findings or if Parks twisted Picasso's imagery into his own new Secret Chicago Connections. Either way the events took place just before Picasso drew his seemingly unconnected version of the infamous imagery. *Selling Suffrage* Margaret Mary Finnegan, 1999 Margaret Finnegan's pathbreaking study of woman suffrage from the 1850s to the Nineteenth Amendment in 1920 reveals how activists came to identify with consumer culture and employ its methods of publicity to win popular support through carefully crafted images of enfranchised women as personable, likable and modern. Drawing on organization records, suffragists' papers and memoirs and newspapers and magazines Finnegan shows how women found it in their political interest to ally themselves with the rise of consumer culture but the cost of this alliance was a concession of possibilities for social reform. When manufacturers and department stores made consumption central to middle class life suffragists made an argument for the ballot by comparing good voters to prudent comparison shoppers. Through suffrage commodities such as newspapers, sunflower badges, Kewpie dolls and Womanalls overalls for the modern woman as well as pantomimes staged on the steps of the federal Treasury building, fashionable window displays and other devices, Votes for Women entered public space and the marketplace. Together these activities and commodities helped suffragists claim legitimacy in a consumer capitalist society. Imaginatively interweaving cultural and political history, *Selling Suffrage* is a revealing look at how the growth of consumerism influenced women's self identity.
