after decades of inaction the problems in water systems are enormous and will worsen if left unattended Leaders in the water sector can inform decisions outside their domain and manage water resources to achieve agreed socioeconomic objectives and environmental integrity Leaders in government the private sector and civil society determine these objectives and allocate human and financial resources to meet them Recognizing this responsibility they must act now Two volume set 336 96 pages case studies Includes CD ROM Published jointly with UNESCO Publishing The State against Society Grzegorz Ekiert,1996-09-30 Classical images of state socialism developed in contemporary social sciences were founded on simple presuppositions State socialist regimes were considered to be politically stable due to their pervasive institutional and ideological control over the everyday lives of their citizens impervious to reform and change and representative of extreme political and economic dependency Despite their contrasting historical experiences they have been treated as basically identical in their institutional design social and economic structures and policies Grzegorz Ekiert challenges this notion in a comparative analysis of the major political crises in post 1945 East Central Europe Hungary 1956 63 Czechoslovakia 1968 76 and Poland 1980 89 The author maintains that the nature and consequences of these crises can better explain the distinctive experiences of East Central European countries under communist rule than can the formal characteristics of their political and economic systems or their politically dependent status He explores how political crises reshaped party state institutions redefined relations between party and state institutions altered the relationship between the state and various groups and organizations within society and modified the political practices of these regimes He shows how these events transformed cultural categories produced collective memories and imposed long lasting constraints on mass political behavior and the policy choices of ruling elites These crises shaped the political evolution of the region produced important cross national differences among state socialist regimes and contributed to the distinctive patterns of their collapse Resources in Education ,1997-10 **Earth System Monitor** ,2009 Low-income Housing Tax Credits and the Role of Tax Policy in Preserving the Stock of Low-income Housing United States.
