Quaker Voice For Peace:

The Voice of Peace ,1874 *Voices for Peace* Noam Chomsky,John Pilger,Kathy Kelly,Bruce K. Gagnon,Brian Terrell,Cynthia McKinney,Ilan Pappé,Robin Ramsay,2017-09-01 The United States military doctrine as proclaimed by its Department of Defense is to attain full spectrum dominance in the air land maritime and space domains and information environment without effective opposition or prohibitive interference This is an agenda for global conquest for an ever expanding US empire As America prepares for conflict with Russia and China wars continue in the Middle East and North Africa tens of millions are exiled from their homes whilst many more face famine But there is not only hope for change in the air there is active resistance People all over the world are challenging the status quo by taking nonviolent action *Voices for Peace* features some of the world s leading thinkers journalists and activists offering insight inspiration and solutions to the world s most critical problems nuclear war environmental destruction and refugee flows In the wealth of material presented here Kathy Kelly talks about the Afghan Peace Volunteers and Standing Rock protesters in the USA calling for global unity Bruce K Gagnon s piece on space weapons discusses South Korean activists opposition to American weapons in their country Brian Terrell challenges the legality of drone warfare and outlines the grassroots links being forged between US and Russian citizens Noam Chomsky discusses US policies towards Russia and Syria as well as South America trade ISIS and Ukraine John Pilger talks about the Trump Obama naval build up around China and exposes Britain s deep state connections to the Manchester terror attack Former US Congresswoman Cynthia McKinney analyses the Charlie Hebdo attacks and the deep state in recent US history Ilan Papp offers an exclusive analysis of Israel s actions to ethnically cleanse Israel of Palestinians Finally Robin Ramsay exposes the unconditional support given to the USA by successive UK governments Seeking to inform and educate this penetrating anthology is edited and introduced by author T J Coles who gives a broader framework and context to the individual articles [Daisaku Ikeda and Voices for Peace from Africa](#) Henry Indangasi,Masumi O.

Hashimoto,2008 **A Quaker Voice for Peace** Harold B. Confer,2004-11-01 Confer writes from the heart and doesn t spare the arrows aimed at piercing any government or individual tendency toward violence be it personal or national He also writes from a basis of credibility having worked as a carpenter volunteer in an African village teacher civil rights lobbyist for the Quakers and organizer of work camps for many hundreds of youth including some to rebuild arson burnt black churches His poetry is not the smooth varnished style of many established poets Confer s poetry is rougher less finished but with the sturdiness and strength of fresh hewn oak Robert Maxwell Press Assistant Professor of Political Science University of Southern Mississippi At long last we have found time to journey through both of your books of poetry We have found a new level of inspiration the vision that is specially yours We join you in the stand against war and rejoice at your commitment to the rebuilding of churches that have been burned Herb Dimock Author of *Yeshua the Early Years* and *Yeshua and the Intimate God* Thanks for your response Harold and for sharing your poem on Martin Luther King It brings back that sad time

and this sad time Pat Schneider author *Writing Alone and With Others* Oxford University Press Founder Amherst Writers Artists **FOR PEACE against the fog and blood of war** edited by Ruth Finnegan, 2019-10-31 Aspirations of peace and hatred of the horrors of war from the earliest times to the war poets of today selected By Ruth Finnegan cultural historian classicist and anthropologist An intensely moving as well as mind opening and inspiring collection of protest and aspiration

Quaker Experiences in International Conciliation C. H. Mike Yarrow, 1978-01-01 As far back as the early 1900s the Quakers have been engaged in a program of quiet private diplomacy that won them a Nobel Peace Prize in 1947 During the turbulent 1960s they acted as unofficial conciliators in several tense situations This comprehensive study of Quaker peace making activities focuses primarily on the variety and effectiveness of their efforts in Berlin from 1960 to 1973 in India Pakistan in 1965 and in Nigeria from 1967 to 1970 **Civil War in the North Carolina Quaker Belt** William T.

Auman, 2014-01-23 This is an account of the seven military operations conducted by the Confederacy against deserters and disloyalists and the concomitant internal war between secessionists and those who opposed secession in the Quaker Belt of central North Carolina It explains how the outliers deserters and draft dodgers managed to elude capture and survive despite extensive efforts by Confederate authorities to hunt them down and return them to the army The author discusses the development of the secret underground pro Union organization the Heroes of America and how its members utilized the Underground Railroad dug out caves and an elaborate system of secret signals and communications to elude the hunters Numerous instances of murder rape torture and other brutal acts and many skirmishes between gangs of deserters and Confederate and state troops are recounted In a revisionist interpretation of the Tar Heel wartime peace movement the author argues that William Holden's peace crusade was in fact a Copperhead insurgency in which peace agitators strove for a return of North Carolina and the South to the Union on the Copperhead basis that is with the institution of slavery protected by the Constitution in the returning states **Walking in the Way of Peace** Meredith Baldwin

Weddle, 2001-05-03 This book investigates the historical context meaning and expression of early Quaker pacifism in England and its colonies Weddle focuses primarily on one historical moment King Philip's War which broke out in 1675 between English settlers and Indians in New England Among the settlers were Quakers adherents of the movement that had gathered by 1652 out of the religious and social turmoil of the English Civil War King Philip's War confronted the New England Quakers with the practical need to define the parameters of their peace testimony to test their principles and to choose how they would respond to violence The Quaker governors of Rhode Island for example had to reconcile their beliefs with the need to provide for the common defense Others had to reconcile their peace principles with such concerns as seeking refuge in garrisons collecting taxes for war carrying guns for self defense as they worked in the fields and serving in the militia Indeed Weddle has uncovered records of many Quakers engaged in or abetting acts of violence thus debunking the traditional historiography of Quakers as saintly pacifists Weddle shows that Quaker pacifism existed as a doctrinal position

before the 1660 crackdown on religious sectarians but that it was a radical theological position rather than a pragmatic strategy She thus convincingly refutes the Marxist argument that Quakers acted from economic and political and not religious motives She examines in detail how the Quakers theology worked how for example their interpretation of certain biblical passages affected their politics and traces the evolution of the concept of pacifism from a doctrine that was essentially about protecting the state of one's own soul to one concerned with the consequences of violence to other human beings *Quakers and Peace* George William Knowles, 1927 **Hidden Voices** Ann Jordan, 2006 This book contains a collection of stories of individual human endeavors people in civil society working towards a culture of peace in diverse ways such as arts music storytelling spirituality education They are heart warming and inspiring accounts of individuals working creatively in the belief that lives can be transformed and that collectively they can make a difference Their stories express the extraordinariness of ordinary people and show the range of good peace building practice that contributes towards stability in diverse societies The stories aim to uplift readers spirits to inspire and encourage and most of all to rekindle a confidence in our common humanity The overall message is one of hope Opposition to War Mitchell K. Hall, 2018-01-04 How have Americans sought peaceful rather than destructive solutions to domestic and world conflict This two volume set documents peace and antiwar movements in the United States from the colonial era to the present Although national leaders often claim to be fighting to achieve peace the real peace seekers struggle against enormous resistance to their message and have often faced persecution for their efforts Despite a well established pattern of being involved in wars the United States also has a long tradition of citizens who made extensive efforts to build and maintain peaceful societies and prevent the destructive human and material costs of war Unarmed activists have most consistently upheld American values at home *Opposition to War An Encyclopedia of U S Peace and Antiwar Movements* investigates this historical tradition of resistance to involvement in armed conflict an especially important and relevant topic today as the nation has been mired in numerous military conflicts throughout most of the current century The book examines a largely misunderstood and underappreciated minority of Americans who have committed themselves to finding peaceful resolutions to domestic and international conflicts individuals who have proposed and conducted an array of practical and creative methods for peaceful change from the transformation of individual behavior to the development of international governing and legal systems for more than 250 years Readers will learn how individuals working alone or organized into societies of various size have steadfastly campaigned to stop war end the arms race eliminate the underlying causes of war and defend the civil liberties of Americans when wartime nationalism most threatens them **Voices from the Peace Corps** Angene Wilson, 2011-03-01 President John F Kennedy established the Peace Corps on March 1 1961 In the fifty years since nearly 200 000 Americans have served in 139 countries providing technical assistance promoting a better understanding of American culture and bringing the world back to the United States In *Voices from the Peace Corps Fifty Years of Kentucky Volunteers* Angene Wilson and Jack Wilson

who served in Liberia from 1962 to 1964 follow the experiences of volunteers as they make the decision to join attend training adjust to living overseas and the job make friends and eventually return home to serve in their communities They also describe how the volunteers made a difference in their host countries and how they became citizens of the world for the rest of their lives Among many others the interviewees include a physics teacher who served in Nigeria in 1961 a smallpox vaccinator who arrived in Afghanistan in 1969 a nineteen year old Mexican American who worked in an agricultural program in Guatemala in the 1970s a builder of schools and relationships who served in Gabon from 1989 to 1992 and a retired office administrator who taught business in Ukraine from 2000 to 2002 Voices from the Peace Corps emphasizes the value of practical idealism in building meaningful cultural connections that span the globe In Defence of Home Places Mark R. Leeming, 2017-06-07 As environmental deterioration became a major political issue near the end of the twentieth century activists in Nova Scotia stood together to defend the places they called home They cooperated to protect local environments and economies but they disagreed about the causes of environmental problems the role of humanity in nature and the place of environmentalists in the political process In Defence of Home Places examines the diversity of environmental activism in Nova Scotia illustrating how radicals and conservatives combined efforts to achieve early legislative and social success It also chronicles the debates and disagreements over fundamental principles that then weakened and divided the powerful environmental movement Placing the evolution of Nova Scotian environmental activism within a broader theoretical framework Mark R Leeming considers its development in national and international contexts examining the environmental movement itself along with the choices and tactics that brought about its greatest successes and failures 'Our life is love, and peace, and tenderness' Tracy Bourne, 2014-01-15 The Quakers Advices and Queries says to rejoice in the presence of children and recognise their gifts But how do you share your deepest beliefs with children while leaving them free to develop as the spirit of God may lead them This lecture advocates methods such as time in natural outdoor settings and nurturing young leadership and social activism by our kids Inspired by famous Quaker leaders who were only children themselves such as founder George Fox and the children of Reading Meeting Tracy Bourne addresses these issues and concerns with excitement for the future of the youngest Quakers This lecture examines the Quaker tradition of spiritual activism to argue that we need children and young people to energise us and help us prepare for difficult times ahead **Living with Conflict** Susan Robson, 2013-11-22 In Living with Conflict A Challenge to a Peace Church Susan Robson explores the discomforts and denials that can arise when an organization committed to doing good suspects that it is not living up to its declared aims This case study of Quakers in the United Kingdom closely examines the challenge of living constructively despite ever present internal conflicts Drawing on ideas from contemporary organizational theory Robson s study points the way forward for Quakers and other value based groups Living with Conflict compares the evolution of the Quaker peace testimony to the experience of other peaceful churches in both their relationships to the wider world and how they handle

congregational conflict It analyzes conflicts in small church congregations looking at triggers and responses past and present describing the consequences of challenging community narratives and creating counter narratives Students of peace and conflict studies organizational studies and the sociology of religion will find this study thought provoking Living with Conflict is also for anyone who has ever joined an organization they thought was welcoming and safe working together for the common good only to see it unravel into a flurry of acrimonious e mails slammed doors tears legal proceedings even tragedy

Worth Fighting For Lara Campbell, Michael Dawson, Catherine Gidney, 2015-03-20 Historians veterans museums and public education campaigns have all documented and commemorated the experience of Canadians in times of war But Canada also has a long rich and important historical tradition of resistance to both war and militarization This collection brings together the work of sixteen scholars on the history of war resistance Together they explore resistance to specific wars including the South African War the First and Second World Wars and Vietnam the ideology and nature of resistance national ethical political spiritual and organized activism against militarization such as cadet training the Cold War and nuclear arms As the federal government continues to support the commemoration and celebration of Canada's participation in past wars this collection offers a timely response that explores the complexity of Canada's position in times of war and the role of social movements in challenging the militarization of Canadian society [The American Friends' Peace Conference Held at Philadelphia Twelfth Month 12th, 13th and 14th, 1901](#) American Friends' peace conference, 1902

The American Friends' Peace Conference Held at Philadelphia Twelfth Month 12th, 13th and 14th, 1901 American Friends' Peace Conference, Philadelphia, 1901, 1902 **Quaker Studies: An Overview** C. Wess Daniels, Robynne Rogers Healey, Jon R. Kershner, 2018-03-20 In this introductory volume to the Brill Research Perspectives series on Quaker Studies Quaker Studies

An Overview The Current State of the Field C Wess Daniels Robynne Rogers Healey and Jon Kershner investigate Quaker Studies divided into the three fields of history theology and philosophy and sociology With a focus on schisms transatlantic networks colonialism abolition gender and equality and pacifism from Quaker origins onward Healey explores the rich diversity and complexity of research and interpretation that has emerged in Quaker history Kershner explores comparisons and divergences in contemporary Quaker theology and philosophy Special attention is paid to Quaker biblical hermeneutics mysticism ethics epistemology and Global Quakerism Daniels looks at the sociology of Quakerism as a new field of study that has only recently begun to be explored and developed He surveys the field of sociological work done within Quakerism from the 1960s to the present day *Metropolitan Pulpit and Homiletic Monthly*, 1925
