Long Lankin John Banville,1984 **The Supreme Fictions of John Banville** Joseph McMinn,1999 This work offers a critical commentary on the range of John Banville's fiction including the plays and views that fiction in the contexts of contemporary critical theory particularly those of postmodernism and feminism It argues that Banville's work is deeply influenced by romantic and modernist mythologies of the creative imagination especially those expressed by Coleridge and Wallace Stevens Banville's interest in systems of knowledge and forms of representation is a major issue in the study and McMinn investigates his use of paintings as metaphors **Notes and Queries** ,1874 The Singing Tradition of Child's Popular Ballads. Volume I- Twisted Roots Folk Horror Revival, 2018 The Twisted Roots of Folk Horror music An exploration of the artists and their music who laid the foundations for future generations of Folk Horror musicians Taking in Murder Ballads Acid Folk Occult Rock The Blues and Traditional Folk Music as well as Film Soundtracks Twisted Roots is a collection of articles interviews and album reviews from the likes of Maddy Prior Jonny Trunk Sharron Kraus John Cameron and Candia McKormack and many more *John Banville* Neil Murphy, 2018-05-18 John Banville offers a close analysis of most of Banville's major novels as well as the Quirke crime novels he has written under the pseudonym Benjamin Black and his dramatic adaptations of Heinrich von Kleist's plays From the beginning Banville's work has been marked both by the presence of a complex embedded discourse about the significance of art and by a concurrent self-conscious obsession with its own status as art His novels perpetually reveal an overt fascination with the visual arts in particular and with the aesthetic principle of literature as art This study argues that as a whole Banville's work presents an elaborate and richly textured coded account of his relationship with art and with the self-referential fictional world that his novels have conjured It is from this critical context that John Banville's central argument is derived This book asserts that Banville's fiction can be viewed both as an extended interrogation into the meaning and status of art as well as itself being a representative of the type of art that is admired in the pages of the novels As such it also represents an extremely sophisticated enactment of the novel form that goes beyond the self-reflexivity of late twentieth-century fiction to chart new developments in the literary arts The book's critical process involves several specific reference points Firstly Banville's own theoretical statements about art in interviews essays reviews and journalistic writing over the past 40 years are synthesized into a coherent interpretation of the author's artistic vision which is thereafter used as a conceptual touchstone when considering his major works of fiction This is done in conjunction with investigating specific theoretical perspectives about the relationship between literature and art by critics such as Denis Donoghue and Susan Sontag and by philosophers of art Graham Gordon Etienne Gilson Peter Lamarque and Susanne Langer **Performing Folk Songs** Elizabeth Bennett, 2023-12-14 Performing Folk Songs is the first full-length volume to explore English folk singing from the perspective of performance studies Using archival sources family repertoire and recorded performances of interviewees this book argues that archives and repertoires are produced in sensory environments and through embodied encounters Autoethnography sensory ethnography life writing and landscape writing are used to explore the affective and emotional aspects of learning songs by heart Drawing on her experience as a folk singer Bennett contributes to discourse on English folk traditions in the 21st century and brings performance scholarship to the

contemporary folk song resurgence In analyzing the performance of English folk songs in the affective context of the archive and the landscape the book engages with and contributes original insights to scholarship on folk music performance studies affect theory cultural geography and intangible cultural heritage studies Catalog of Copyright Entries Library of Congress.
