Collective Action Bill Jordan, 2022-07-29 This book examines how different levels and forms of human collectivity have interacted voluntarily or coercively and how these transformed societies and polities Every size and type of human collective involve co operation among members and competition with other groups The two most recent trends in human relations individualism and economic globalisation have contributed to authoritarianism in politics and inequality among citizens This book analyses how collective action might offset the most destructive consequences for well being of these two tendencies It explores these manifestations of collective action and their impact on social relations and social policies in the developed world Further the volume sets out a programme for more progressive and egalitarian future for global populations Engaging accessible and transdisciplinary this book will be of great interest to scholars and researchers of politics and public policy sociology social psychology social policy and social work as well as political philosophy political economy and migration studies

Automation and Human Solidarity Bill Jordan, 2020-01-25 This book provides a detailed analysis of the economic and political implications of the introduction of Artificial Intelligence and Robotics into the service sector of economies that have so far relied on service jobs to sustain levels of employment It examines how reliance on coercive

measures for enforcing low paid service work attempts to postpone this third Industrial Revolution and analyses the struggles that must still take place if we are to achieve a future of freedom and social justice for all While automation and globalisation have made human solidarities of traditional kinds more difficult to sustain they have also made new kinds possible Experiments in social policy and especially the pilot projects with unconditional Universal Basic Incomes offer a possible model for a new kind of society The author argues that it is politics which will determine whether we can achieve these new human solidarities

Immigration, Social Cohesion and Political Reaction Bill Jordan,2020-09-18 This book addresses the challenge for social integration posed by immigration into Western liberal democracies Movement of people goods and money across borders has increased in recent decades the phenomenon known as globalisation But it has been the migration of refugees from civil wars in the Middle East which has most transformed the political life of European societies causing the decline in support for the traditional conservative and social democratic parties It has triggered nationalistic mobilisations and authoritarian regimes as well as attempts to improved integration in societies The coronavirus pandemic has added a dimension to these processes but also opened up new possibilities for transformation

Social Value in Public Policy Bill Jordan,2020-11-06 This book considers the role of social value in the making and implementation of public policy taking into account how concepts such as subjective well being SWB can be used to measure the expected impact of enacted policies It argues that there is no evidence that markets have contributed to greater well being and that moments of crisis such as the COVID 19 pandemic represent an opportunity to re orientate policymaking and policy implementation away from those which favour markets and towards those which place subjective well being at their core Following this premise the author explores the elements that should be considered in a future society that prioritises social value

Begging questions Dean, Hartley,1999-09-16 Begging is widely condemned but little understood It is increasingly visible yet politically controversial Recent changes in British social security

housing and mental health provision can be seen to have exacerbated the extent of begging in the UK and its persistence is an indictment of the failures of social policy throughout the Western world Though begging is intimately linked to issues of street homelessness mental health substance abuse and social exclusion this book specifically focuses on begging as a distinctive form of marginalised economic activity It looks at the significance of face to face contact between beggars and passers by the preoccupation with the classification of beggars the stigma associated with begging and judgements required by the passer by the place of begging in the spectrum of informal economic activity The book provides a comprehensive overview and will stimulate theoretical policy and methodological debates driving forward the research agenda It is important reading for researchers academics and students in social policy social work sociology politics and socio legal studies and also for social work practitioners and particularly policy makers

Families, Education and Giftedness Jim Campbell, Laura Mazzoli Smith, 2013-02-12 What is it like to be YOUNG GIFTED AND WORKING CLASS in contemporary England How do working class family values support high educational achievement What do researchers and policy makers have to learn about giftedness from working class families These provocative questions are explored in this ground breaking book Most studies of giftedness focus on the characteristics of individuals and draw upon psychological frameworks to understand them Participants in most gifted education programmes are recruited disproportionately from the higher social classes Sceptical of the concept of giftedness Mazzoli Smith and Campbell question conventional methodologies using a narrative approach to understand how four families of working class origins each with a gifted child construct their values in relation to education and social class They explore the influence of their family histories cultural values and life styles upon educational engagement and achievement The authors show that gifted education policies are poorly matched to the values of these families and argue that much research into giftedness has been flawed by social and cultural discrimination They propose an agenda for change in research paradigms in the giftedness field which should be characterized by interdisciplinarity and more culturally relative conceptions of giftedness

The Urban Primary School Meg Maguire, Tim Wooldridge, Simon Pratt-Adams, 2006-05-16 This book offers an in depth understanding of the unique challenges and contributions of urban primary schools The authors set urban education in the wider social context of structural disadvantage poverty oppression and exclusion and reassert some critical urban educational concerns Recognising that practice needs to be informed by theory they provide a strong theoretical framework alongside contemporary ethnographic data Drawing on their extensive experience in urban primary schools as well as numerous case studies the authors present a fresh and stimulating view of urban primary schools which will inspire education professionals and academics alike The Urban Primary School is essential reading for teachers and trainee teachers in urban primary schools as well as for students of education policy makers parents and school governors

Divorcing Responsibly Helen Reece, 2003-08-15 This book provides an analysis of the increasing impact on the law in general and divorce law in particular of post liberalism which replaces choice with self discovery The author shows that post liberal premises formed the foundation for every aspect of the recent divorce reform proposals Accordingly she attributes their failure to the contradictions inherent within post liberalism Nevertheless she concludes that post liberalism maintains a subtle yet pervasive influence on the law Specifically this means that we are held accountable not for what we do but for how we approach our decisions Thus for the first time ever it has become possible to divorce responsibly **Class Work:**

Mothers' Involvement Diane Reay, 2005-08-16 First Published in 1998 Routledge is an imprint of Taylor Francis an informal company Class Work Diane Reay, 2023-05-12 This text looks at the ways in which women as mothers are positioned in society in terms of ethnicity social class and marital status Using case study material the author expands her assessment to analyse the way women's educational experience influences their involvement in their children's schooling The book examines the support of the mother in her child's schooling to reveal the part she plays in social reproduction and to recognize her centrality to an understanding of social class The book should be of interest to undergraduates in the sociology of education gender studies and to those studying PGCE primary education *The New Politics of Welfare* Bill Jordan, 1998-09-24 This critical and highly topical introduction to the current debates and politics surrounding welfare reform in the United Kingdom and the United States explains the origins and main tenets of the Blair Clinton orthodoxy Central to the book is an examination of this orthodoxy's appeal to the concept of social justice Bill Jordan demonstrates how values derived from the family and voluntary associations are in danger of running counter to the more fundamental principles of liberal democracy and the requirements of transnational economic exchange He links the new politics of welfare to liberal and communitarian theories of citizenship and social justice and assesses the broader prospects for European social policy in

the struggle over economic and political integration For more than a decade Bill Jordan has been one of our most thoughtful and independent thinkers on the future of welfare Anyone who wants to know more about what is happening to global welfare and why and how it should be changed should read this book Chris Pierson Department of Politics University of Nottingham Sex, Money and Power Bill Jordan, 2004-10-08 Intimacy choice movement these are the elements that make up the desirable lifestyle in the mainstream of affluent societies They also undermine traditional forms of power and control and create a web of connections between individuals all over the world which promises to be more flexible and less restrictive than any that has existed before But Bill Jordan argues our present global institutions have shut out the majority of the world's population who are left to rely on quite different bonds of blood soil and faith
