Johnson-Lenden,2013-12-05 When I approached the Golden Egg and I was about 5 feet from the egg I was told to stop and stand still Looking around me I was surprised to see all the other Dragons had made a circle around me at a distance of about 30 feet away from where I stood I looked at the Golden Egg that was in soft warm sand in front of me Then I could see that it was gently rocking from side to side and then I noted that tiny cracks appeared they gradually got bigger as the Golden Egg continued to rock I heard a tapping sound coming from the Golden Egg there was no other sound in the warm still air I could hear my heart beating in my breast I thought that it sounded quite loud to me and I hope that I was the only one who could hear my heart beating I then realized that my heart beat and the tapping sound that came from the Golden egg were the same rhythm With breathless anticipation I watched the Golden Eggs cracks become a small hole at first and then much bigger soon a tiny Golden Dragon was nearly fully exposed With one final push a Beautiful Golden Little Dragon cast her eyes on me She looked intently at me for what seemed to be a life time but it was really only one minute she took her first step then the second towards me on wobbly legs Step by shaky unsteady step this little baby dragon came to me when she was close to me she lifted her Golden head and glared at me intently with her big brown eyes Pleading for me to accept her and to pat her on her Golden Head I looked at her and my heart melted I knew that I would love her and protect her until my life ended I stroked her head very gently then I held her close to me in a gentle hug as a mother would her new born child
