

Units of Measurement

Units of measurement are used to measure different quantities.

The main metric units of measurement are here:

Quantity	← Larger unit		Base unit	Smaller unit →	
Length		kilometre	metre	centimetre	millimetre
Mass	tonne	kilogram	gram		
Capacity			litre	centilitre	millilitre

We also need to know how to convert between different units of measurement.

We also need to know about **imperial units** of measurement and units of measurement for area and volume.

Land, Alex C. Michalos, M. Joseph Sirgy, 2011-11-25. The aim of the *Handbook of Social Indicators and Quality of Life Research* is to create an overview of the field of Quality of Life (QOL) studies in the early years of the 21st century that can be updated and improved upon as the field evolves and the century unfolds. Social indicators are statistical time series used to monitor the social system, helping to identify changes and to guide intervention to alter the course of social change. Examples include unemployment rates, crime rates, estimates of life expectancy, health status indices, school enrollment rates, average achievement scores, election voting rates, and measures of subjective well-being such as satisfaction with life as a whole and with specific domains or aspects of life. This book provides a review of the historical development of the field, including the history of QOL in medicine and mental health, as well as the research related to quality of work life (QWL) programs. It discusses several of QOL's main concepts: happiness, positive psychology, and subjective well-being. Relations between spirituality and religiousness and QOL are examined, as are the effects of educational attainment on QOL and marketing and the associations with economic growth. The book goes on to investigate methodological approaches and issues that should be considered in measuring and analysing quality of life from a quantitative perspective. The final chapters are dedicated to research on elements of QOL in a broad range of countries and populations. **Harrap's French and English College Dictionary** Georges Pilard, Anna Stevenson, 2006-03-23.
