Quality Education for Latinos and Latinas Rita Portales,Marco Portales,2010-01-01 As educators and legislators across the country debate how to improve public schools the most vital factor often disappears from the equation the relationship between the teacher and the student According to veteran educators Rita and Marco Portales this relationship is the central issue in the education of students especially Latino a students who often face serious barriers to school success because of the legacy of racism insufficient English language skills and cultural differences with the educational establishment To break down these barriers and help Latino a students acquire a quality education the Portaleses focus attention on the teacher student relationship and offer a proven method that teachers can use to strengthen the print and oral skills of their students They begin by analyzing the reasons why schools too often fail to educate Latino a students using eloquent comments from young Latinos as and their parents to confirm how important the teacher student relationship is to the student s success Then they show how all educational stakeholders teachers administrators state education agencies legislators and parents can work together to facilitate the teacher student relationship and improve student education By demonstrating how teachers can improve students reading critical thinking writing and oral communication skills across the curriculum they argue that learning can be made more relevant for students keeping their interest levels high while preparing them for academically competitive colleges

The Quality Education Challenge Carolyn J. Downey,Larry E. Frase,Jeffrey J. Peters,1994-04-29 Attempts to implement W Edwards Deming s Total Quality Management TQM principles in education and transform school systems into world class quality learning environments have proved somewhat disappointing This book asserts that educators

need a way to translate the ideas about corporate quality for adaptation and use in schools The missing link is offered in the description and discussion of Total Quality Education TQE presented in this document The book first clarifies what quality is and who the customers and suppliers in education are It then presents a Quality Fit Framework which describes how quality can be infused into school systems This framework is built on three basic leverage points shared purpose structure and dynamic relationships that form the basis for applying 18 common core premises of quality to school organizations Chapter 1 addresses the issue of the international educational challenge and serves as a primer for defining quality and various quality premises Chapters 2 4 define each of the three leverage points and present strategies for carrying them out in the school system Chapter 5 presents suggestions for making significant differences in the lives of today's youth Sixty two figures are included Finally chapter 6 examines the criticisms of TQM in education LMI Funding First: Investing in Quality Education for All Pasquale De Marco, 2025-05-17 In Funding First Investing in Quality Education for All education expert Pasquale De Marco delivers a comprehensive and solutions oriented look at the challenges facing American education today From inequitable funding to inadequate resources outdated curriculum to ineffective teaching Pasquale De Marco pulls no punches in identifying the problems that are holding our schools back But this book is not just a laundry list of problems it's a call to action for everyone who cares about the future of American education Pasquale De Marco argues that we need to invest in our schools and ensure that every child has the opportunity to succeed This means providing all students with access to high quality early childhood education expanding school choice using technology to personalize learning and holding schools accountable for the results they achieve Pasquale De Marco also highlights the importance of community involvement in education He argues that parents businesses and community organizations all have a role to play in ensuring that our schools are successful Funding First is an essential read for anyone who cares about the future of American education It is a clarion call for action a roadmap for reform and a source of hope for a brighter future for our children In this book you'll discover The challenges facing American education today The solutions to these challenges The importance of early childhood education The need for school choice The role of technology in education The importance of accountability How parents businesses and community organizations can get involved in education Funding First is a must read for anyone who wants to understand the challenges facing American education and the solutions that are needed to create a world class education system for all of our children If you like this book write a review on google books **Quality Education** Rao, 2007

Policy Options for Quality Education National Association of State Boards of Education. Task Force on Education Quality, 1984 **Quality and Equity in Education** Michael Byram, Mike Fleming, Joseph Sheils, 2023-02-15 The work of the Council of Europe in plurilingual and intercultural education is highly influential in Europe and beyond and has been so for many years The Common European Framework of Reference and its Companion Volume and related instruments provide ways in which to implement policies and a broader vision of providing quality and equity in education across the curriculum a

vision which incorporates the core values of the Council of Europe and which educates children and young people to be plurilingual intercultural and democratic citizens This book presents this educational vision demonstrates how it can be realised through the application of Council of Europe instruments in practice and does so in a way which is easily and quickly accessible to teachers of all subjects and in all educational institutions as well as to other educationists including policymakers

Education Quality and Social Justice in the Global South Leon Tikly, Angeline M. Barrett, 2013-06-07 How we understand education quality is inextricably linked with perspectives on social justice Questions of inclusion relevance and democracy in education are increasingly contested most especially in the global South and improving the quality of education particularly for the most disadvantaged has become a topic of fundamental concern for education policy makers practitioners and the international development community The reality experienced by many learners continues to be of inadequately prepared and poorly motivated teachers struggling to deliver a rapidly changing curriculum without sufficient support and often using outmoded teaching methods in over crowded or dilapidated classrooms Education Quality and Social Justice in the South includes contributions from leading scholars in the field of education and development The text draws upon state of the art evidence from the five year EdQual research programme which focuses upon raising achievement in low income countries and demonstrates how systems of high quality universal education can be sustained By exploring recent research initiatives to improve education quality the importance of supporting local policy makers educators and parents as agents of change and students as active inquirers is highlighted and the challenge of taking successful initiatives to scale is explained The book is divided into three main parts Framing Education Quality Planning and Policies for Quality Implementing Quality in Schools Education Quality and Social Justice in the South argues that implementing a high quality of education using theories of social justice can inform the understanding of inclusion relevance and democracy in education The book should be essential reading for both students and researchers within the fields of international and comparative education along with educational policy poverty and development studies

Total Quality Education Fenwick W. English, John C. Hill, 1994-03-17 Can schools be changed to eliminate some of the worst things about them In this book the authors examine how competition is at the heart of nearly all facets of school life and the socioeconomic system that supports it The authors conclude there is no way to recreate a school to ensure that every student wins and that there are no losers except by abandoning the current system and starting again To design a school where all children are winners requires a complete transformation of the school into a learning place that recenters learning at the heart of the process The authors skilfully adapt the proven business principles of W Edwards Deming and apply them to education Using their combined forty years of practitioner experience English and Hill detail how the educational changes which embody Total Quality Education are

possible and what learning places are like in the way of principles characteristics organization schedule staff instruction and supervision They also present a learning model discuss curriculum planning and evaluation in the learning place and provide a planning and troubleshooting guide

Quality Assessment and Enhancement in Higher Education in Africa Peter Neema-Abooki, 2022-12-16 This book explores quality assessment and enhancement in higher education in Africa to illustrate the need to develop quality practices in measuring effective education and continually search for permanent improvement The book demonstrates that technological and socio economic trends innovations and inventions of the twenty first century demand that additional attention be placed upon education for national regional and international development Since conventions for quality assessment and enhancement need to be defined and systematic structures constructed to develop quality practices the book shows how quality in higher education within Africa has been established and advanced to provide a framework for monitoring auditing and reviewing assessment and enhancement Though the book considers African complexities and diversity it incorporates global trends and utilises an international focus that enables readers to devise appropriate strategies for developing and enhancing quality and standards in higher education in both continental Africa and beyond Illustrating why quality assessment and enhancement should be embraced in all aspects including inputs processes outputs and outcomes in educational settings globally this book will be of interest to policymakers and scholars in the fields of Higher Education Quality and Global Studies African Education African Studies and Management and Administration Leadership and Professional Development Studies

A Good Education Margaret White, 2018-01-29 This book provides an answer to one of the key questions of our time namely what constitutes a good education Presenting a four dimensional model it directly considers the essential elements a good education should include Through forging this framework and outlaying its origins implications and practice the book explains how a good contemporary education can be defined and implemented From the premise that such educational essentials are neither the preserve of the elite nor a minimum standard White s exploration keeps the child at the heart of the discussion focusing on every pupil s worth identity interactions and development The author offers a detailed and rigorous perspective reflecting on extensive professional experience starting with a consideration of the current educational climate and progressing through the book s three parts looking for a good education creating a model of good education applications implications and implementation of the model A Good Education recognises the transformative power of education and reflects on the importance of human factors teachers provision for their pupils and students ability to flourish This book is addressed to those actively engaged in or concerned about educational provision graduates entering teaching school leaders policy makers and parents It also speaks more broadly to all those who know that a good education really matters

Good Education in an Age of Measurement Gert J. J. Biesta, 2015-11-17 The widespread use of the measurement of educational outcomes in order to compare the performance of education within and across countries seems to express a real concern for the quality of education This book argues that the

focus on the measurement of educational outcomes has actually displaced questions about educational purpose Biesta explores why the question as to what constitutes good education has become so much more difficult to ask and shows why this has been detrimental for the quality of education and for the level of democratic control over education He provides concrete suggestions for engaging with the question of purpose in education in a new more precise and more encompassing way with explicit attention to the ethical political and democratic dimensions of education *Understanding Educational Leadership* Steven J. Right Theresa Perry, Robert P. Moses, Ernesto Cortes, Jr., Lisa Delpit, Joan T. Wynne, 2010-06-29 In 2005 famed civil rights leader and education activist Robert Moses invited one hundred prominent African American and Latino intellectuals and activists to meet to discuss a proposal for a campaign to guarantee a quality education for all children as a constitutional right a movement that would transform current approaches to educational inequity all of which have failed miserably to yield results for our children The response was passionate and the meeting launched a movement This book emerging directly from that effort reports on what has happened since and calls for a new scale of organizing legal initiatives and public definitions of what a quality education is Essays include Robert Moses s historically rooted call for citizens especially young people to make the demand for quality education Ernesto Cortes s view from decades of work organizing Latino communities in Texas Charles Payne s interview with students from the Baltimore Algebra Project who organized to make historic

demands on their district Legal scholar Imani Perry's nuanced analysis of the prospects of making a case for quality education as a right guaranteed by the Constitution Perspectives from scholars Lisa Delpit and Joan T Wynne and by teachers Alicia Carroll and Kim Parker who provide examples of what quality education is describing its goal and how to guide practice in the meantime
