Man Named East And Other New Poems:

A Dictionary of Writers and their Works Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer s nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication *British Poetry from the 1950s to the 1990s* Gary Day, Brian Docherty, 1997-07-13 This collection looks at the developments in British poetry from the Movement until the present The introduction not only provides a context for these changes but also argues that poetry criticism has been debilitated by the quest for political respectability a trend which can only be reversed by reconsidering the idea of tradition The essays themselves focus on general themes or individual authors Written in a clear and informed manner they provoke the reader into a fresh awareness of the nature of poetry and its relation to society *Scientist of the Strange* Paul Bently, 2002-06 The present study uncovers the psychological stakes and dramas involved in Redgrove s practice and in turn relates these stakes and dramas to the marked element of cultural critique to be found in Redgrove s nonfiction but which is virtually absent from the poems **BOOK JACKET** **Narrative and Voice in Postwar Poetry** Neil Roberts, 2014-05-12 Poetry in English since the Second World War has produced a number of highly original narrative works as diverse as Derek Walcott s *Omeros* Ted Hughes *Gaudete* and Anne Stevenson s *Correspondences* At the same time poetry in general has been permeated by narrative features particularly those linguistic characteristics that Mikhail Bakhtin considered peculiar to the novel and which he termed dialogic This book examines the narrative and dialogic elements in the work of a range of poets from Britain America Ireland Australia and the Caribbean including poetry from the immediate postwar years to the contemporary and novel like narratives to personal lyrics Its unifying theme is the way in which these poets with such contrasting styles and from such varied backgrounds respond to and creatively adapt the language worlds and hence the social worlds in which they live The volume includes a detailed bibliography to assist students in further study and will be a valuable resource to undergraduate and postgraduate students of contemporary poetry *The Desperado Age* , [Sex-magic-poetry-Cornwall](#) Peter Redgrove, 1995 A marvellous collection of poems by one of Britain s best but underrated poets Peter Redgrove 1932 2003 This book brings together some of Redgrove s wildest and most passionate works creating a flood of poetry Philip Hobsbaum called Redgrove the great poet of our time while Angela Carter said Redgrove s language can light up a page Redgrove ranks alongside Ted Hughes and Sylvia Plath He is in every way a major poet Robinson s essay analyzes all of Redgrove s poetic work including his use of sex magic natural science menstruation psychology myth alchemy and feminism
