Santeria An African Religion In America:

Santeria Joseph Murphy,1997-01-01 *Santería* Joseph M. Murphy,1988 **Santería** Joseph M. Murphy,1989-01-01

Santeria Joseph M. Murphy,1993-04-01 *Santería* represents the first in depth scholarly account of a profound way of wisdom that is growing in importance in America today A professional academic and himself a participant in the Santería community of the Bronx for several years Joseph Murphy offers a powerful description and insightful analysis of this African Cuban religion He traces the survival of an ancient spiritual path from its West African Yoruba origins through nearly two centuries of slavery in the New World to its presence in the urban centers of the United States where it continues to inspire seekers with its compelling vision *The African American Religious Experience in America* Anthony B. Pinn,2005-11-30 Most who think about African American religion limit themselves to black churches or perhaps to aspects of Islamic thought and practice But a close look at the religious landscape of African American communities presents a much more complex thick and layered religious reality comprising many competing faiths and practices *The African American Religious Experience in America* provides readers with an introduction to the tremendous religious diversity of African American communities in the United States with snapshots of 11 religious traditions practiced by African Americans from Buddhism to Catholicism from Judaism to Voodoo Each snapshot provides readers a better understanding of how African Americans practice their faiths in the United States *The African American Religious Experience in America* provides resources for students taking classes on the history of American religion African American Studies and on American Studies In addition to the in depth discussion of the varieties of African American Religion the volume includes a historical introduction to the development of African American Religion a glossary of terms a timeline of important events a series of short biographies of important figures in the history of African American religion and a bibliography of sources for further study Finally the book includes a series of primary source documents that will provide students with first person accounts of how religion is practiced in the African American community both today and in the past *Encyclopedia of African Religion* Molefi Kete Asante,Ama Mazama,2009 Collects almost five hundred entries that cover the African response to spirituality taboos ethics sacred space and objects *Investigating Religious Terrorism and Ritualistic Crimes* Dawn Perlmutter,2003-12-15 The legalities of particular religious practices depend on many factors such as the type of occult or religious activity the current laws and the intention of the individual practitioner Written by the director of the Institute for the Research of Organized and Ritual Violence *Investigating Religious Terrorism and Ritualistic Crimes* is the first *Santería* Miguel A. De La Torre,2004-08-23 This book by Miguel De La Torre offers a fascinating guide to the history beliefs rituals and culture of Santería a religious tradition that despite persecution suppression and its own secretive nature has close to a million adherents in the United States alone Santería is a religion with Afro Cuban roots rising out of the cultural clash between the Yoruba people of West Africa and the Spanish Catholics who brought them to the Americas as slaves As a faith of the

marginalized and persecuted it gave oppressed men and women strength and the will to survive With the exile of thousands of Cubans in the wake of Castro's revolution in 1959 Santería came to the United States where it is gradually coming to be recognized as a legitimate faith tradition Apart from vague suspicions that Santería's rituals include animal sacrifice and notions that it is a syncretistic form of Catholicism most people in America's cultural and religious mainstream know very little about this rich faith tradition in fact many have never heard of it at all De La Torre who was reared in Santería sets out in this book to provide a basic understanding of its inner workings He clearly explains the particular worldview myths rituals and practices of Santería and he discusses what role the religion typically plays in the life of its practitioners as well as the cultural influence it continues to exert in Latin American communities today In offering a balanced informed survey of Santería from his unique insider outsider perspective De La Torre also provides insight into how Christianity and Santería can enter into dialogue a dialogue that will challenge Christians to consider what this emerging faith tradition can teach them about their own Enhanced with illustrations tables and a glossary De La Torre's Santería sheds light on a religion all too often shrouded in mystery and misunderstanding

Conjure in African American Society Jeffrey E. Anderson, 2008-08 From black sorcerers' client-based practices in the antebellum South to the postmodern revival of hoodoo and its tandem spiritual supply stores the supernatural has long been a key component of the African American experience What began as a mixture of African European and Native American influences within slave communities finds expression today in a multimillion dollar business In *Conjure in African American Society* Jeffrey E. Anderson unfolds a fascinating story as he traces the origins and evolution of conjuring practices across the centuries Though some may see the study of conjure as a perpetuation of old stereotypes that depict blacks as bound to superstition the truth Anderson reveals is far more complex Drawing on folklore fiction and nonfiction music art and interviews he explores various portrayals of the conjurer backward buffoon rebel against authority and symbol of racial pride He also examines the actual work performed by conjurers including the use of pharmacologically active herbs to treat illness psychology to ease mental ailments fear to bring about the death of enemies and acquittals at trials and advice to encourage clients to succeed on their own By critically examining the many influences that have shaped conjure over time Anderson effectively redefines magic as a cultural power one that has profoundly touched the arts black Christianity and American society overall

Afro-Caribbean Religions Nathaniel Samuel Murrell, 2010-01-25 A comprehensive introduction to the Caribbean's African-based religions

[Encyclopedic Dictionary of Cults, Sects, and World Religions](#) Larry A. Nichols, George Mather, Alvin J. Schmidt, 2010-02-23 Up to date well documented comprehensive coverage of cults sects and world religions from the historical to the contemporary INCLUDES Well known groups and world religions such as Jehovah's Witnesses Mormons Islam and Baha'i Groups with a significant North American influence including Santería Rastafarians Haitian Voodoo white supremacy groups Wicca and Satanism REVISED UPDATED AND EXPANDED TO INCLUDE NEW ENTRIES AND NEW INFORMATION Updated information on Islam and its global impact

New entries the Branch Davidians Native American religions Heaven s Gate Aum Supreme Truth the Boston Movement the Masonic Lodge and many others Developments in the world of cults and the occult Encyclopedic Dictionary of Cults Sects and World Religions is arguably the most significant reference book on the subject to be published Formerly titled Dictionary of Cults Sects Religions and the Occult it provides reliable information on the history and beliefs of nearly every form of religion active today This extensively revised edition includes new topics updated information and a brand new format for a clearer more organized approach The authors evaluate the beliefs and practices of each group from the perspective of the Bible and the historic creeds of the Christian church You ll also find group histories numerous illustrations charts current statistics websites bibliographies and other useful information **The African American Experience** Arvarh E.

Strickland,Robert E. Weems Jr.,2000-11-30 Compared to the early decades of the 20th century when scholarly writing on African Americans was limited to a few titles on slavery Reconstruction and African American migration the last thirty years have witnessed an explosion of works on the African American experience With the Civil Rights and Black Power movements of the 1960s came an increasing demand for the study and teaching of African American history followed by the publication of increasing numbers of titles on African American life and history This volume provides a comprehensive bibliographical and analytical guide to this growing body of literature as well as an analysis of how the study of African Americans has changed **African Religions** Douglas Thomas,Temilola Alanamu,2018-12-01 This book supplies fundamental information about the diverse religious beliefs of Africa explains central tenets of the African worldview and overviews various forms of African spiritual practices and experiences Africa is an ancient land with a significant presence in world history especially regarding the history of the United States given the ethnic origins of a substantial proportion of the nation s population This book presents a broad range of information about the diverse religious beliefs of Africa that serves to describe the beliefs practices deities sacred places and creation stories of African religions Readers will learn about key forms of spiritual practices and experiences such as incantations and prayer dance as worship and spirit possession all of which pepper African American religious experiences today The entries also discuss central tenets of the African worldview for example the belief that humankind is not to fight nature but to integrate into the natural environment This volume is specifically written to be highly accessible to students It provides a much needed source of connections between the religious traditions and practices of African Americans and those of the people of the continent of Africa Through these connections this work will inspire tolerance of other religions traditions and backgrounds The included selection of primary documents provides users first hand accounts of African religious beliefs and practices serving to promote critical thinking skills and support Common Core State Standards Santería in Northern Ohio Shaina Ann Wedmedyk,2010 *Slavery and Beyond* Darién J. Davis,1995 The slave market in Seville while still relatively small became one of the most active in Europe Many called the city the New Babylon Northern and sub Saharan Africans comprised more than 50 percent of the inhabitants of several of Seville s

neighborhoods The African populations became so socially and politically important that in 1475 the Crown appointed Juan de Valladolid its royal servant and mayoral to represent Seville's Afro Iberian community Churches and charities catered to its spiritual and material needs **The Palgrave Handbook of African Traditional Religion** Ibigbolade S.

Aderibigbe, Toyin Falola, 2022-05-20 The Palgrave Handbook of African Traditional Religion interrogates and presents robust and comprehensive contributions from interdisciplinary experts and scholars Offering a range of perspectives and opinions through the prism of understanding the past about African Traditional religions and more importantly capturing their dynamics in the present and projecting their sustainability and relevance for the future this volume is an essential resource for knowledge and understanding of African Traditional religions in the global space of religious traditions *Religion in America* Winthrop Hudson, 2015-08-07

This comprehensive narrative account of religion in America from 1607 through the present depicts the religious life of the American people within the context of American society It addresses topics ranging from the European Puritan origins of American religious thought the ramifications of the Great Awakening the effect of nationhood on religious practice and the shifting religious configuration of the late 20th century Encyclopedia of Religion in America Charles H. Lippy, 2010-06

Explores the origins development influence and interrelations of the many faiths practiced in North America including major world religions and emerging sects cults and movements *Religion in America* John Corrigan, Winthrop Hudson, 2018-03-09

This comprehensive narrative account of religion in America from the sixteenth century through the present depicts the religious life of the American people within the context of American society It addresses topics ranging from the European origins of American religious thought and the diversity of religion in America to the relation of nationhood with religious practice and the importance of race ethnicity and gender in American religious history Split into four parts this textbook covers Religion in a Colonial Context 1492 1789 The New Nation 1789 1865 Years of Midpassage 1865 1918 Modern America 1918 Present This new edition has been thoroughly updated to include further discussion of colonialism religious minorities space and empire religious freedom emotion popular religion sexuality the ascent of the nones Islamophobia and the development of an American mission to the world With a detailed timeline illustrations and maps throughout and an accompanying companion website Religion in America is the perfect introduction for students new to the study of this topic who wish to understand the key themes places and people who shaped the world as we know it today The Public Face of African New Religious Movements in Diaspora Afe Adogame, 2016-02-24

The growing pace of international migration technological revolution in media and travel generate circumstances that provide opportunities for the mobility of African new religious movements ANRMs within Africa and beyond ANRMs are furthering their self assertion and self insertion into the religious landscapes of Europe the Americas and Asia Their growing presence and public visibility seem to be more robustly captured by the popular media than by scholars of NRMs historians of religion and social scientists a tendency that has probably shaped the public mental picture and understanding of the phenomena

This book provides new theoretical and methodological insights for understanding and interpreting ANRMs and African derived religions in diaspora Contributors focus on individual groups and movements drawn from Christian Islamic Jewish and African derived religious movements and explore their provenance and patterns of emergence their belief systems and ritual practices their public civic roles group self definition public perceptions and responses tendencies towards integration segregation organisational networks gender orientations and the implications of interactions within and between the groups and with the host societies The book includes contributions from scholars and religious practitioners thus offering new insights into how ANRMs can be better defined approached and interpreted by scholars policy makers and media practitioners alike
