Liquid Light of Sex

Barbara Hand Clow, 2001-09-01 A nationally known astrologer explores the connection between spiritual emergencies at age 30 40 and 50 and key astrological passages of Saturn Uranus and Chiron Provides techniques for directing the kundalini energy released during planetary passages for optimal personal and psychic development Includes charts for birth years starting in 1930 so that readers can determine the timing of their planetary passages By Barbara Hand Clow author of the bestselling Pleiadian Agenda 60 000 copies sold Kundalini the energy of eros that lies at the base of the spine can be overwhelming once activated Times of activation coincide with the key astrological passages of Saturn Uranus and Chiron in one's birth chart and are often experienced as periods of spiritual emergency confusion and imbalance In Liquid Light of Sex Barbara Hand Clow opens up new dimensions for understanding what occurs during these key life passages which most of us experience three times in our lives In the author's words we form at age 30 we transform at age 40 and we transmute at age 50 Focusing on the transformation at age 40 the time of imbalance and spiritual confusion often referred to as the midlife crisis she explores how kundalini energy the liquid light of sex can be creatively channeled by unblocking the chakras Offering effective methods for achieving physical emotional and spiritual growth during this important life passage Liquid Light of Sex presents a roadmap for using celestial cycles to navigate positively and productively in times of great life change

Relational Being Kenneth J. Gergen, 2009-07-30 This book builds on two current developments in psychology scholarship and practice The first centers on broad discontent with the individualist tradition in which the rational agent or autonomous

self is considered the fundamental atom of social life Critique of individualism spring not only from psychologists working in the academy but also from communities of therapy and counseling The second and related development from which this work builds is the search for alternatives to individualist understanding Thus therapists such as Steve Mitchell along with feminists at the Stone Center expand the psychoanalytic tradition to include a relational orientation to therapy The present volume will give voice to the critique of individualism but its major thrust is to develop and illustrate a far more radical and potentially exciting landscape of relational thought and practice that now exists Most existing attempts to build a relational foundation remain committed to a residual form of individualist psychology The present work carves out a space of understanding in which relational process stands prior to the very concept of the individual More broadly the book attempts to develop a thoroughgoing relational account of human activity In doing so Gergen reconstitutes the mind as a manifestation of relationships and bears out these ideas in a range of everyday professional practices including family therapy collaborative classrooms and organizational psychology
