industry of its own albeit deeply tied to and in some cases owned by the radio and film industries The triangular relationships between these media industries marked the first major entertainment and media

conglomerates in U S history Through an interdisciplinary and intermedial approach to recording industry history Record Cultures creates new connections between different strands of media research It will be of interest to scholars of popular music media studies sound studies American culture and the history of film television and radio **The Good Holiday** João Afonso Baptista, 2017-05-01 Drawing on ethnographic research in the village of Canhane which is host to the first community tourism project in Mozambique The Good Holiday explores the confluence of two powerful industries tourism and development and explains when how and why tourism becomes development and development tourism The volume further explores the social and material consequences of this merging presenting the confluence of tourism and development as a major vehicle for the exercise of ethics and non state governance in contemporary life Chicago Jazz William Howland Kenney, 1994-10-27 The setting is the Royal Gardens Cafe It s dark smoky The smell of gin permeates the room People are leaning over the balcony their drinks spilling on the customers below On stage King Oliver and Louis Armstrong roll on and on piling up choruses the rhythm section building the beat until tables chairs walls people move with the rhythm The time is the 1920s The place is South Side Chicago a town of dance halls and cabarets Prohibition and segregation a town where jazz would flourish into the musical statement of an era In Chicago Jazz William Howland Kenney offers a wide ranging look at jazz in the Windy City revealing how Chicago became the major center of jazz in the 1920s one of the most vital periods in the history of the music Kenney vividly describes the entire period from the migration of southern blacks to Chicago during and after World War I which set the stage for the development of jazz in Chicago through the evolution of white jazz and how the nightclubs and cabarets catering to both black and white customers provided the social setting for jazz performances Focusing on all the Chicago greats such as King Oliver Louis Armstrong and Wild Bill Davison this is a new interpretation of Chicago jazz which brings to life the hustle and bustle of the sounds and styles of musical entertainment in the famous toddlin town Three Novellas Thomas Bernhard, 2022-09-02 Thomas Bernhard is one of the masters of contemporary European fiction George Steiner one of the century s most gifted writers New York Newsday a virtuoso of rancor and rage Bookforum And although he is favorably compared with Franz Kafka Samuel Beckett and Robert Musil Thomas Bernhard still remains relatively unknown in America Uninitiated readers should consider Three Novellas a passport to the absurd dark and uncommonly comic world of Bernhard Two of the three novellas here have never before been published in English and all of them show an early preoccupation with the themes illness and madness isolation tragic friendships that would obsess Bernhard throughout his career Amras one of his earliest works tells the story of two brothers one epileptic who have survived a family suicide pact and are now living in a ruined tower struggling with madness trying either to come fully back to life or finally to die In Playing Watten the narrator a doctor who lost his practice due to morphine abuse describes a visit paid him by a truck driver who wanted the doctor to return to his habit of playing a game of cards watten every Wednesday a habit that the doctor had interrupted when one of the players killed himself The last novella Walking records the

conversations of the narrator and his friend Oehler while they walk discussing anything that comes to mind but always circling back to their mutual friend Karrer who has gone irrevocably mad Perhaps the most overtly philosophical work in Bernhard's highly philosophical oeuvre *Walking* provides a penetrating meditation on the impossibility of truly thinking Three Novellas offers a superb introduction to the fiction of perhaps the greatest unsung hero of twentieth century literature Rarely have the words suffocating intense and obsessive been meant so positively *Spirituality and Growth on the Leadership Path* Deborah J. Chicago's New Negroes Davarian L. Baldwin, 2009-11-30 As early twentieth century Chicago swelled with an influx of at least 250 000 new black urban migrants the city became a center of consumer capitalism flourishing with professional sports beauty shops film production companies recording studios and other black cultural and communal institutions. Davarian Baldwin argues that this mass consumer marketplace generated a vibrant intellectual life and planted seeds of political dissent against the dehumanizing effects of white capitalism. Pushing the traditional boundaries of the Harlem Renaissance to new frontiers Baldwin identifies a fresh model of urban culture rich with politics ingenuity and entrepreneurship. Baldwin explores an abundant archive of cultural formations where an array of white observers black cultural producers critics activists reformers and black migrant consumers converged in what he terms a marketplace intellectual life. Here the thoughts and lives of Madam C J Walker Oscar Micheaux Andrew Rube Foster Elder Lucy Smith Jack Johnson and Thomas Dorsey emerge as individual expressions of a much wider spectrum of black political and intellectual possibilities. By placing consumer based amusements alongside the more formal arenas of church and academe Baldwin suggests important new directions for both the historical study and the constructive future of ideas and politics in American life.

Somebody's Daughter Phonse Jessome, 2016-06-28 A stunning exposé of prostitution in Canada where a criminal syndicate traffics young women across the country selling their bodies and murdering them at will. Annie Mae Wilson was nineteen years old on the night she died. After five years working the streets of Nova Scotia she had found a new pimp and cut ties with supermarket bag boy Bruno who had called himself her man. Bruno was furious and demanded to be compensated. When Annie Mae refused he lost his temper and killed her with a single punch. People like Bruno call prostitution *The Game* and Annie Mae lost. Annie Mae was one of twenty two prostitutes killed in Canada in 1992 victims of an oppressive system of terror and violence that often leads to addiction rape and death. In this groundbreaking piece of investigative journalism Annie Mae's story is finally told along with those of other young women caught in the vice of prostitution. Impeccably researched and engagingly written this true crime account from veteran reporter Phonse Jessome approaches a difficult subject without judgment. Relying on first person testimony from prostitutes and their pimps Jessome explores a side of modern life that few people have seen but which no one can afford to ignore.

Early Race Filmmaking in America Barbara Lupack, 2016-05-26 The early years of the twentieth century were a formative time in the long history of struggle for black representation. More than any other medium movies reflected the tremendous changes occurring in American society. Unfortunately since they drew heavily on the nineteenth century theatrical conventions of blackface minstrelsy and the Uncle Tom Show traditions early pictures persisted in casting blacks in demeaning and outrageous

caricatures that marginalized and burlesqued them and emphasized their comic or servile behavior By contrast race films that is movies that were black cast black oriented and viewed primarily by black audiences in segregated theaters attempted to counter the crude stereotyping and regressive representations by presenting more authentic racial portrayals This volume examines race filmmaking from numerous perspectives By reanimating a critical but neglected period of early cinema the years between the turn of the century and 1930 the end of the silent film era it provides a fascinating look at the efforts of early race film pioneers and offers a vibrant portrait of race and racial representation in American film and culture
