Quantum Leap Shock Theater:

Heroes and Hierophants Marcus D'Ambrose, 2010-07-22 Heroes And Hierophants is the culmination of a year of innovative writing from three of today's hottest underground authors. The plan was simple: each week one of them would propose a topic and they would each have a week to write about it. Then the next week another would give a topic and so forth for the whole of the year. From this simple high concept beginning, Marcus D'Ambrose, Douglas Palermo, and Noel Rogers took the project into directions entirely unprecedented. From serious god knowledge to rape jokes, the fearless trio push the envelope, lift the skirt of reality, and explore the boundaries of the written word. What is already described as a bold and visionary experiment in 21st century literature, *The Milville Times* and perhaps the first look at a new integral method for the evolution of the species into cosmic awareness. *The Dobbs Ferry Clarion* is finally ready for download into your consciousness. Are you ready for it? **Leaping to Infinity. Unofficial and Unauthorized Articles and Essays on**

Quantum Leap Mila Hasan, 2013-05-31 For all fans and lovers of Quantum Leap, this book is for you as it covers themes in the show which many of you may not have thought about. It's been 20 years since the show ended, and we need to keep the memories alive. **The Video Source Book** David J. WEINER, 1990 *Science Fiction, Horror & Fantasy Film and Television Credits: Actor and actress credits. Director, producer, screenwriter, cinematographer, special effects technician, make-up artist, art director, and other credits* Harris M. [#Sci-Fi-FAVS](#) Zak Standridge, 2019-11-23 Some of us visit science fiction. Zak Standridge kinda lives there. From the obscure 1960s' *The Prisoner* to the mainstream 1960s' *Star Trek* to the in-between 1970s' *Doctor Who* to the overlooked 1990s' *Quantum Leap* to the 2000s' *Firefly*, *Serenity* to the modern *American Gods* in 2020, Mr. Standridge has spent decades distilling here for you his cherry-picked FAVS of SCI FI. [Science Fiction, Horror & Fantasy Film and Television Credits](#) Harris M. Lentz, 1994 Updates and adds to Mr. Lentz's *Science Fiction Horror Fantasy Film and Television Credits* and his Supplement 1 for all works through **Robots in Popular Culture** Richard A. Hall, 2021-07-12 *Robots in Popular Culture: Androids and Cyborgs in the American Imagination* seeks to provide one go-to reference for the study of the most popular and iconic robots in American popular culture. In the last 10 years, technology and artificial intelligence (AI) have become not only a daily but a minute-by-minute part of American life, more integrated into our lives than anyone would have believed even a generation before. Americans have long known the adorable and helpful R2-D2 and the terrible possibilities of Skynet and its army of Terminators. Throughout, we have seen machines as valuable allies and horrifying enemies. Today, Americans cling to their mobile phones with the same affection that Luke Skywalker felt for the squat R2-D2. Meanwhile, our phones, personal computers, and cars have attained the ability to know and learn everything about us. This volume opens with essays about robots in popular culture, followed by 100 A-Z entries on the most famous AIs in film, comics, and more. Sidebars

highlight ancillary points of interest such as authors creators and tropes that illuminate the motives of various robots The volume closes with a glossary of key terms and a bibliography providing students with resources to continue their study of what robots tell us about ourselves

11:59 and Counting: Horror Hosting in the 21st Century Paul Counelis, 2014-06-09 In 11 59 AND COUNTING Paul Counelis Rue Morgue talks to a host of horror hosts delving into what makes them tick insights into what it's like to do what they do and how they stay relevant in today's media overloaded world A fun and engrossing look at a rich intriguing and spooky tradition and a must read for fans of horror movies and the men and women who introduce them

Rivals and Conspirators Fae Brauer, 2014-07-08 Once the State run Salon in Paris closed an array of independent Salons mushroomed starting with the French Artists Salon and Women's Salon in 1881 followed by the Independent Artists Salon National Salon of Fine Arts and Autumn Salon Offering an

unparalleled choice of art identities and alliances together with undreamed of opportunities for sales commissions prizes and art criticism these great Salons guaranteed the centripetal and centrifugal power of Paris as the modern art centre Lured by the prospect of being exhibited annually in Salons the size of Biennales today a huge number and national diversity of artists from the Australian Rupert Bunny to the Spaniards Pablo Picasso and Juan Gris flocked to Paris Yet by no means were these Salons equal in power nor did they work consensually to forge this modern art centre Formed on the basis of their different cultural politics constantly they rivalled one another for State acquisitions and commissions exhibition places and spaces awards and every other means of enhancing their legitimacy By no means were the avant garde salons those that most succeeded Instead as this cultural political history demonstrates the French Artists and National Fine Art Salons were the most successful with the genderist French Artists Salon being the most powerful and official Despite the renown today of Neo Impressionism Art Nouveau Fauvism Cubism and Orphism the most powerful artists in this modern art centre were not Sonia Delaunay mile Gall Paul Signac Henri Matisse or even Picasso but such Academicians as Leon Bonnat William Bouguereau Fernand Cormon Edouard Detaille Gabriel Ferrier Jean Paul Laurens Luc Oliver Merson and Aim Morot who exhibited at the official Salon supported by the machinery of the State In its exposure of the rivalry conflict and struggle between the Salons and their artists this is an unprecedented history of dissension It also exposes how just below the welcoming internationalist veneer of this modern art centre intense persecutionist paranoia lay festering Whenever France's civilizing mission seemed culturally commercially or colonially threatened it erupted in waves of nationalist xenophobia turning artistic rivalry into bitter enmity In exposing how rivals became transmuted into conspirators ultimately this book reveals a paradox resonant in histories that celebrate the international triumph of French modern art that this magnetic centre which began by welcoming international modernists ended by attacking them for undermining its cultural supremacy contaminating its civilizing mission and politically persecuting the very modernist culture for which it has received historical renown

Media Madness Otto F. Wahl, 1995 From *Psycho Silence of the Lambs* *Kojak* and *Melrose Place* from books music cartoons advertising and newspapers we all derive our images of mental illness These omnipresent media portrayals are at the least insensitive inaccurate and unfavorable and at the worst stigmatizing and pernicious In this important book Dr Otto Wahl examines the prevalence nature and impact of such depictions using numerous examples from film television and print media He documents the remarkable frequency of these images and demonstrates how the media has stereotyped the mentally ill through exaggeration misunderstanding ridicule and disrespect *Media Madness* also shows the damaging consequences of such stereotypes stigma rejection loss of self esteem reluctance to seek accept or reveal psychiatric treatment discrimination and restriction of opportunity The forces that shape current images of mental illness are clarified as are the efforts of organizations and individuals to combat such exploitation
