Whitaker's Four-year Cumulative Book List, 1944-1947, 1949

The Power of Love and Democracy in the

Philosophies of Martin Luther King, Jr. and Cornel West Timothy L. Lake, 2025-09-18 This book locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and Cornel West While much has been written about King's moral vision social activism and theology there has been no book length treatment of the implications of his thinking to democratic theory Additionally Cornel West is the leading African American public intellectual of our time but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects This project synthesizes West's vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois King Maulana Karenga the creator of Kwanza and others Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted as well as the Western mainstream political philosophical traditions in which they were educated this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy It also reflects on the nature and values of democracy exploring how love is inseparable from justice in a democratic society

Christianity and Politics in Tribal India G. Kanato Chophy, 2021-11-01

Through an ethnohistorical study of the Nagas a congeries of tribes inhabiting the Indo Myanmar frontier this book explores an unusually interesting region of India that is all too often seen as peripheral G Kanato Chophy provides a distinct vantage point for understanding the Nagas in relation to colonialism missionary encounters identity politics and cultural change all seamlessly woven around American Baptist mission history in this region The book also analyses India's cacophonous postindependence democracy in order to delineate multifaith issues multiculturalism and ethnicity based political movements Within the West episodic memories of the Great Awakening a significant landmark in the history of Protestantism have faded into archival records But among the Nagas of the Indo Myanmar highlands Baptist Christianity persists as the dominant religion influencing the daily lives of nearly three million people Focusing variously on evangelical faith missionary zeal ethnic identities political struggle and complex culture wars Christianity and Politics in Tribal India is an original and major study of how Protestant missions changed the history and destiny of a tribal community in one of the unlikely regions of South Asia

A Simple Christmas Mike Huckabee, 2009-11-03 The New York Times bestseller by the former governor and presidential candidate an instant classic reissued for 2010 Christmas has become synonymous with shopping overindulging and stress But according to Mike Huckabee that was never God's intention Going back to the Nativity Christmas is supposed to be about simple things faith love family and hope The hard part in today's crazy world is remembering that those simple things are the most precious Huckabee recounts twelve Christmas memories that range from his childhood in Arkansas to his

years as a young husband and father to his time as a governor and then a presidential candidate These true stories will help you smile take a deep breath and maybe slow down your own holiday treadmill For instance as kids Mike and his sister would sneak open their gifts before Christmas play with them then rewrap them so their parents wouldn't notice The plan worked great until one Christmas when young Mike unwrapped a brand new football that was covered in mud That led to a powerful lesson about patience and a reminder that the best Christmases are the simple ones **Publisher and Bookseller** ,1893 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series *Ethical Prophets along the Way* Rufus Burrow Jr.,2019-12-27 The Hebrew prophets of ancient Israel strove to convey God's point of view to the people and the powers at a time when injustice deceit malfeasance and crushing the poor and the oppressed was prominent much like today The prophets spoke courageously and emphatically about God's profound and unrelenting concern and compassion for human beings Much influenced by the theology of prophecy developed by Rabbi Abraham Joshua Heschel this book discusses the nature meaning and relevance of ethical prophecy at a time when democracy in the United States of America and elsewhere is under vicious assault from the religious and secular right and authoritarian politicians who openly flirt with and support murderous dictators sexism homophobia racial bigotry anti-Semitism and hatred of Muslims both in word and practice An examination of the contributions of eight powerful personalities from the period of American slavery through the post civil rights era Angelina Grimke Ida B Wells Abraham J Heschel James Baldwin Malcolm X Martin Luther King Jr Oscar Romero and Alice Walker offers a recipe for addressing this state of affairs **Zero Theology** John Tucker,2019-07-02 In ZeroTheology John Tucker argues that not only can one be a Christian without holding any traditional beliefs but that one can only be a Christian by getting out of religious belief altogether Utilizing the philosophy of Ludwig Wittgenstein John offers a way of escaping the belief disbelief trap that explains why believers and unbelievers cannot understand each other and why neither understands the alternative religious path that the author promotes Tucker addresses many of today's most pressing religious questions and introduces his own Why do evangelicals believe that homosexual fidelity is more harmful to marriage than heterosexual infidelity Why are believers so bothered by science and so impressed by miracles What if Sin and Grace are synonyms What if Jesus is sinless in an ironic way What is the difference between making judgments and passing judgment Why does the literal versus metaphorical debate completely miss the point of religious language Using Catch 22s ZeroTheology offers a new way of looking at Christian religious life that emphasizes the non-reasonable transcendent choice over the perfectly reasonable choice of belief or unbelief *Law and Theology* David W. Opderbeck,2019-11-05 Law and Theology offers the definitive account of the relationship between law and theology in the Christian tradition Drawing on diverse biblical texts and classic authors from the early church to contemporary voices from the modern period David W Opderbeck examines key legal questions and controversial case studies from an interdisciplinary perspective breaking new ground for legal scholars and

theologians alike As a law professor practicing attorney and theologian Opderbeck writes as an insider from both disciplines This unique look brings fresh insight for both fields in a context where questions of theology and law are especially relevant and increasingly urgent Going beyond the culture wars Opderbeck brings these real world cases to life examining the ins and outs of the most important legal questions facing American civic and religious life Scholars and students of law and theology will find this book to be required reading in and outside the legal and theological classrooms The Puritans David D. Hall, 2019-11-12 A panoramic history of Puritanism in England Scotland and New England This book is a sweeping transatlantic history of Puritanism from its emergence out of the religious tumult of Elizabethan England to its founding role in the story of America Shedding critical new light on the diverse forms of Puritan belief and practice in England Scotland and New England David Hall provides a multifaceted account of a cultural movement that judged the Protestant reforms of Elizabeth s reign to be unfinished Hall s vivid and wide ranging narrative describes the movement s deeply ambiguous triumph under Oliver Cromwell its political demise with the Restoration of the English monarchy in 1660 and its perilous migration across the Atlantic to establish a perfect reformation in the New World A breathtaking work of scholarship by an eminent historian The Puritans examines the tribulations and doctrinal dilemmas that led to the fragmentation and eventual decline of Puritanism It presents a compelling portrait of a religious and political movement that was divided virtually from the start In England some wanted to dismantle the Church of England entirely and others were more cautious while Puritans in Scotland were divided between those willing to work with a troublesome king and others insisting on the independence of the state church This monumental book traces how Puritanism was a catalyst for profound cultural changes in the early modern Atlantic world opening the door for other dissenter groups such as the Baptists and the Quakers and leaving its enduring mark on what counted as true religion in America
