Sam Warner

# New Feminist Stories Of Child Sexual Abuse

**Ann Martin, Kathryn Holland**

## **New Feminist Stories Of Child Sexual Abuse:**

**New Feminist Stories of Child Sexual Abuse** Paula Reavey, Sam Warner, 2003 Child sexual abuse is a multifaceted event interpreted in many different ways in many different contexts In *New Feminist Stories of Child Sexual Abuse* contributors try to untangle some of the complex ways in which stories of child sexual abuse are translated through and into personal professional and social politics The first section of the book explores the cultural and political landscape of child sexual abuse in Western and non Western contexts It examines the ways in which radical aspects of feminism can be undermined in Western cultures and how Westernised ideologies of childhood sex and gender have been used to structure discussions about child sexual abuse across the world The second section traces the effects of these wider cultural and political narratives through the various contexts in which child sexual abuse is theorised and around which interventions in the lives of women are structured It provides insights into how traditional approaches to understanding harm can be challenged and reworked in practice using alternative therapeutic models based on feminist post structuralist agendas Reworking earlier feminist analyses *New Feminist Stories of Child Sexual Abuse* asks pertinent questions about how child sexual abuse is produced rather than merely represented in the ways we speak about it [Contesting Stories of Childhood Sexual Abuse](#) J. Woodiwiss, 2009-08-26 Located within a burgeoning therapeutic self help culture this book explores stories of childhood sexual abuse recovered memories and multiple personalities and explodes the myths surrounding women who without memories redefine themselves as victims **Childhood Sexual Abuse** Karen L. Kinnear, 2007-01-19 This work is an important new edition of a classic study one of the few exhaustive examinations of childhood sexual abuse available with 40 percent new material Even though it is as old as human history child sexual abuse has generally remained a dark and well hidden secret Only in the last few decades has it become a topic of open public debate and scientific research and we still have more questions than answers How often are accusations of sexual abuse legitimate and how often are they the result of false memories Can sexual offenders be cured or will they ultimately re offend These are only a few of the difficult questions this volume seeks to answer *Childhood Sexual Abuse A Reference Handbook* explores the many ways we define child sexual abuse in the United States and in different parts of the world and how those differences are represented in U S and international laws It summarizes what we know about how to intervene treat and prevent childhood sexual abuse effectively and tells the stories of individuals who have had a dramatic effect on the handling of childhood sexual abuse For students social workers teachers policymakers parents and concerned citizens this work offers a one stop multifaceted discussion of one of the major issues facing children and their families **Contemporary Feminisms in Social Work Practice** Sarah Wendt, Nicole Moulding, 2016-01-29 *Contemporary Feminisms in Social Work Practice* explores feminism as core to social work knowledge practice and ethics It demonstrates how gender neutral perspectives and practices obscure gender discourses and power relations It also shows feminist social work practice can transform areas of social work not specifically

concerned with gender through its emphasis on relationships and power Within and outside feminism there is a growing assumption that equality has been won and is readily available to all women However women continue to dominate the ranks of the poor in developed and developing countries around the world male perpetrated violence against women and children has not reduced women outnumber men by up to three to one in the diagnosis of common mental health problems and women continue to be severely underrepresented in every realm of power decision making and wealth This worrying context draws attention to the ways gender relations structure most of the problems faced by the women men and children in the day to day worlds in which social work operates Drawing together key contemporary thinking about feminism and its place in social work this international collection looks at both core curriculum areas taught in social work programs and a wide range of practice fields that involve key challenges and opportunities for future feminist social work This book is suitable for all social work students and academics It examines the nuanced nature of power relationships in the everyday and areas such as working with cross cultural communities mental health interpersonal violence and abuse homelessness child protection ageing disability and sexuality

**The Sexual Politics of Gendered Violence and Women's Citizenship** Suzanne Franzway, Nicole Moulding, Sarah Wendt, Carole Zufferey, Donna Chung, 2018-11-28 The challenge of violence against women should be recognised as an issue for the state citizenship and the whole community This book examines how responses by the state sanction violence against women and shape a woman's citizenship long after she has escaped from a violent partner Drawing from a long term study of women's lives in Australia including before and after a relationship with a violent partner it investigates the effects of intimate partner violence on aspects of everyday life including housing employment mental health and social participation The book contributes to theoretical explanations of violence against women by reframing it through the lens of sexual politics Finally it offers critical insights for the development of social policy and practice

**The Madness of Women** Jane Professor Ussher, Jane M. Ussher, 2011-03-28 Nominated for the 2012 Distinguished Publication Award of the Association for Women in Psychology Why are women more likely to be positioned or diagnosed as mad than men If madness is a social construction a gendered label as many feminist critics would argue how can we understand and explain women's prolonged misery and distress In turn can we prevent or treat women's distress in a non pathologising women centred way The Madness of Women addresses these questions through a rigorous exploration of the myths and realities of women's madness Drawing on academic and clinical experience including case studies and in depth interviews as well as on the now extensive critical literature in the field of mental health Jane Ussher presents a critical multifactorial analysis of women's madness that both addresses the notion that madness is a myth and yet acknowledges the reality and multiple causes of women's distress Topics include The genealogy of women's madness incarceration of difficult or deviant women Regulation through treatment Deconstructing depression PMS and borderline personality disorder Madness as a reasonable response to objectification and sexual violence Women's narratives of resistance This book will be of great

interest to students and scholars of psychology gender studies sociology women s studies cultural studies counselling and nursing

**Using Social Theory in Higher Education** Remy Y.S. Low,Suzanne Egan,Amani Bell,2023-10-13 This open access book offers a unique and refreshing view on working with social theory in higher education Using engaging first person accounts coupled with critical intellectual analysis the authors demonstrate how theory is grappled with as part of an ongoing practice rather than a momentary disembodied encounter In a structure that creates a space for relational dialogue each chapter is followed by a response from another author demonstrating the varied interpretive possibilities of social theory Collectively the authors invite the reader to engage with them in questioning the usefulness of social theory in higher education teaching and research in considering its possibilities and limits and in experiencing the opportunity it offers to understand ourselves and our work differently Written in a way that is scholarly yet accessible the contributors explore how social theories can be used to think through issues that are emerging as key social and political concerns in higher education and beyond The book will be of interest to advanced undergraduates postgraduates and early career academics as well as established scholars

**Just Sex?** Nicola Gavey,2013-10-14 Winner of the Association for Women In Psychology 2006 Distinguished Publication Award The past two decades have witnessed a significant shift in how rape is understood in Western societies This shift in perception has revealed the startling frequency of occurrences of date rape obscuring the divide between rape and what was once just sex Just Sex combines an overview of the existing literature with an analysis of recent research to examine the psychological and cultural implications of this new epidemic The result is the conclusion that feminist theory on sexual victimisation has gone both too far and not far enough The reader is presented with a challenging and original perspective on the issues of rape sex and the body incorporating subjects including rape as a social problem the social constructionism of sex subjectivity and the body heterosexuality under the microscope This book succeeds in making a valuable contribution to feminist and social constructionist work on rape that will be of interest to those studying psychology gender studies cultural studies and sociology Just Sex The Cultural Scaffolding of Rape was selected as a 2005 winner of AWP s Association for Women in Psychology distinguished publication award

**Memory Matters** Janice Haaken,Paula Reavey,2009-09-10 This book is grounded in the debates of the 1980s and 1990s that surrounded recollections of childhood sexual abuse particularly those that emerged in the context of psychotherapy When growing numbers of therapists claimed that they were recovering deeply repressed memories of early sexual violations in their female clients a wave of alarmed critics countered that therapists were implanting the very memories they were discovering In looking back at this volatile and heated controversy Memory Matters takes up disturbing questions that linger concerning memory sexuality and childhood Beginning with a re analysis of cases from the recovered memory era the volume goes on to offer fresh perspectives on recollections of childhood sexual abuse Informed by feminist and critical perspectives within psychology contributing authors introduce examples from their own qualitative research on processes of remembering They offer rich

examples from a wide range of applied settings from the courts psychotherapy institutions for the disabled to self help groups and the media A shared set of questions is addressed by each of the authors to create a dialogue with the reader on recurring motifs Memory Matters is an ideal resource for advanced undergraduate and postgraduate students in the social sciences and legal studies as well as practitioners in the fields of mental health crisis services and the law Scholarly and accessible in tone the book also offers helpful insights for professionals working with childhood memory

Interdisciplinary/multidisciplinary Woolf Ann Martin, Kathryn Holland, 2013 Edited collection from acclaimed contemporary Woolf scholars linking link inter and multidisciplinary scholarship to the intellectual and creative projects of Virginia Woolf and her modernist peers

**Hard Knocks** Janice Haaken, 2010-06-10 This book draws on interviews carried out over a period of eight years as well as novels films and domestic violence literature to explain the role of storytelling in the history of the battered women s movement The author shows how cultural contexts shape how stories about domestic abuse get told and offers critical tools for bringing psychology into discussions of group dynamics in the domestic violence field The book enlists psychoanalytic feminist theory to analyse storytelling practices and to re visit four areas of tension in the movement where signs of battle fatigue have been most acute These areas include the conflicts that emerge between the battered women s movement and the state the complex relationship between domestic violence and other social problems and the question of whether woman battering is a special case that differs from other forms of social violence The volume also looks at the tensions between groups of women within the movement and how to address differences based on race class or other dimensions of power Finally the book explores the contentious issue of how to acknowledge forms of female aggression while still preserving a gender analysis of intimate partner violence In attending to narrative dynamics in the history of domestic violence work Hard Knocks presents a radical re reading of the contribution of psychology to feminist interventions and activism The book is ideal reading for scholars activists advocates and policy planners involved in domestic violence and is suitable for students of psychology social work sociology and criminology

**The Body and Consent in Psychology, Psychiatry, and Medicine** Jemma Tosh, 2019-11-27 This groundbreaking text interrogates the constructed boundary between therapy and violence by examining therapeutic practice and discourse through the lens of a psychologist and a survivor of sexual abuse It asks what happens when those we approach for help cause further harm Can we identify coercive practices and stop sexual abuse in psychology psychiatry and medicine Tosh explores these questions and more to illustrate that many of the therapies considered fundamental to clinical practice are deeply problematic when issues of consent and sexual abuse are considered The book examines a range of situations where medical power and authority produces a context where the refusals and non consent of oppressed groups are denied dismissed or ignored arguing that key concepts and discourses have resulted in the production and standardisation of a therapeutic rape culture in the helping professions Tosh uses critical intersectionality theory and discourse analysis to expertly highlight the complex

interrelationships between race class gender sexuality and disability in our understanding of abuse and how we define survivors Drawing on a wide range of comprehensive examples including experiences and perspectives from cisgender and transgender men and women as well as nonbinary and intersex people this is essential reading for students and researchers of critical and queer psychology gender studies as well as mental health practitioners and social workers

**Gendered Violence, Abuse and Mental Health in Everyday Lives** Nicole Moulding, 2015-10-05 Gendered Violence Abuse and Mental Health in Everyday Lives Beyond Trauma offers new insights into the social dimensions of emotional distress in abuse related mental health problems and explores the many interconnections between gendered violence different forms of abuse and poor mental health Looking at how individuals can overcome the impact of abuse over the course of their lives Moulding maps a feminist informed recovery oriented approaches to therapy and prevention Drawing on sociological perspectives and a wide range of international research as well as original qualitative data presented here for the first time this book Demonstrates how gender and other social power relations play out in the specific emotional dimensions of some of the mental health problems most strongly linked to abuse including post traumatic stress disorder anxiety depression and eating disorders Critiques the way that mainstream psychological theory and research pathologises the effects of abuse through various mental illness diagnoses obscuring the nature of the individual emotional distress involved its social context and relational nature Outlines a feminist informed recovery oriented approach that aims to reduce violence against women and children This innovative volume is an important contribution to the literature on the impact of violence and abuse on the lives and health of its survivors It will be of interest to students and researchers from a range of disciplines and professions including social work gender studies sociology social policy psychology counselling mental health public health medicine and nursing

**Celebrity, Pedophilia, and Ideology in American Culture**, *Sex Outside the Lines* Chris Donaghue, 2015-07-14 It s socially acceptable to spend a day watching sports or sitcoms but it s shameful and embarrassing to admit to the same about erotic media Why is it that sex is so often deemed inappropriate and considered something we must keep private or even ignore Our culture is afraid of sex We feel the need to label what is normal and what isn t and as a result we live in a relational and sexually unhealthy culture In reality far more harm is caused by labeling sexual expression as obscene than by celebrating it In *Sex Outside the Lines* Authentic Sexuality in a Sexually Dysfunctional Culture Chris Donaghue PhD explores and challenges the negative ideals that have warped society s view of sex *Sex Outside the Lines* is not a dogmatic rule book but a valuable guide to help you on your journey to sexual self discovery and most important self acceptance Donaghue encourages you to not only explore your capacity for pleasure but to be proud of it and to take a look at how you could be living In his years of training in sex and couples therapy Donaghue has developed highly successful methods for freeing clients from sexual hang ups enabling them to let go of shame and embarrassment The goal isn t to be normal there is no such thing Donaghue pulls apart cultural phobias with a sex positive therapy practice as well as a kind of

sexual deprogramming that helps people see and accept that the desires they have even if they don't align with society's expectations are actually natural healthy and part of having a great sex life *Sex Outside the Lines* addresses our diversity challenges conventional psychiatric wisdom as classifying perfectly normal behavior as disorders and disregards conventional advice from leading experts It isn't advocating a liberal approach to modern concepts it is seeking to redefine them altogether The SAGE Handbook of Qualitative Research in Psychology Carla Willig, Wendy

Stainton-Rogers, 2012-07-23 The SAGE Handbook of Qualitative Research in Psychology provides comprehensive coverage of the qualitative methods strategies and research issues in psychology combining how to do it summaries with an examination of historical and theoretical foundations Examples from recent research are used to illustrate how each method has been applied the data analysed and insights gained Chapters provide a state of the art review take stock of what's been achieved so far and map trajectories for future developments As such the book will constitute a valuable resource for both experienced qualitative researchers and novices for many years to come The Handbook is divided into three main sections Part 1 Methods contains fourteen chapters on methodological approaches ranging from established ones like Ethnography and Grounded Theory to more recent ones such as Memory Work Part 2 Perspectives Techniques includes chapters on Ethical Issues in Qualitative Research key alternative standpoints such as Feminism the use of computer technologies and the internet in qualitative research Part 3 Applications reviews qualitative methods applied to 13 sub disciplines ranging from Cognitive to Post colonial Psychology *Deconstructing Developmental Psychology* Erica Burman, 2016-11-22 In this completely revised and updated edition *Deconstructing Developmental Psychology* interrogates the assumptions and practices surrounding the psychology of child development providing a critical evaluation of the role and contribution of developmental psychology within social practice Since the second edition was published there have been many major changes This book addresses how shifts in advanced capitalism have produced new understandings of children and a new and more punitive range of institutional responses to children It engages with the paradoxes of childhood in an era when young adults are increasingly economically dependent on their families and in a political context of heightened insecurity The new edition includes an updated review of developments in psychological theory in attachment evolutionary psychology theory of mind cultural historical approaches as well as updating and reflecting upon the changed focus on fathers and fathering It offers new perspectives on the connections between Piaget and Vygotsky and now connects much more closely with discussions from the sociology of childhood and critical educational research Coverage has been expanded to include more material on child rights debates and a new chapter addresses practice dilemmas around child protection which engages even more with the raced and gendered effects of current policies involving children This engaging and accessible text provides key resources to inform better professional practice in social work education and health contexts It offers critical insights into the politics and procedures that have shaped developmental psychological knowledge It will be essential reading for anyone working with

children or concerned with policies around children and families It was also be of interest to students at undergraduate and postgraduate levels across a range of professional and practitioner groups as well as parents and policy makers

**Perverse Psychology** Jem Tosh, 2014-07-25 Psychology defines people who take pleasure in the suffering of others as having a form of mental illness while media representations frame such behaviour as evil This is hotly contested territory not least where sexual violence is concerned violence which feminist voices argue is related to power rather than sex Perverse Psychology examines psychiatric constructions of sexual violence and transgender people from the 19th century until the latest DSM 5 diagnoses It uses discourse analysis to interrogate the discursive boundaries between normal and abnormal rape as well as the pathologization of gender and sexual diversity The book illuminates for the first time the parallels between psychiatry's construction of gender diversity and sexual violence and leads us to question whether it is violence that the profession finds so intriguing or the gender nonconformity it represents Perverse Psychology is ideal reading for postgraduate students and researchers in the fields of critical psychology discourse analysis feminism transgender people LGBT psychology and the history of psychiatry

**Censoring Sex Research** Thomas K Hubbard, Beert Verstraete, 2016-06-16 This volume sheds light on one of the most explosive episodes of censure of academic scholarship in recent decades Bruce Rind a former psychology professor at Temple University investigated sexual relations between male adults and adolescents through history and across cultures from highly institutionalized relationships in Ancient Greece and Rome to 33 contemporary cultures including the USA and among various species His conclusions that these relations when consensual are not always negative was radical but based in his research findings Even before publication of an invited article on the topic he was subjected to intensive attacks censured and censored This book presents a substantially extended version of Rind's original unpublished article plus 12 scholarly responses to his work that argue for or against Rind's conclusions or offer useful context on his work For anyone interested in sex research and the academic freedom issues surrounding it whether supportive of or vehemently opposed to Rind's ideas this book is a must read

**Sexual Violence in Intimacy** M. Gabriela Torres, Kersti Yllö, 2020-11-26 Integrating interdisciplinary and cross cultural analysis this volume advances our understanding of sexual violence in intimacy through the development of more nuanced and evidence based conceptual frameworks Sexual violence in intimacy is a global pandemic that causes individual physical and emotional harm as well as wider social suffering It is also legal and culturally condoned in much of the world Bringing together international and interdisciplinary research the book explores marital rape as individual suffering that is best understood in cultural and institutional context Gendered narratives and large scale surveys from India Ghana and Africa Diasporas Pacific Islands Denmark New Zealand the United States and beyond illuminate cross cultural differences and commonalities Methodological debates concerning etic and emic approaches and de colonial challenges are addressed Finally a range of policy and intervention approaches including art state rhetoric health care and criminal justice are explored This book provides much needed scholarship to guide policymakers

practitioners and activists as well as for researchers studying gender based violence marriage and kinship and the legal and public health concerns of women globally It will be relevant for upper level students and scholars in anthropology sociology psychology women s studies social work and public and global health
