Management and Business Studies : an Introduction C. J. Jones, Leeds, Christopher Anthony, R. S. Stainton, 1986

Management and Business Studies Christopher Anthony Leeds, R. S. Stainton, C. J. Jones, 1983

Betriebswirtschaft verstehen. Business Studies Roman Capaul, Daniel Steingruber, 2014-05 Business Studies Roy Wilkinson, 1994 This text for A level Business Studies provides an introduction to the fundamentals of management and business The thematic approach covers the management of people products and finance Among the themes covered are organisational behaviour operations research and information technology An Introduction to Management Studies Thomas Bieger, Samuel Heer, Simon Kuster, Harald Tuckermann, 2021-09-06 Following the tradition of the St Gallen management models this textbook explores management as a function and as an activity It covers the key concepts of management decision theory strategy leadership organization and governance It focuses on the central fields of tension in management and includes various illustrative models **AS Business Studies QuestionBank 2005** , **The Oxford Handbook of Management Ideas** Andrew Sturdy, Stefan Heusinkveld, Trish Reay, David Strang, 2019-03-28 Management ideas and their associated applications have become a prevalent feature of our working lives While their focus is familiar such as efficiency motivation and improvement they range from specific notions such as activity based costing to broad movements like corporate social responsibility This Handbook brings together some of the latest research from leading international scholars on how management ideas are produced promoted and adapted and their effects on business and working practices and society at large Rather than focusing on specific management ideas this volume explores their key socio political contexts and channels of dissemination and is organized around four core overlapping themes The first section sets out the research field in general in terms of both an overall system and of different perspectives and research methods The second section explores the role of different actors and channels of diffusion including the consumers and producers of management ideas and new media as well as traditional players in the management ideas field such as consultancies and business schools The third section focuses on specific features or dynamics of the management ideas system such as their adoption evolution institutionalisation and resurgence while in the final section critical and new perspectives on management ideas are examined highlighting specific socio political contexts and the possibility of alternative ideas and forms of critique With a broad range of perspectives represented this Handbook provides a comprehensive authoritative and enduring resource for those studying management innovation and organizational change as well as for those working in the management ideas industry *An Introduction to Human Resource Management* John Stredwick, 2013-07-31 Since its original publication in 2000 this text has been intended for students studying HRM for the first time Its major features are its comprehensive and wide ranging nature which deals with all major aspects of HRM in a down to earth and practical way alongside the necessary theoretical underpinning The key strength is its accessibility to students new to the subject area

where it combines a clear explanation with numerous relevant and interesting cases and comments The range and nature of HRM is fully illustrated by a combination of real life and fictional case studies which heighten awareness of key issues involved in HRM today This new edition will continue to be appropriate for undergraduate courses especially first and second year students studying an HRM degree but also for post graduate courses where many students are new to the field of HRM It continues to be divided into 12 chapters to provide one topic a week on a modular course but it may be extended into two semesters It has been revised to place a greater emphasis on the role of human resources in improving organisational and employee performance These revisions include the greater use of technology in resourcing and development areas the change of emphasis from recruitment selection to talent management and the use of social networking developments as an aid to HR management Recent legal developments will also be covered including those relating to age discrimination and the regulation of agency workers It will be supported by a supplement for tutors and additional web based cases and other materials for tutors and students
