Otto Karl Werckmeister

Paul Klee In Munchen:

Klee and Kandinsky in Munich and at the Bauhaus Beeke Sell Tower,1981 **The Making of Paul Klee's Career, 1914-1920** Otto Karl Werckmeister,1989-07-10 Paul Klee one of the preeminent artists of the twentieth century was associated with all of the major movements of the first half of the century expressionism cubism surrealism and abstraction In this economic and political history O K Werckmeister traces Klee s career as a professional artist concentrating on the years 1914 20 in which Klee rose from obscurity to recognition in the visual culture of the incipient Weimar Republic Werckmeister reveals the degree to which Klee who has been traditionally portrayed as aloof from politics and the vicissitudes of the art market was subject to and interacted with material conditions Drawing on rich documentary evidence records of Klee s sales reviews of his exhibitions the artist s published writings about his art unpublished correspondence as well as contemporary criticism Werckmeister follows Klee s transformation from an idiosyncratic abstract individualist to a metaphysical storyteller to mystical sage Werckmeister argues that this latter image was promoted by a number of influential art critics and dealers acting in cooperation with the artist himself This posture prompted Klee s success first in the war weary modernist art world of 1916 18 and then in the pseudo revolutionary art world of 1919 20 This work is a critical challenge to the myth of Klee s art and to the hagiography of his artistic personality Werckmeister s historical account is sure to be a controversial yet significant contribution to Klee studies one that will change the nature of Klee scholarship for some time to come **The Diaries of Paul Klee, 1898-1918** Paul Klee,1968-06 Paul Klee was endowed with a rich and many sided personality that was continually spilling over into forms of expression other than his painting and that made him one of the most extraordinary phenomena of modern European art These abilities have left their record in the four intimate Diaries in which he faithfully recorded the events of his inner and outer life from his nineteenth to his fortieth year Here together with recollections of his childhood in Bern his relations with his family and such friends as Kandinsky Marc Macke and many others his observations on nature and people his trips to Italy and Tunisia and his military service the reader will find Klee s crucial experience with literature and music as well as many of his essential ideas about his own artistic technique and the creative process *Paul Klee* Paul Klee,2008 The work of Paul Klee 1879 1940 was deeply influenced by his passion for the theater Throughout his life the artist fervently attended theatrical performances from the opera to puppet shows Characters from plays or operas Hamlet Falstaff and Don Giovanni for example populate his cryptic visual world Various types of characters and theatrical elements such as clowns and masks were firmly established themes in his visual repertoire Primarily though Klee created connections between the theater and life taking up the topos of the world as a stage people became actors or marionettes theatrical events touched upon scenes from everyday life This publication sheds light on all of these aspects of Klee s fascination for the theater A chronology gives a panoramic outline of his many experiences with the theater Selected works by contemporary artists make it clear that Klee was not the only one fascinated with the sharp eyed

perception of theatrical situation the topic is one that continues to engage artists today

Paul Klee Christine Hopfengart, Michael Baumgartner, Fabienne Eggelhöfer, Osama Okuda, 2020-01-01 Paul Klee 1879 1940 ist einer der bedeutendsten Vertreter der modernen Kunst Er schuf ein ebenso universales wie individuelles Werk das zwischen allen Strömungen und Ismen seiner Zeit steht Sein gewaltiges malerisches zeichnerisches und bildnerisches Œuvre seine Briefe und Tagebuchaufzeichnungen und nicht zuletzt seine pädagogischen Notizen bilden den Hintergrund für diese pointierte Darstellung zu Leben und Werk des meditativen Künstlers und visuellen Denkers Der reich bebilderte Band zeichnet Klees bewegte Biografie nach und spannt den Bogen von Klees künstlerischen Anfängen mit karikaturistischen Zeichnungen und Akten über seine Begegnung mit der Avantgarde und die berühmten Aquarelle der Tunisreise oder die abstrakten Farbkompositionen der Bauhaus Zeit bis zu den geheimnisvollen Bildfindungen seiner letzten Jahre in Bern

Paul Klee Oliver Kase, Régine Bonnefoit, 2018 The works of Paul Klee 1879 1940 charm the viewer with their inventiveness delight in experimentation subtle humour and brilliant colour schemes He contrasts the technical and rational tendencies of the 1920s with the significance of playfulness intuition and artistic genius Subdivided according to pictorial subjects of transcendental longing like ladders mountains and stars as well as Bauhaus aspects of architecture and construction of space the lavishly illustrated volume covering the period from 1905 until 1940 draws an impressive picture of Klee as an original thinking artist who confronts the challenges facing man in the modern age and brilliantly permits rational methods of picture construction to be transformed into the open and mysterious Exhibition Pinakothek der Moderne Munich Germany 01 03 10 06 2018

Paul Klee, His Life and Work Paul Klee, 2001 In the course of his creativity Klee developed his artistic will slowly almost hesitantly His work formed organically Undogmatic and open to all graphic life he let himself be inspired by the art of the past and the present Fairytale lyrics and grotesque satire tender jesting and real demonism profound mysticism and sober romanticism live in Klee's work which always radiates his personal sphere with all its variety In this monograph an immensely compressed picture of the artistic as well as the human side of his career evolves by way of the extensive pictorial material and accompanying essays a picture which gives information about Klee's contribution to the expansion of artistic articulation Jacket

After One Hundred Years Andrea Lerner, Avinoam Shalem, 2010-08-23 The exhibition Meisterwerke muslimischer Kunst that took place in Munich in 1910 marked a turning point in the approach to Islamic Art The show attempted to break free of Orientalism and exotic fantasies and in doing so set a new

standard for the reception of Islamic art in Europe Moreover naming the Islamic artefacts masterpieces it layed claim to bestow upon Islamic art a place equal to that of other cultural periods This book is the first comprehensive study on this path breaking exhibition It includes a wealth of unpublished material and numerous novel ideas on the subject and addresses the exhibition s historical context organization realization and display as well as its reception in the West and its later influence on the study of Islamic art The Art of Mechanical Reproduction Tamara Trodd,2015-09-25

The Art of Mechanical Reproduction presents a striking new approach to how traditional art mediums painting sculpture and drawing changed in the twentieth century in response to photography film and other technologies Countering the modernist view that the medium provides advanced art with resistance against technological pressures Tamara Trodd argues that we should view art and its practices as imaginatively responding to the potential that artists glimpsed in mechanical reproduction putting art into dialogue with the commercial cultures of its time The Art of Mechanical Reproduction weaves a rich history of the experimental networks in which artists as diverse as Paul Klee Hans Bellmer Ellsworth Kelly Robert Rauschenberg Gerhard Richter Chris Marker and Tacita Dean have worked and it shows for the first time how extensively technological innovations of the moment have affected their work Original and broad ranging The Art of Mechanical Reproduction challenges some of the most respected and entrenched criticism of the past several decades and allows us to think about these artists anew

Cubism and Abstract Art Alfred H. Barr, Jr.,2019-04-01 Originally published in 1936 in this classic account of the development of abstract art Alfred Barr analyses the many diverse abstract movements which emerged with bewildering

rapidity in the early years of the twentieth century and which had an impact on every major form of art Barr traces the history of nonrepresentational art from its antecedents in late nineteenth century painting in France Seurat and Neo Impressionism Gauguin and Synthetism and C zanne through abstract tendencies in Dada and Surrealism He distinguishes two main trends in abstract art the geometrical structural current as it developed in Cubism and later in Constructivism and Mondrian and the intuitional decorative current running from Matisse and Fauvism through Kandinskij and later Surrealism He shows how individual movements influenced one another and how many artists experimented with more than one style Barr also discusses the involvement of a number of abstract movements in architecture and the practical arts the Bauhaus in Germany de Stijl in Holland Purism in France and Suprematism and Constructivism in Russia *In the Beginning - Childhood drawings by eminent artists* Gerd Presler,2021-08-26 This study takes up the lost thread and continues it to the present I asked artists who are crucial in shaping today's art world with their works for drawings from their childhood and adolescence in order to get to the roots the origin and the conditions of their work in other words to those conditions under which a talent starts out evolves and builds its initial foundations What happens there is precious and well worth our attention It is no less than the attempt to find the building blocks of creativity Paul Klee 1933 Pamela Kort,2003
