The Secret American Destiny Nicholas Hagger, 2016-11-15 In this final work of his American trilogy Nicholas Hagger focuses on the unified World State it is America's secret destiny to create and on the world's divided culture that impedes its creation Throughout world culture there are conflicting and entrenched metaphysical and secular approaches that permeate all its main disciplines including history philosophy and science literature and comparative religion In each discipline there is a tussle between the traditional religious view which is supported by the 4.6 billion of the world's 7.3 billion population that follow a religion and the secular and social approach associated with humanism and the scientific reductionism of Hawking and Dawkins which sees the universe as a random accident Hagger argues that it is America's secret destiny to bring in a democratic UN based partly federal World State that can unify humankind The conflict between metaphysical and secular approaches can be healed within a new reconciling philosophy that unites both outlooks Universalism which is already making an impact in the US The key to this reconciliation is focusing on the scientific view of the order in the universe and on the experience of the common essence which resides in all religions the belief in the ordering Light and on the traditional view of order in the seven disciplines of world culture This reconciliation can reunify each discipline and therefore world culture and create world unity Restoring the metaphysical vision of order in world culture can strengthen America's

The Promised Land Nicholas Hagger, 2023-09-27 During a visit to Jordan Nicholas Hagger stood on Mount Nebo where the prophet Moses stood and looked down on the Promised Land of Canaan that Moses saw shortly before he died It seemed as if all the kingdoms of the earth were spread out below him a new Promised Land a coming World State called for by Dante and Kant and more recently by Truman Einstein Churchill

Eisenhower Gandhi Russell J F Kennedy and Gorbachev and Hagger himself in *World State and World Constitution* Combining travelogue and historical reflection Nicholas Hagger draws on previous visits to the Biblical Middle East and traces the development of his Universalism in his formative years and then in his wilderness years when like Moses he spent 40 years in the wilderness setting out Universalism in 60 books and arriving at its ten commandments He reflects on a remarkable life and its pattern and reaches some conclusions on the Providential nature of its direction and on the European civilisation Weaving together his wanderings in Arabia and Egypt his past travels and his writings he presents a coming democratic partly federal World State with sufficient authority to abolish war enforce disarmament combat famine disease and poverty and solve the world s financial environmental and virological problems and in a closing vision a coming Promised Land that like Moses he will not live to see This is a stunning work with a prophetic vision of the future **Peace for our Time** Nicholas Hagger,2018-03-30 In this remarkable memoir Nicholas Hagger reflects on war and peace and on peace for our time Chamberlain s haunting words in 1938 that ushered in the Second World War Peace then turned out to be an illusion shattered by the outbreak of hostilities Will world peace again turn out to be an illusion With a lightness of touch Nicholas Hagger addresses the burning issue of our time whether a new world structure can avert a new world war and unveils a vision of a better safer world for our grandchildren This stimulating work will fascinate and inspire a new generation looking beyond nation state self interest to world unity *Revisioning Transpersonal Theory* Jorge N. Ferrer,2001-10-19 In his striking debut Jorge N Ferrer deconstructs and reconstructs the entire transpersonal project articulating a more sophisticated pluralistic and spiritually grounded transpersonal theory He brings recent ideas in epistemology and the philosophy of science to bear upon core issues in the psychology and philosophy of religion The book s first half Deconstruction describes the nature and origins of the prevailing vision that has guided transpersonal scholarship so far and identifies some of its main conceptual and practical limitations subtle Cartesianism spiritual narcissism intrasubjective empiricism and reductionistic universalism In the second half of the book Reconstruction Ferrer suggests a way of reconceiving transpersonal ideas without these limitations a participatory vision of human spirituality one which not only places transpersonal studies in greater alignment with the values of the spiritual quest but also discloses a rich variety of spiritual liberations spiritual worlds and even ultimate realities *An Introduction to the Unitarian and Universalist Traditions* Andrea Greenwood,Mark W. Harris,2011-08-11 How is a free faith expressed organised and governed How are diverse spiritualities and theologies made compatible What might a religion based in reason and democracy offer today s world This book will help the reader to understand the contemporary liberal religion of Unitarian Universalism in a historical and global context Andrea Greenwood and Mark W Harris challenge the view that the Unitarianism of New England is indigenous and the point from which the religion spread Relationships between Polish radicals and the English Dissenters existed and the English radicals profoundly influenced the Unitarianism of the nascent United States Greenwood and Harris

also explore the US identity as Unitarian Universalist since a 1961 merger and its current relationship to international congregations particularly in the context of twentieth century expansion into Asia

The Algorithm of Creation Nicholas Hagger, 2023-10-27 2023 SMN Book Prize Winner Significant Contribution to its Field The Algorithm of Creation is the last of Nicholas Hagger's quartet on the unity of the universe and humankind and follows The Universe and the Light 1993 The One and the Many 1999 and The New Philosophy of Universalism 2009 It offers an algebraic formula written out for him by Junzaburo Nishiwaki Japan's T S Eliot in Tokyo in October 1965 that sums up the wisdom of the East A A 0 Based on ancient Chinese thinking yin dark yang light the Tao it shows all opposites reconciled in the underlying unity of the One Void whose emptiness is also a fullness During a dinner at a conference of leading scientists at Jesus College Cambridge in September 1992 watched by Nobel physics prizewinner Roger Penrose Hagger reversed the formula to 0 A A when he wrote down the maths for his view of the origin and creation of the universe and showed the first two particles emerging from the Void's singularity influenced by the 1992 discovery of ripples in the cosmic microwave background radiation and the Presocratic Anaximander of Miletus In this work Hagger shows how this algebraic formula has worked as a universal algorithm 0 A A 0 Its many variations have acted as rules that have controlled the creation and development of the expanding universe its evolution and the rise of human history religion and science and its ultimate fate The formula is behind many of Hagger's works and his application of this algorithm to all human knowledge of the universe and all disciplines takes him to a first ever Theory of Everything which is set out at the end the algorithm of Creation containing 100 mathematical symbols reflecting all the variations that can be summed up in the above algorithm This startling achievement has been made possible by his Universalist cross disciplinary approach which focuses on the fundamental oneness of the universe and humankind and the unitive vision

Collected Prefaces Nicholas Hagger, 2022-04-29 Nicholas Hagger's 55 books include innovatory works on literature history philosophy and international politics In his first published literary work he revived the Preface which had fallen into disuse after Wordsworth and Shelley He went on to write Prefaces sometimes called Prologues Introductions or Introductory Notes for all his subsequent books Collected Prefaces a collection of 55 Prefaces excluding the Preface to this book sets out his thinking and the reader can follow the development of his philosophy of Universalism of which he is the main exponent his literary approach particularly his combination of Romanticism and Classicism which he calls neo Baroque and his metaphysical thinking His Prefaces can be read as essays and as in T S Eliot's Selected Essays there is an interaction between adjacent Prefaces that brings an entirely new perspective to Hagger's works These Prefaces cover an enormous range Nicholas Hagger is a Renaissance man at home in many disciplines His Universalism focuses on humankind's relationship to the whole universe as reflected in seven key disciplines seen as wholes the whole of literature history philosophy and the sciences mysticism religion international politics and statecraft and world culture Behind all the Prefaces is Hagger's fundamental perception of the unity of the universe as the One and of humankind's position in it These Prefaces

complement his *Selected Letters* a companion volume also published by O Books and contain startling insights that illumine and send readers to the works the Prefaces introduce **Will All be Saved?** Laurence Malcolm Blanchard, 2015-04-01 This book provides a survey and critical assessment of the doctrine of universal salvation in contemporary western theology within the context of the historic development of the doctrine [The Devil's Redemption : 2 Volumes](#) Michael J. McClymond, 2018-06-05 2018 Book Award Winner The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good or does some evil remain stubbornly opposed to God and God's goodness Will even the devil be redeemed Addressing a theological issue of perennial interest this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty first century and offers an interpretation of how and why universalist belief arose The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical philosophical and theological standpoint He shows that the effort to extend grace to everyone undermines the principle of grace for anyone **Mission and Dialogue** Leonardo N. Mercado, James J. Knight, 1989 *The Universalist Leader*, 1921 **Fundamentalism and Secularization** Mourad Wahba, 2022-01-13 In *Fundamentalism and Secularization* Egyptian philosopher Mourad Wahba traces the historical origins of fundamentalism and secularization as ideas and practices in order to theorize their symbiotic relationship and how it is impacted by global capitalism and more recently postmodernism This gives voice to an argument from within the Islamic world that is very different to that given platform in the mainstream showing that fundamentalism does not arise normally and naturally from Islam but is a complex phenomenon linked to modernization and the development of capitalism in dependent countries that is tied to imperialism Wahba's central argument concerns the organic relationship between fundamentalism and parasitic capitalism Wahba is equally critical of religious fundamentalism and global capitalism which for him are obstructions to secularization and democracy While the three Abrahamic religions are examined when it comes to fundamentalism Wahba deconstructs Islamic fundamentalism in particular and in the process reconstructs an Islamic humanism Including a new preface by the author and translator *Fundamentalism and Secularism* provides invaluable insights into how Middle Eastern philosophies open up new lines of thought in thinking through contemporary crises **Approaching God** John C. Merkle, 2009 Abraham Joshua Heschel 1907-72 is widely regarded as one of the most creative religious thinkers of the twentieth century and John Merkle is well known as a leading guide to Heschel's thought In accessible and engaging language Merkle's *Approaching God The Way of Abraham Joshua Heschel* introduces readers to Heschel's life and works in the service of God and to the very heart of his theological perspective This book clearly explains Heschel's reasons for affirming the reality and revelation of God what he recommends as ways of responding to God and why he thinks it is important to accept religious diversity as the will of God Deeply rooted in tradition Heschel's message was in its day both timely and ahead of its time This book shows just how relevant his message is for those seeking God and an enlightened

perspective on God in the twenty first century John C Merkle is professor of theology at the College of Saint Benedict and Saint John s University in Minnesota His books include *The Genesis of Faith The Depth Theology of Abraham Joshua Heschel* Macmillan 1985 and *Faith Transformed Christian Encounters with Jews and Judaism* Liturgical Press 2003

The Oxford Companion to Christian Thought Adrian Hastings, Alistair Mason, Hugh S. The Re-Enchantment of the West Christopher Partridge, 2005-03-04 As a book about emergent spirituality in the contemporary West it focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West Chris Partridge argues that Western Society is permeated by a broad occulture by which he means a reservoir of ideas beliefs theories and practices to which new religions unorthodox spiritualities film and popular music all draw attention This re enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity In many ways it is a religious

phenomenon in its own right Partridge's arguments in this regard are well put and I warmly welcome this timely book
Mikhael Rothstein University of Copenhagen Denmark **The Writers Directory**, 2013 Authentic Christianity and the Dangers of Christian Nationalism Daniel Payne, 2024-07-13 The book explores the concept that true Christianity and Christian Nationalist movements are fundamentally at odds with each other It delves into the idea that the values and principles of authentic Christianity such as love compassion and inclusivity are in direct conflict with the exclusionary and divisive nature of Christian Nationalism The author examines how the rise of Christian Nationalism has distorted the teachings of Jesus and has been used to justify discrimination prejudice and violence The book also discusses the impact of Christian Nationalism on politics society and the religious landscape and offers insights into how individuals and communities can work towards promoting a more genuine expression of Christian faith It explores how the values and teachings of Christianity such as love compassion and inclusion are at odds with the exclusionary and divisive nature of Christian Nationalism The essays in this collection analyze the ways in which Christian Nationalism distorts the message of Christianity and promotes harmful ideologies that go against the core principles of the faith Through thoughtful analysis and compelling arguments the book aims to challenge and debunk the notion that Christian Nationalism is a natural extension of authentic Christianity The Unitarian & universalist missionary.
