Emphasizing the Interpersonal in Psychotherapy Claude Villeneuve, 2013-05-13 With today's recent mental health care reforms many psychotherapists are being forced to reexamine the relevance of their practices Economic pressures managed care and the discrepancy between what a therapist hopes to accomplish and what the relative limitations of his or her treatments are makes the future of psychotherapy uncertain This provocative new book examines the failings of current individual psychotherapies and offers a model based on larger interpersonal schemes This resource will be

invaluable not only to therapists who are faced with the need to modify their practices but also to any mental health practitioner who hopes to develop a more effective form of psychotherapy

Psychotherapy of the Combat Veteran Harvey J. Schwartz, 2012-12-06 AN OVERVIEW OF THE PSYCHOANALYTIC APPROACH TO THE WAR NEUROSES The survivors of traumatic events have long been known to suffer psychological sequelae Of all possible stressors combat is one of the most devastating Wartime exposes its victim to a myriad of stimuli that are far beyond those of civilized life The impact that remains can affect generations to come In recent years there has been a paucity of research on the long term effects of battle Particularly after the recent war there was initially an inclination to minimize the psychological impact of combat It was only after concerted effort by a few dedicated clinicians that formal recognition was granted to the current version of the war neuroses In the parlance of the day it was called the Post traumatic Stress Disorder Figley 1978 This phenomenologic diagnosis has been instrumental in bringing the necessary attention to this condition Its applicability has been tested across a wide range of stressors from man made to natural Few workers in the field now doubt the power of traumatic events to leave a profound impression on the victim Contrary to previous thought it has now been found that this imprint often becomes a chronic scar Copyright 1984 by Spectrum Publications Inc Psychotherapy of the Combat Veteran edited by H Schwartz
