will be made to compare him with other writers I shall leave untouched or merely glanced at questions regarding his life and character the development of his genius and art the genuineness sources texts interrelations of his various works Even what may be called in a restricted sense the poetry of the four tragedies the beauties of style diction versification I shall pass by in silence Our one object will be what again in a restricted sense may be called dramatic appreciation to increase our understanding and enjoyment of these works as dramas to learn to apprehend the action and some of the personages of each with a somewhat greater truth and intensity so that they may assume in our imaginations a shape a little less unlike the shape they wore in the imagination of their creator
