Parent Power A Common Sense Approach To Raising Kids In The 80s:

Books in Print ,1991 **When We Were Free to Be** Lori Rotskoff,Laura L. Lovett,2012-11-27 If you grew up in the era of mood rings and lava lamps you probably remember Free to Be You and Me the groundbreaking children s record book and television special that debuted in 1972 Conceived by actress and producer Marlo Thomas and promoted by Ms magazine it captured the spirit of the growing women s movement and inspired girls and boys to challenge stereotypes value cooperation and respect diversity In this lively collection marking the fortieth anniversary of Free to Be You and Me thirty two contributors explore the creation and legacy of this popular children s classic Featuring a prologue by Marlo Thomas When We Were Free to Be offers an unprecedented insiders view by the original creators as well as accounts by activists and educators who changed the landscape of childhood in schools homes toy stores and libraries nationwide Essays document the rise of non sexist children s culture during the 1970s and address how Free to Be still speaks to families today Contributors are Alan Alda Laura Briggs Karl Bryant Becky Friedman Nancy Gruver Carol Hall Carole Hart Dorothy Pitman Hughes Joe Kelly Cheryl Kilodavis Dionne Kirschner Francine Klagsbrun Stephen Lawrence Laura L Lovett Courtney Martin Karin A Martin Tayloe McDonald Trey McIntyre Peggy Orenstein Leslie Paris Miriam Peskowitz Deesha Philyaw Abigail Pogrebin Letty Cottin Pogrebin Robin Pogrebin Patrice Quinn Lori Rotskoff Deborah Siegel Jeremy Adam Smith Barbara Sprung Gloria Steinem and Marlo Thomas Publisher s Note Late in the production of this book the text on pages 252 and 253 was accidentally reversed As a result one should read page 253 before turning to page 252 and then proceeding on to page 254 The publisher deeply regrets this error **Raising America** Ann Hulbert,2004-04-13 Since the beginning of the twentieth century millions of anxious parents have turned to child rearing manuals for reassurance Instead however they have often found yet more cause for worry In this rich social history Ann Hulbert analyzes one hundred years of shifting trends in advice and discovers an ongoing battle between two main approaches a child centered focus on warmly encouraging development versus a sterner parent centered emphasis on instilling discipline She examines how pediatrics psychology and neuroscience have fueled the debates but failed to offer definitive answers And she delves into the highly relevant and often turbulent personal lives of the popular advice givers from L Emmett Holt and Arnold Gesell to Bruno Bettelheim and Benjamin Spock to the prominent and ever conflicting experts of today **Subject Guide to Forthcoming Books** ,1983 Presents by subject the same titles that are listed by author and title in Forthcoming books [Subject Guide to Books in Print](#) ,1983 [Bulletin of the Atomic Scientists](#) ,1970-06 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Parenting in a Digital World** Catherine Page Jeffery,2025-03-17 This book focuses on the challenges of parenting in the digital age providing a counter narrative to and critique of risk and cyber safety narratives as well as some suggestions for a way forward Drawing on qualitative research with Australian

families this book explores the knowledges practices anxieties and lived experiences of families themselves It demonstrates that the realities of family life in the digital age are more complex than the headlines and cyber safety advice would have us believe as parents grapple with balancing their own anxieties and social expectations about what it means to be a good parent with the practices desires and rights of their child It addresses key questions including How much attention should we pay to media headlines about the dangers of contemporary media What is actually worrying Australian parents and how do they address these concerns Why do young people love media so much How capable are young people of actually managing online risk What is the right way to parent in the digital age to ensure young people s safety and wellbeing while minimising family conflict Aimed at media studies scholars and students as well as parents and policy makers seeking a more comprehensive understanding of the broader academic research surrounding young people media and parenting this book argues that parent and child knowledges practices and experiences must be better accounted for within the online safety ecosystem as well as in policy development and that families need encouragement and guidance to help them adopt more democratic approaches to parenting in the digital age

Vocabulary for Sustainable Consumption and Lifestyles Lewis Akenji,Philip J. Vergragt,Halina Szejnwald Brown,Thomas S.J. Smith,Laura Maria Wallnöfer,2025-09-29 Vocabulary for Sustainable Consumption and Lifestyles a Language for our Common Future curates a shared vocabulary of concepts that enables a society wide conversation about sustainable consumption and lifestyles the future of consumer society and ways to transcend it Since the United Nations UN Earth Summit in Rio de Janeiro in 1992 the global environmental and social consequences of mass consumption have been well documented yet progress is slow Overconsumption and extractive practices continue to drive ecological overshoot Set against this backdrop each of the 87 essays in this book imparts a meaning to a concept

highlights its history and offers different perspectives interpretations and applications for social change The two premises of this book are that we need to transition to a society in which the well being and dignity of people are achieved with a much smaller footprint and that technological solutions are inadequate for the challenge Policies and actions are greatly lagging behind the growing understanding of the system of production consumption because social change is often slow and sustainable consumption does not have a clear political champion The book addresses tensions that also interfere with progress such as science versus politics economic winners versus losers traditions versus an uncertain future and present needs versus future costs This innovative volume is an important resource for students scholars policymakers grassroots activists and agents of change interested in sustainable consumption and sustainable living more broadly
