Sex and Religion ,2023-07-31 **Evolution and Human Sexual Behavior** Peter B. Gray,2013-04-01 A comprehensive survey of the evolutionary science of human sexual behavior Evolution and Human Sexual Behavior invites us to imagine human sex from the vantage point of our primate cousins in order to underscore the role of evolution in shaping all that happens biologically and behaviorally when romantic passions are aroused *Sex, Size and Gender Roles* Daphne J. Fairbairn,Wolf U. Blanckenhorn,Tamás Székely,2007-07-05 This collection of 20 chapters written by leading evolutionary biologists from around the globe provides a fascinating insight into the patterns and causes of differences between males and females in the natural world *Law and Sexuality in Tennessee Williams's America* Jacqueline O'Connor,2016-05-31 Gender and cultural studies readings of Tennessee Williams s work have provided diverse perspectives on his complex representations of sexuality whether of himself as an openly gay man or of his characters many of whom narrate or dramatize sexual attitudes or behavior that cross heteronormative boundaries of the mid century period Several of these studies have positioned Williams and his work amid the public tensions in American life over roughly four decades from 1940 1980 as notions of equality and freedom of choice challenged prejudice and repression in law and in society To date however neither Williams s homosexuality nor his persistent representations of sexual transgressions have been examined as legal matters that challenged the rule of law Directed by legal history and informed by multiple strands of Williams s studies criticism textual and cultural this book explores the interplay of select topics defined and debated in law s texts with those same topics in Williams s personal and imaginative texts By tracing the obscure and the transparent representations of homosexuality specifically and diverse sexualities more generally through selected stories and plays the book charts the intersections between Williams s literature and the laws that governed the period His imaginative works backlit by his personal documents and historical and legal records from the period underscore his preoccupation with depictions of diverse sexualities throughout his career His use of legal language and its varied effects on his texts demonstrate his work s multiple and complex intersection with major twentieth century concerns including significant legal and cultural dialogues about identity formation intimacy privacy and difference *The Language of Sadomasochism* Thomas Murray,Thomas Murrell,1989-02-07 The Language of Sadomasochism contains vocabulary and defines activities that many will find offensive It has been published to aid linguists folklorists sociologists psychologists and other adult researchers develop a better understanding of this subculture The Language of Sadomasochism represents the first systematic comprehensive account ever attempted of the specialized terminology used by sadomasochists The work is divided into three distinct sections Part one provides a thorough introduction to the subculture of sadomasochism its history in the Western world and its place in American culture in literature and in the work of non linguist social scientists Part two is a comprehensive glossary of more than 800 terms currently in use among sadomasochists For each term the authors provide part of speech labels etymologies definitions

citations illustrating actual usage related forms of the word cross references to semantically and conceptually related terms and special notes on usage Part three contains a linguistic analysis of the terminology and illustrates how the language of sadomasochism is related both to the English language as a whole and to the sadomasochists who use the specialized language The book concludes with a complete bibliography of all references cited a list of difficult to find sadomasochism related periodicals and an index providing easy access to groups of semantically and conceptually related terms *Research Reports* United States. Commission on Population Growth and the American Future,1972 **Sexuality in World History** Peter N. Stearns,2017-02-14 This book examines sexuality in the past and explores how it helps explain sexuality in the present The subject of sexuality is often a controversial one and exploring it through a world history perspective emphasizes the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviors values and debates This new edition examines these issues on a global scale with attention to anthropological insights on sexuality and their relationship to history the dynamics between sexuality and imperialism sexuality in industrial society and trends and conflicts surrounding views of sex and sexuality in the contemporary world Aspects of Population Growth Policy United States. Commission on Population Growth and the American Future,1972 The Sexual Life of Savages in North-western Melanesia Bronislaw Malinowski,1929 The Sexual Life of Savages in North-western Melanesia Bronislaw Malinowski,2002 This volume provides an ethnographic account of courtship marriage and family life among the people of the Trobriand Islands **Leo Strauss On Plato's Symposium** Leo Strauss,2001 The first major piece of unpublished work by Leo Strauss to appear in more than thirty years Leo Strauss On Plato's Symposium offers the public the unprecedented experience of encountering this renowned scholar as his students did Given as a course in autumn 1959 under the title Plato's Political Philosophy at the University of Chicago these transcripts previously had circulated in samizdat fashion passed down from one generation of students to the next They show Strauss at his best in his subtle and sometimes indirect style of analysis which has attracted almost as much commentary as has the content of his thought Strauss presents a coherent and complete interpretation of the Symposium proceeding by a meticulous reading from beginning to end Operating on the once common hypothesis that commentary is an excellent method of expounding the truth Strauss sheds light not only on the meaning of the dialogue and its place in the Platonic corpus but also on a host of important topics including the nature of eros and its place in the overall economy of human life the perennial quarrel between poetry and philosophy and the relation of both to piety politics and morality the character of Socrates and the questions of his trial and many other matters As provocative as they were a half century ago these important lectures will be welcomed by students of classics philosophy politics psychology and political philosophy **Managing Sex in the U.S. Military** Beth Bailey,Alesha E. Doan,Shannon Portillo,Kara Dixon Vuic,2022-05 Historians and policy scholars offer insight into the ways the U S military manages the sexual behaviors practices and identities of its service members The Sexual Lives of Savages Bronislaw

encouraging abstinence monogamy and safer sex practices have interacted with Latino adolescent social and cultural norms to produce changes but not changes that reduce sexual risk Her study presents both data and conclusions that have critical significance for the development of policy aimed at mitigating the devastation of HIV and other sexually transmitted diseases
